More Foul Deeds & Suspicious Deaths in Wakefield Kate Taylor,2003-10-30 A historic account of the Northern England city s crimes including misdeeds that shed light on past ways of life from death by neglect to police killings How the body of a Wakefield murder victim was exhibited for a fee in 1853 the odd story of a Normanton miner attacked by a prosperous Crofton gentleman in 1875 the tragic death of a twenty one year old woman on what should have been her wedding day in 1909 and the case of the Sandal dental lecturer who killed his adopted daughter in 1966 are among the many foul deeds recounted in More Foul Deeds and Suspicious Deaths in Wakefield In a companion volume to Foul Deeds and Suspicious Deaths in Wakefield 2001 Kate Taylor has assembled more than fifty further accounts of horrific deaths in or near Wakefield Some killings reflect the tensions and resentment of domestic life but there are mysteries too like the case of a man found dead in 1860 in a shallow beck with no marks of violence on him In an incident in Horbury involving the death of a baby in 1849 it was the assistant constable pursuing the inquiries who died The book shows something of the cultural context that can promote murder the stigma of illegitimacy in the past and the more recent risks of glue sniffing and the appalling bullying of immigrants Take a journey into the darker and unknown side of your area as you read More Foul Deeds and Suspicious Deaths in Wakefield

African City Textualities Ranka Primorac,2013-09-13 The stereotype of Africa as a predominantly natural space ignores the existence of vibrant and cosmopolitan urban environments

on the continent Far from merely embodying backwardness and lack African cities are sites of complex and diverse cultural productions which participate in modernity and its dynamics of global flows and exchanges This volume merges the concerns of urban literary and cultural studies by focusing on the flows and exchanges of texts and textual elements By analysing how texts such as popular and canonical fiction popular music self help pamphlets graffiti films journalistic writing rumours and urban legends engage with the problems of citizenship self organisation and survival the collection shows that despite all the problems of Africa its cities continue to engender forward looking creativity and hope The texts collected here belong to several different genres themselves and they are authored by both distinguished and younger scholars based in and outside of Africa The volume explores the textualities emerging from the cities of Senegal Nigeria Ghana Uganda Kenya Zambia Zimbabwe and South Africa Above all it calls for an end to disabling hierarchical categorisations of both texts and cities This book was published as a special issue of the Journal of Postcolonial Writing

The Hospital Murders Means
Davis,2023-10-31 In *The Hospital Murders Means* Davis intricately weaves a suspenseful narrative set in a seemingly sterile medical environment that conceals dark secrets Blending elements of a psychological thriller with incisive social commentary Davis employs a crisp and vivid prose style that envelops readers in a world where life and death intersect As the protagonist a determined medical intern uncovers a series of mysterious deaths among patients the novel delves into the moral and ethical dilemmas faced by healthcare professionals while simultaneously critiquing systemic flaws within the medical establishment Means Davis an accomplished author and former healthcare worker draws upon his unique experiences in the medical field to imbue the story with authenticity and depth The inspiration for *The Hospital Murders* stems from Davis s fascination with the human psyche and the often unseen lives behind hospital walls His dual perspective as both a writer and a practitioner enriches the narrative allowing for a profound exploration of the intersection between ambition duty and morality I highly recommend *The Hospital Murders* to readers who appreciate intricate mystery thrillers infused with thought provoking themes Davis s skillful storytelling not only entertains but challenges us to reflect on the ethics of care making it a compelling read for anyone interested in the darker realities of the medical profession

When a rich white American yachtsman is indicted for murder of a local black launch tender in the Caribbean island of Saint Vincent a conservative news commentator stirs up a media circus by championing the yachtsman and criticizing the weakness of the case with tactics that demean the local prosecutor Facing worldwide embarrassment and condemnation for indicting the yachtsman without substantive evidence the prosecutor engages an investigator to bolster his charge That man a retired New York City detective had been cruising the archipelago in his refurbished 32 foot sailboat Born in the Bronx of Puerto Rican parents the 51 year old ex cop pugnaciously probes every avenue relative to the case in his determination to clear the case and prove he deserves accolades the deputy commissioners of the NYPD denied him Notwithstanding the lack of physical evidence he utilizes street smarts along with natural intelligence and twenty eight years of cop experience to

connect the killing to diamond smuggling But unable to unequivocally connect the yachtsman to the suspected diamond smugglers the detective worries that he railroads an innocent fellow American On the other hand having suffered as the victim of bigotry for much of his life as well as treated as an inferior by the affluent and influential he is tempted to partake of the sweet taste of payback Steadily increasing antagonism developing between the cocky ex cop and the stuffy prosecutor steeped in pedantic English tradition complicates working arrangements But that doesn't deter the ex cop whose unwavering investigation leads to rooting out a shrewd but cold hearted Armenian and his cohorts a robust Jamaican and a shifty Frenchman Along the way the ex cop encounters a foxy local gal who lights all of his fires But all too often her self sufficiency and individualism as well as oft times cankerous attitude culminates in a rocky while torrid relationship
