North West Company In Rebellion Simon McGillivray's Fort William Notebook 1815:

The North West Company in Rebellion Simon McGillivray, Thunder Bay Historical Museum Society, 1988 Simon McGillivray's notebook recording his visit to Fort William in 1815 is an invaluable document in the history of the North West Company the great Canadian fur trading company that rivalled the Hudson's Bay Company Not only does it include references to issues debated and decisions made at the 1815 Council meetings it also provides a rare insight into the human aspects of the trade with its tensions and personality conflicts Jean Morrison has prepared an introduction which sets the events recorded in the notebook into their broader historical context and has included biographical notes on all individuals mentioned by McGillivray Society website The Laird of Fort William Irene Ternier Gordon, 2013-10-15 High finance wilderness adventures violence and questionable legal tactics all played important roles in the history of the North West Company William McGillivray head of the company from 1804 until 1821 was arguably the most powerful businessman in Canada in the early nineteenth century William McGillivray emigrated from the Scottish Highlands to work for his uncle Simon McTavish when he was twenty years old and became head of the NWC in 1804 upon McTavish's death The period from 1805 to 1814 was a time of quick expansion and great prosperity for the company however its decline was even more rapid It could be argued that the NWC did not merge with the Hudson's Bay Company in 1821 but rather was swallowed up by it By the time William died in 1825 the McGillivray family had been forced into bankruptcy Set against the background of the history and legacy of the NWC this engaging biography tells McGillivray's complete story from his early years in Scotland immigration to Canada and fur trading successes to his eventual downfall **Superior Rendezvous-Place** Jean Morrison, 2007-06-30 This lively book encompasses the French predecessors of Fort William Native Peoples of the time and the evolution of the fur trade *Canadian History: Beginnings to Confederation* Martin Brook Taylor, Doug Owram, 1994-01-01 In these two volumes which replace the Reader's Guide to Canadian History experts provide a select and critical guide to historical writing about pre and post Confederation Canada with an emphasis on the most recent scholarship Cover *The American Empire and the Fourth World* Anthony J. Hall, Tony Hall, 2005 In a book that Naomi Klein says could change the world Anthony Hall shows that the globalization debate actually began in 1492 **Listening to the Fur Trade** Daniel Robert Laxer, 2022-04-05 As fur traders were driven across northern North America by economic motivations the landscape over which they plied their trade was punctuated by sound shouting singing dancing gunpowder rattles jingles drums fiddles and very occasionally bagpipes Fur trade interactions were in a word noisy Daniel Laxer unearths traces of music performance and other intangible cultural phenomena long since silenced allowing us to hear the fur trade for the first time Listening to the Fur Trade uses the written record oral history and material culture to reveal histories of sound and music in an era before sound recording The trading post was a noisy nexus populated by a polyglot crowd of highly mobile people from different national linguistic religious cultural and class backgrounds They found ways to interact every time they

met and facilitating material interests and survival went beyond the simple exchange of goods Trust and good relations often entailed gift giving reciprocity was performed with dances songs and firearm salutes Indigenous protocols of ceremony and treaty making were widely adopted by fur traders who supplied materials and technologies that sometimes changed how these ceremonies sounded Within trading companies masters and servants were on opposite ends of the social ladder but shared songs in the canoes and lively dances during the long winters at the trading posts While the fur trade was propelled by economic and political interests Listening to the Fur Trade uncovers the songs and ceremonies of First Nations people the paddling songs of the voyageurs and the fiddle music and step dancing at the trading posts that provided its pulse

Rainy Lake House Theodore Catton, 2017-09-21 Focuses on three men from vastly different backgrounds and serves as a vehicle for exploring the rigors of the fur trade lyrical and transcendent American Historical Review In September 1823 three men met at Rainy Lake House a Hudson's Bay Company trading post near the Boundary Waters Dr John McLoughlin the proprietor of Rainy Lake House was in charge of the borderlands west of Lake Superior where he was tasked with opposing the petty traders who operated out of US territory Major Stephen H Long an officer in the US Army Topographical Engineers was on an expedition to explore the wooded borderlands west of Lake Superior and the northern prairies from the upper Mississippi to the forty ninth parallel John Tanner a white man living among the Ojibwa nation arrived in search of his missing daughters who Tanner believed were at risk of being raped by the white traders holding them captive at a nearby fort Drawing on their combined experiences Theodore Catton creates a vivid depiction of the beautiful and dangerous northern frontier from a collision of vantage points American British and Indigenous imperial capital and labor explorer trader and hunter At the center of this history is the deeply personal story of John Tanner's search for kinship first among his adopted Ojibwa nation then in the search for his white family of origin and finally in his quest for custody of his multiracial children Written with clarity and energy this book tells its story through the remarkable device of a triple biography Gregory Evans Dowd author of *Groundless*
