Northern Ireland Politics And The Constitution

Alison L. Young

Northern Ireland Politics And The Constitution:

Northern Ireland Brigid Hadfield,1992 With the aim of facilitating an exchange of ideas between political scientists and lawyers on the issue of Northern Ireland and its form of government this book discusses the evolution of the Northern Ireland constitution and examines amongst other topics the role of the police

Brexit and the Northern Ireland Constitution Lisa Claire Whitten,2024-03-05 Brexit and the Northern Ireland Constitution considers the intersection of two processes the complex and constitutional process of the United Kingdom s withdrawal from the European Union Brexit and the steady yet fragile development of the Northern Ireland constitution deriving primarily from the Belfast Good Friday Agreement of 1998 Interdisciplinary in approach the analysis draws on legal and political theory to develop a novel framework for assessing the progressive impact of Brexit on the Northern Ireland constitution based on systematic definitions of both This approach elucidates dynamics and implications not yet considered in the otherwise extensive debates about Brexit and its impacts on Northern Ireland Based on detailed analysis of the Brexit process it is argued that its impact on the constitution of Northern Ireland has been profound Fundamentally Brexit changed the political and legal environment in which the Northern Ireland constitution had existed for over twenty years Embracing constructive ambiguity the 1998 Agreement recognises and accommodates the concerns of both unionists and nationalists in Northern Ireland it did not therefore solve the constitutional conflict but rather allowed it to be managed differently through an innovative system of multileveled governance within Northern Ireland power sharing devolution on the island of Ireland North South cooperation and between the islands of Great Britain and Ireland East West cooperation all underpinned by a multifaceted principle of constitutional popular and cross community consent By forcing a paradigmatic shift in the way that the systems of government established by the 1998 Agreement operate Brexit disrupted the constructively ambiguous compromise that it represents Completed two years after the legal implementation of UK withdrawal from the EU Whitten concludes by considering the potential longer term constitutional repercussions of Brexit both within and beyond Northern Ireland s recently notorious borders

Northern Ireland Politics Arthur Aughey,Duncan Morrow,2014-06-17 Hopes for a peaceful settlement in Northern Ireland have again put the politics of the province under the spotlight This new text written by acknowledged experts on Northern Ireland provides an immediately accessible introduction to the multi faceted nature of the politics of the region

The Law, Politics, and the Constitution David Butler,Vernon Bogdanor,Robert Summers,1999-05-06 Increasingly in contemporary British politics the spotlight is being thrown on issues of constitutional change and reform The late 1990s has marked a period of significant constitutional change and political reform The varied contributions in this book from leading scholars in the fields of politics and constitutional law tackle the key questions troubling politicians and observers of politics in this time of acute constitutional change This book is a tribute to the diverse scholarship of Geoffrey Marshall who has been an outstanding figure the study of law and politics and a writer of extraordinary authority on constitutional matters

Northern Ireland

and the UK Constitution Lisa Claire Whitten, 2024-07-04 A concise history of Northern Ireland through its pivotal moments Since the United Kingdom's withdrawal from the European Union the constitutional position of Northern Ireland within the Union has endured an unusual level of attention Northern Ireland and the UK Constitution leads us through its pivotal moments the 1920-72 Unionist led governments the following thirty years of bitter conflicts the 1998 Belfast Good Friday Agreement and the 2016 referendum on the United Kingdom's membership in the European Union Considering each of the moments in the broader setting of UK constitutional norms and narratives she addresses the exceptional constitutional characteristics of Northern Ireland and the ways in which these have often resulted in blindspot analyses of the Union This short book also considers the implications of Brexit and the constitutional impacts and shifts it has brought to Northern Ireland and discusses the possible constitutional repercussions *British Government and the Constitution* Colin Turpin, Adam Tomkins, 2011-09-01 Like the immensely successful previous edition of this highly respected work this new edition has been jointly prepared and thoroughly updated by Colin Turpin and Adam Tomkins It takes fully into account constitutional developments under the coalition government and examines the most recent case law of the Supreme Court the European Court of Justice and the European Court of Human Rights While it includes extensive material and commentary on contemporary constitutional practice the book covers the historical traditions and the continuity of the British constitution as well as the current tide of change Designed principally for law students the book includes substantial extracts from parliamentary and other political sources as well as from legislation and case law making it ideal for politics and government students With its fresh design it provides a full yet accessible account of the British constitution at a fascinating moment in its ongoing development The Constitution of Northern Ireland: The origin and development of the constitution. -pt. 2, The Government of Ireland act, 1920, and subsequent enactments Sir Arthur Scott Quekett, 1928 British Government and the Constitution Alison L. Young, 2021-04 Places constitutional law in its legal historical and political context using contemporary examples Constitution-Making and the Labour Party M. Evans, 2003-10-15 Since coming to power in 1997 the Labour government's programme of constitutional reform represents an historic challenge to both British constitutional doctrine and Labour Party orthodoxy Mark Evans examines the nature and extent of this challenge and argues that the New Constitutionalism is a key element of a policy agenda that in its most crucial aspects reflects the continuing transformation of the British industrial welfare state into a competition state Constitution Making and the Labour Party analyzes key areas of reform under the Blair government from the perspective of Labour Party history and contemporary policy analysis **The British Tradition of Federalism** Michael Burgess, 1995 Challenging orthodox assumptions concerning British federalism The British Tradition of Federalism offers a unique revisionist critique of Britain's recent constitutional past The central themes of Empire Ireland and Europe provide the empirical focus of this volume Together they reveal a fundamental continuity of British federal ideas a single intellectual tradition which spans the last century By reinstating a neglected

