## **Northcliffe An Intimate Biography:**

**Northcliffe** Hamilton Fyfe, 2013-10 This is a new release of the original 1930 edition **The Scaremongers (RLE The First World War)** A. J. A. Morris, 2014-04-24 This revealing book illustrates how the passion for war was fostered and promoted The author provides detailed evidence of how and why an image of Germany as a nation determined upon world hegemony was deliberately promoted by a group of British newspaper editors proprietors and journalists This book examines the role of these scaremongers Were they as influential as their critics claimed Did they influence the minds of their readers and shape events Were they guilty of creating a climate of opinion that ensured that their prophecies of inevitable Anglo German war became fact in 1914 *Literature of Journalism* Price, Price, Warron C Price, 1959 **British Newspaper Strips** Adam Twycross, 2024-08-09 This book explores the history and development of the British daily newspaper strip It considers such strips within their political commercial and societal contexts and fills in a crucial section of publishing history that has been largely overlooked by both comics and newspaper studies to date Beginning with an examination of the role of the image within British publishing in the final decades of the nineteenth century the book moves on to explore the arrival and development of the first daily strips It considers the links that bound these strips to surrounding cultural forms their relationship to their host newspapers and their position within the wider structures of the emerging popular press Subsequent chapters cover a range of topics including the impact of the world wars the anti comics campaigns of the 1940s and 50s and how changes to British publishing and wider society shaped the newspaper strips of the final decades of the twentieth century Culminating with a discussion of the way in which strips became established within the broadsheet press from the 1960s the book builds to provide a detailed overview of the twentieth century development of this most neglected cultural form *The Intellectuals and the Masses* John Carey, 2012-12-20 Professor John Carey shows how early twentieth century intellectuals imagined the masses as semi human swarms drugged by popular newspapers and cinema and ripe for extermination Exposing the revulsion from common humanity in George Bernard Shaw Ezra Pound D H Lawrence E M Forster Virginia Woolf H G Wells Aldous Huxley W B Yeats and other canonized writers he relates this to the cult of the Nietzschean Superman which found its ultimate exponent in Hitler Carey s assault on the founders of modern culture caused consternation throughout the artistic and academic establishments when it was first published in 1992 *Austin Harrison and the English Review* Martha S. Vogeler, 2008 Political and literary journalist Austin Harrison became editor of the English Review in 1910 While holding that chair he expanded the publication s literary scope by publishing articles on such issues as women s suffrage parliamentary reform the German threat and Irish home rule But although he edited the Review far longer than did its celebrated founder Ford Madox Ford history has long confined him to the shadows of not only his predecessor but also his father the English Positivist Frederic Harrison This first scholarly assessment of Harrison s tenure at the English Review from 1910 to 1923 shows him courting controversy establishing reputations winning and losing authors and pushing

the limits of the publishable as he made his Great Adult Review the most consistently intelligent and challenging monthly of its day Martha Vogeler offers a compelling personal and family narrative and a new perspective on British literary culture and political journalism in the years just before during and after the First World War Vogeler provides a revealing account of Harrison the editor his writings and opinions his public life and relations as she also traces the complex relationship between a son and his famous father Balancing a scholar's attention to detail and a fine writer's eye for style she relates Harrison's improbable friendships with the notorious Frank Harris and the outrageous Aleister Crowley And she has mined Harrison's correspondence to lend insight into the careers of such writers as Ford Madox Ford D H Lawrence H G Wells Joseph Conrad John Masefield Bernard Shaw Arnold Bennett and Marie Stopes Other figures such as George Gissing Bertrand Russell Lord Northcliffe and important Irish revolutionaries appear in new contexts Ranging widely across literature foreign relations national politics the women's movement censorship and sexuality Vogeler captures the themes of Harrison's era She describes his transformation from Germanophobe before and during World War I to an outspoken critic of the punitive measures against Germany in the Treaty of Versailles She explores the ambiguities in his engagement with modernist aesthetics and in his attempt to escape the shadow of his father while benefiting from his family's wealth and connections Vogeler's assessment of Harrison's books further sharpens our understanding of his ideas about Germany women education and Victorian family life notably his underappreciated tribute rebuke to his father Frederic Harrison Thoughts and Memories This account of Austin Harrison's career allows us to observe a journalist making his way in a highly competitive world and opens up a new window on Britain in the era of the Great War

