

Belfast remains the largest Local Government District by population with 345,400 people in 2021 and Fermanagh and Omagh remains the smallest Local Government District by population with 116,800 people. Another way of looking at this is to consider overall shares of the Northern Ireland population – also shown in Table 1 and in Figure 1.

Figure 1: Percentage share of Northern Ireland population by LGD (Census 2021)

Northern Ireland A Census Atlas

Terry Barry

Northern Ireland A Census Atlas:

Northern Ireland Paul Alwyn Compton, 1978 **Northern Ireland** Paul A. Compton, 1978 **Population in Ireland** A. A. Horner, J. A. Walsh, Vivian P. Harrington, 1987 **Northern Ireland and Beyond** E. Biagini, 2013-03-09

Northern Ireland's problems are rooted in physical and historical geography: small resource base, peripheral location, violent conquest, repression, and ruthless emargination of the native population by the Protestant settlers. At the time of partition, many areas already had a Catholic majority, and the Catholic population is increasing faster, thereby undermining the Protestant position. Britain gains no advantage by keeping Northern Ireland. Nevertheless, this solution is not going to be cheap, not merely because of opposition by Protestant loyalists but also because of the economic weakness of both Irelands. Unlike other books on the subject, this one goes to the heart of the matter: Britain would be serving her own interest by easing reunification of Ireland, albeit gradually and cautiously. In this perspective, the conclusion is that history is inexorably moving beyond Northern Ireland.

Audience: European Community administrators and planners, diplomats, politicians, students in Political Science, Economics, History, and Geography.

Interpreting Northern Ireland John Whyte, 1991-10-03

Relative to its size, Northern Ireland is possibly the most heavily researched area on earth; hundreds of books and thousands of articles have been published since the current troubles began in the mid 1960s. John Whyte had been studying Northern Ireland since the mid 1960s. In *Interpreting Northern Ireland*, he provides a badly needed guide to the mass of literature and comment. In Part I, he surveys the research on the nature and extent of the community divide, examining in turn the religious, economic, political, and psychological aspects of the issue. In Part II, he discusses ideological interpretations of the Northern Ireland problem, from unionist and nationalist to Marxist. In the final section of the book, he surveys the various solutions that have been proposed and looks critically at what the mass of research has achieved. He suggests that if it has not achieved more, it may be because it has sometimes asked the wrong questions.

The Northern Ireland Question Patrick John Roche, Brian Barton, 2013

Barton and Roche have drawn on the expertise of scholars in Irish history, political philosophy, sociology, demography, and criminal and constitutional law to provide a major contribution to understanding the dynamics of the terrorist conflict that engulfed Northern Ireland for thirty years. The legal dimension of the book provides accessible understanding both of the use of the criminal law in response to terrorism and of the constitutional status of Northern Ireland prior to the 1998 Belfast Agreement. *The Northern Ireland Question: Myth and Reality* explicates the civic character of unionism, which differentiates unionism as a form of political identity from the ethnicity of traditional Irish nationalism. The contributions explore the ambiguities of southern Irish politics with respect to the Northern Ireland question and challenge a conventional and widely accepted understanding inimical to unionism and unionists of the genesis of the terrorist conflict in Northern Ireland and the extent of discrimination under the Stormont administration, but without loss of objectivity and professional detachment.

British Sources of Information P. Jackson, 2003-09-02

This comprehensive and versatile

reference source will be a most important tool for anyone wishing to seek out information on virtually any aspect of British affairs life and culture The resources of a detailed bibliography directory and journals listing are combined in this single volume forming a unique guide to a multitude of diverse topics British politics government society literature thought arts economics history and geography Academic subjects as taught in British colleges and universities are covered with extensive reading lists of books and journals and sources of information for each discipline making this an invaluable manual

A Bibliography of British History, 1914-1989 Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index

Northern Ireland and the Politics of Reconciliation Dermot Keogh, Michael H. Haltzel, 1993 This collection adds to the extensive literature on Northern Ireland and Ireland by bringing together the leading academic and political figures working in the field and offering a comprehensive multidisciplinary overview of the historical process The topics discussed include the remote and proximate causes of the conflict fresh developments within the two states on the island the role of the Roman Catholic Church the rise of the ecumenical movement and the impact of the 1985 Anglo Irish Agreement on the triangular relationship between Dublin Belfast and London The volume concludes with an evaluation of likely impact of membership of the European Community on the conflict in Northern Ireland The contributors to this book do not offer any easy solutions but provide a context in which the problem may be better understood by the international scholarly community and by the interested general reader

A New History of Ireland Volume VII J. R. Hill, 2003-12-04 A New History of Ireland is the largest scholarly project in modern Irish history In 9 volumes it provides a comprehensive new synthesis of modern scholarship on every aspect of Irish history and prehistory from the earliest geological and archaeological evidence through the Middle Ages down to the present day Volume VII covers a period of major significance in Ireland's history It outlines the division of Ireland and the eventual establishment of the Irish Republic It provides comprehensive coverage of political developments north and south as well as offering chapters on the economy literature in English and Irish the Irish language the visual arts emigration and immigration and the history of women The contributors to this volume all specialists in their field provide the most comprehensive treatment of these developments of any single volume survey of twentieth century Ireland