dimension of the larger British political tradition Burgess shows how the continuing relevance of this federal tradition serves as both the source of and inspiration for a wide range of constitutional reform proposals in the 1990s

Political Issues in Britain Today Bill Jones, 1999-06-12 British politics has been revolutionized in the past ten years by two major factors the hegemony of Thatcherism for eighteen years and the current dominance of what some say is variant Blairism forged in opposition and enthroned in government since May 1997 This volume addresses key political issues which occupy the government and opposition including Blair's style of government the philosophy of the welfare state and the question of its reform policy making in the oppressed local government sector law and order reform of the voting system the effect of EU membership on British politics the much criticized monarchy privatization the environment education standards in public life the politics of the health service and the usefulness of the House of Lords

The Politics of Judicial Independence in the UK's Changing Constitution Graham Gee, Robert Hazell, Kate Malleson, Patrick O'Brien, 2015-03-12 Judicial independence is generally understood as requiring that judges must be insulated from political life The central claim of this work is that far from standing apart from the political realm judicial independence is a product of it It is defined and protected through interactions between judges and politicians In short judicial independence is a political achievement This is the main conclusion of a three year research project on the major changes introduced by the Constitutional Reform Act 2005 and the consequences for judicial independence and accountability The authors interviewed over 150 judges politicians civil servants and practitioners to understand the day to day processes of negotiation and interaction between politicians and judges They conclude that the greatest threat to judicial independence in future may lie not from politicians actively seeking to undermine the courts but rather from their increasing disengagement from the justice system and the judiciary

The Court of Appeal in Northern Ireland Conor McCormick, Brice Dickson, 2024-11-07 Available open access digitally under CC BY NC ND licence The Court of Appeal in Northern Ireland has functioned without interruption for over a century yet its intermediate position can obscure the importance of its judgments This book demonstrates the Court of Appeal's pivotal role in securing justice both by correcting lower court decisions and by developing the common law It examines in particular how the Court has applied and developed the rule of law in a post conflict society Authored by experts in the law of Northern Ireland this compelling text is based on archival research statistical and qualitative case analyses court observations and exclusive interviews with senior judges

Inequality, Identity, and the Politics of Northern Ireland Curtis C. Holland, 2022-07-26 Inequality Identity and the Politics of Northern Ireland examines how the politics of threat and resentment undergirded by persistent poverty and class and gender inequalities across Catholic and Protestant communities shape dynamics of political conflict while simultaneously giving way to critical subjectivities at the community level through which more transformative visions of peace may emerge

Constitutional Reform and Brexit Gary Wilson, 2023-06-30 This book examines the extent to which Brexit has impacted upon the operation of the British Constitution prompting in turn

consideration of how some of the factors which contributed to the outcome of the 2016 referendum as well as the event of Brexit itself might inform debates surrounding constitutional reform moving forward The work seeks to make sense of the constitutional implications of Brexit and to revisit some of the key debates that have taken place in respect of particular constitutional reform proposals in order to assess the extent to which recent Brexit related developments inform the perspectives which are taken upon their merits and prospects The book is divided into two parts The first provides some context for the substantive treatment of the potential impact of Brexit on constitutional reform debates which forms the focus of Part II Part II centres on various specific constitutional reform themes or issues which are explored further within the context of Brexit For each such issue the main parameters of the debates which have taken place are sketched out before moving on to consider how it has informed or may come to be informed by the phenomenon of Brexit By so doing it looks to some future directions for constitutional reform which take account of the factors driving the discourses which gave rise to the referendum outcome and subsequent developments as well as offering meaningful responses to these The book will be of interest to academics researchers and policy makers working in the areas of constitutional law constitutional politics philosophy and history