Swanberg, 2023-07-11 From the National Book Award winning author an absorbing biography of the esteemed editor publisher power broker and rival to William Randolph Hearst An eccentric genius Joseph Pulitzer immigrated to the United States to fight in the Civil War despite barely speaking English He would soon master the language enough to begin a successful newspaper career in St Louis become a fierce opponent to William Randolph Hearst and eventually found the Columbia School of Journalism A Hungarian born into poverty Pulitzer epitomized the American Dream by building a fortune But he also suffered going blind in the middle of his career experiencing extreme mood swings and developing an intense irritability that made everyday life difficult to tolerate In this book W A Swanberg a recipient of the prestigious prize named after Pulitzer recounts the personal and professional life of the newspaper magnate as well as his significant influence on American politics Swanberg reveals how the New York World managed to balance admirably accurate reporting with popular appeal and explores Pulitzer's colorful contradictory character courageous and self pitying dictatorial and generous Set against the backdrop of a turbulent era this is a portrait of an outsize personality by an author with a flair for both the big picture and small fascinating detail Includes photographs Praise for W A Swanberg's biographies First rate The New York Times on Citizen Hearst Engrossing Kirkus Reviews on Norman Thomas The Last Idealist

Powers,2021-03-30 The early history of British aerial defence development is one of misdirection and delusion The misdirection judging by the criteria of successful aerial defence in World War II was primarily in the downgrading of home defence measures including the fighter plane The delusion again judging by Britain s efforts in that second world war was primarily in the assumption of the effects to be obtained by strategic bombing In both cases the First World War was a major catalyst Although events and writings before that war indicate the coming patterns it was during that war that a great amount of the patterns are well established Originally published in 1976 this work explores these origins and stresses the interaction between various diverse segments of English society in the formation of the major patterns The working out of these patterns in the first half of the interwar years is also analysed again with respect to diverse groupings in Britain      Journal of the United States Artillery ,1930      **The Invention of Journalism** J. Chalaby,1998-06-10 This book argues that journalism is a more recent invention than most authors have acknowledged so far The profession of the journalist and the journalistic discourse are the products of the emergence during the second half of the 19th century of a specialized field of discursive production the journalistic field This book analyses the emergence of journalism and examines the development of discursive norms practices and strategies that are characteristic of this discourse      **Escape Artist** Joseph McAleer,2020-07-31 The life of Sir Harry Perry Robinson 1859 1930 unfolds like a Boy s Own adventure Born in India and educated at Oxford Harry fled to the United States to make his name and fortune After a stint in the gold mines of the American West he became a major force in the railroad industry and helped to elect a U S President Returning to England Harry had a celebrated career as a book publisher discovering the American author Jack London and as a journalist for The Times serving as the oldest correspondent during the First World

War and going on to have one of the scoops of the century the discovery of the tomb of Tutankhamun in 1923 Harry's incredible journey unfolds against the background of his equally adventurous and accomplished family His father Julian was an Indian Army chaplain and newspaper editor His aunt was a suffragette and personal friend of both Disraeli and Gladstone Brother Philip was a dashing foreign correspondent arrested as a spy during the Spanish American War Brother Edward Kay founder of the British Empire Naturalists Association gave Rudyard Kipling his first writing job And troubled sister Valence was rumoured to end her days living in a barrel on a roadside in Bulawayo From the White House to Buckingham Palace the American West to the Western Front the sands of Egypt to the shores of India the board room to the bedroom Harry was a master of reinvention and each of the nine lives he assumed allowed an escape from one experience into the next His innate wanderlust was both a blessing and a curse but it made for a splendid adventure and Harry's was a grand life lived in history's shadow

Germany and Propaganda in World War I David Welch, 2014-08-01 Adolf Hitler writing in *Mein Kampf* was scathing in his condemnation of German propaganda in World War I declaring that Germany failed to recognise that the mobilization of public opinion was a weapon of the first order This despite the fact that propaganda had been regarded by the German leadership arguably for the first time as an intrinsic part of the war effort In this book David Welch fully examines German society politics propaganda public opinion and total war in the Great War Drawing on a wide range of sources posters newspapers journals film Parliamentary debates police and military reports and private papers he argues that the moral collapse of Germany was due less to the failure to disseminate propaganda than to the inability of the military authorities and the Kaiser to reinforce this propaganda and to acknowledge the importance of public opinion in forging an effective link between leadership and the people *The Quarterly Journal*, 1929