Contemporary Irish Studies Tom Gallagher, 1983

Ireland and Partition N. C. Fleming, James H. Murphy, 2021-09-15 Ireland and Partition Contexts and Consequences brings together multiple perspectives on this key and timely theme in Irish history from the international dimension to its impact on social and economic questions alongside fresh perspectives on the changing political positions adopted by Irish nationalists Ulster Unionists and British Conservatives It examines the gestation of partition through to its implementation in 1921 as well as the many consequences that followed The chapters written by experts based

in Ireland Northern Ireland Great Britain and the United States include new scholars alongside contributions from authorities in their fields Together they consider partition from a variety of often overlooked angles from its local impact on the ground through to its place in the post 1918 international order and diplomatic relations its implications for political violence and security policy and its consequences for sport and economics through to its capacity to divide both nationalism and unionism from within This book places the current questions about the future of partition resulting from Brexit and the centenary of partition 2021 in a fuller perspective It is relevant to those with an interest in Irish History and Irish Studies as well as British History European History and Peace Studies The Routledge Handbook of Census Resources, Methods and Applications John Stillwell, 2017-08-24 The collection of reliable and comprehensive data on the magnitude composition and distribution of a country's population is essential in order for governments to provide services administer effectively and guide a country's development The primary source of basic demographic statistics is frequently a population census which provides hugely important data sets for policy makers practitioners and researchers working in a wide range of different socio demographic contexts The Routledge Handbook of Census Resources Methods and Applications provides a comprehensive and authoritative guide to the collection processing quality assessment and delivery of the different data products that constitute the results of the population censuses conducted across the United Kingdom in 2011 It provides those interested in using census data with an introduction to the collection processing and quality assessment of the 2011 Census together with guidance on the various types of data resources that are available and how they can be accessed It demonstrates how new methods and technologies such as interactive infographics and web based mapping are now being used to visualise census data in new and exciting ways Perhaps most importantly it presents a collection of applications of census data in different social and health science research contexts that reveal key messages about the characteristics of the UK population and the ways in which society is changing The operation of the 2011 Census and the use of its results are set in the context of census taking around the world and its historical development in the UK over the last 200 years The results of the UK 2011 Census are a unique and reliable source of detailed information that are immensely important for users from a wide range of public and private sector organisations as well as those working in Population Studies Human Geography Migration Studies and the Social Sciences more generally Casebook on Insurgency and Revolutionary Warfare, 2012

New Geographical Literature and Maps Royal Geographical Society (Great Britain), 1979 **Sacred Worlds** Chris Park, 2002-11-01 This book the first in the field for two decades looks at the relationships between geography and religion It represents a synthesis of research by geographers of many countries mainly since the 1960s No previous book has tackled this emerging field from such a broad interdisciplinary perspective and never before have such a variety of detailed case studies been pulled together in so comparative or illuminating a way Examples and case studies have been drawn from all the major world religions and from all continents from both a historical and contemporary perspective Major themes covered in

the book include the distribution of religion and the processes by which religion and religious ideas spread through space and time Some of the important links between religion and population are also explored A great deal of attention is focused on the visible manifestations of religion on the cultural landscape including landscapes of worship and of death and the whole field of sacred space and religious pilgrimage

A History of Settlement in Ireland Terry Barry, 2012-11-12 A History of Settlement in Ireland provides a stimulating and thought provoking overview of the settlement history of Ireland from prehistory to the present day Particular attention is paid to the issues of settlement change and distribution within the contexts of environment demography culture The collection goes further by setting the agenda for future research in this rapidly expanding area of academic interest This volume will be essential reading for all those with an interest in the archaeology history and social geography of Ireland

Geographical Perspectives on Sustainable Rural Change , 2010 This book focuses on three multi faceted aspects of rural sustainability farms and farming the remaking of rural communities and rural spaces and policy and action in rural development The research is focused on three global regions North America the United Kingdom and Ireland and Australia back cover

The Oxford Handbook of Religion in Modern Ireland , 2024-01-15 What does religion mean to modern Ireland and what is its recent social and political history The Oxford Handbook of Religion in Modern Ireland provides in depth analysis of the relationships between religion society politics and everyday life on the island of Ireland from 1800 to the twenty first century Taking a chronological and all island approach it explores the complex and changing role of religion both before and after partition The handbook s thirty two chapters address long standing historical and political debates about religion identity and politics including religion s contributions to division and violence They also offer perspectives on how religion interacts with education the media law gender and sexuality science literature and memory Whilst providing insight into how everyday religious practices have intersected with the institutional structures of Catholicism and Protestantism the book also examines the island s increasing religious diversity including the rise of those with no religion Written by leading scholars in the field and emerging researchers with new perspectives this is an authoritative and up to date volume that offers a wide ranging and comprehensive survey of the enduring significance of religion on the island

Anatomy of a Killing Ian Cobain, 2021-05-08 A concise and gripping history of the Troubles revealing the people behind the pain and violence from the award winning investigative journalist Vice On the morning of Saturday 22nd April 1978 members of an Active Service Unit of the IRA hijacked a car and crossed the countryside to the town of Lisburn Within an hour they had killed an off duty policeman in front of his young son In *Anatomy of a Killing* award winning journalist Ian Cobain documents the hours leading up to the killing and the months and years of violence attrition and rebellion surrounding it Drawing on interviews with those most closely involved as well as court files police notes military intelligence reports IRA strategy papers memoirs and government records this is a unique perspective on the Troubles and a revelatory work of investigative journalism As gripping as a thriller except that this isn t

fiction but cold spine tingling reality Daily Mail A remarkable piece of forensic journalism Ed Moloney author of Voices from the Grave Reads like a work of fiction True and harrowing Irish Sunday Independent Books of the Year

Whispering the Techniques of Language: An Psychological Quest through **Northern Ireland A Census Atlas**

In a digitally-driven earth wherever monitors reign great and immediate transmission drowns out the subtleties of language, the profound secrets and mental subtleties concealed within words often move unheard.