Public Law in a Multi-Layered Constitution Nicholas Bamforth, Peter Leyland, 2003-10-30 How is the distribution of power between the different levels of the contemporary constitution to be policed What is the emerging contribution of the courts in regard to EC law the Human Rights Act 1998 and devolution What roles should be played by the legislative and judicial bodies at each level Who should have access to the courts in public law disputes and on what grounds should the courts regulate the exercise of public power Can a coherent distinction be maintained between public and private law These essays by leading public law scholars explore the allocation and regulation of public power in the United Kingdom At the beginning of the twenty first century it appears that the traditional Diceyan model of a unitary constitution has been superseded as power has come to be distributed particularly in the post 1997 period between institutions at European national devolved and local level Furthermore the courts have come to play a powerful role at all levels through judicial review while forms of regulation and contracting together with other informal techniques of governance have emerged The contemporary constitution can be characterised as involving a multi layered distribution of power a situation which raises many key questions about the role of public law The essays in this important collection tackle such questions from a variety of perspectives aiming between them to provide a dynamic picture of the role of public law in the contemporary multi layered constitution

Executive Decision-Making and the Courts TT Arvind, Richard Kirkham, Daithí Mac Síthigh, Lindsay Stirton, 2021-02-25 In this book leading experts from across the common law world assess the impact of four seminal House of Lords judgments decided in the 1960s *Ridge v Baldwin* *Padfield v Minister of Agriculture* *Conway v Rimmer* and *Anisminic v Foreign Compensation Commission* The Quartet is generally acknowledged to have marked a turning point in the development of court centred administrative law and can be understood as a formative moment in the emergence of modern

judicial review These cases are examined not only in terms of the points each case decided and their contribution to administrative law doctrine but also in terms of the underlying conception of the tasks of administrative law implicit in the Quartet By doing so the book sheds new light on both the complex processes through which the modern system of judicial review emerged and the constitutional choices that are implicit in its jurisprudence It further reflects upon the implications of these historical processes for how the achievements failings and limitations of the common law in reviewing actions of the executive can be evaluated

The Routledge Handbook of British Politics and Society Mark Garnett,2020-05-13 The Routledge Handbook of British Politics and Society conducts a rigorous innovative and distinctive analysis of the relationship between British politics and society emphasizing that the UK is now far from a monolithic and unshifting entity Examining the subject matter with unrivalled breadth and depth it highlights and interrogates key contemporary debates on the future of the UK the nature of Britishness and the merits of multiculturalism as well as contemporary criticisms of traditional institutions and the nature of representative democracy itself Including contributions from key authors in their respective fields who bring their authority to bear on the task of outlining the current state of the art in British Studies the book provides a fresh examination of the contrasts and the continuities across the whole field of British Politics and Society while setting out agendas for future research The Routledge Handbook of British Politics and Society will be essential reading and an authoritative reference for scholars students researchers and practitioners involved in and actively concerned about research on British politics society and culture

The Changing Constitution Jeffrey L. Jowell,Dawn Oliver,2007-07-26 Since its first edition in 1985 The Changing Constitution has cemented its reputation for providing concise scholarly and thought provoking essays on the key issues surrounding the UK s constitutional development and the current debates around reform The sixth edition of a highly successful volume provides a thorough review of the latest developments in constitutional reform It includes a new chapter on Constitutional Watchdogs and expanded consideration of freedom of information and the control of public expenditure Professors Jowell and Oliver have brought together nineteen expert contributors to offer an invaluable source of material and analysis for all students of public law

The Constitution of Northern Ireland: The origin and development of the Constitution Sir Arthur Scott Quekett,1928

Enjoying the Tune of Term: An Psychological Symphony within **Northern Ireland Politics And The Constitution**

In some sort of consumed by monitors and the ceaseless chatter of instantaneous communication, the melodic beauty and psychological symphony produced by the written term usually diminish into the back ground, eclipsed by the relentless noise and interruptions that permeate our lives. However, located within the pages of **Northern Ireland Politics And The Constitution** a wonderful fictional treasure full of natural thoughts, lies an immersive symphony waiting to be embraced. Constructed by a masterful musician of language, that fascinating masterpiece conducts viewers on a psychological journey, skillfully unraveling the hidden melodies and profound impact resonating within each cautiously constructed phrase. Within the depths of the touching analysis, we shall examine the book is central harmonies, analyze its enthralling writing type, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
