Northern Aboriginal Communities Economies And Development:

Northern Aboriginal Communities Peter Douglas Elias,1995 *Indigenous Peoples and the Modern State* Duane Champagne,Karen Jo Torjesen,Susan Steiner,2005-06-09 Champagne and his distinguished coauthors reveal how the structure of a multinational state has the potential to create more equal and just national communities for Native peoples around the globe Many countries still face extreme differences among ethnic groups and submerged nations leading to marginalization and violence Examining these inherent instabilities in multicultural nations such as the U S Canada Mexico and Guatemala the authors confront problems of coerced assimilation for indigenous communities whose identities predate the formation of the nation states often by thousands of years The contributors show how indigenous people seek to preserve their territory their rights to self government and their culture This book is a valuable resource for Native American Canadian and Latin American studies comparative indigenous governments constitutional law and international relations

Indigenous People and Economic Development Katia Iankova,Azizul Hassan,Rachel L'Abbe,2016-03-22 Indigenous peoples are an intrinsic part of countries like Australia New Zealand Canada Finland USA India Russia and almost all parts of South America and Africa A considerable amount of research has been done during the twentieth century mainly by anthropologists sociologists and linguists in order to describe and document their traditional life style for the protection and safeguarding of their established knowledge skills languages and beliefs These communities are engaging and adapting rapidly to the changing circumstances partly caused by post modernisation and the process of globalization These have led them to aspire to better living standards as well as preserving their uniqueness approaches to environment close proximity to social structures and communities For at least the last two decades patterns of increased economic activity by indigenous peoples in many countries have been viewed to be significantly on the rise Indigenous People and Economic Development reveals some of the characteristics of this economic activity coloured by the unique regard and philosophy of life that indigenous people around the world have The successes difficulties and obstacles to economic development their solutions and innovative practices in business all of these elements based on research findings are discussed in this book and offer an inside view of the dynamics of the indigenous societies which are evolving in a globalised and highly interconnected contemporary world

Sustainable Land Sector Development in Northern Australia Jeremy Russell-Smith, Glenn James, Howard Pedersen, Kamaljit K. Sangha, 2018-09-03 Key Features Provides clear and authoritative recommendations for managing fire in ecological and social contexts Authors are all international leaders in their fields and include not only academics but also leaders of Indigenous communities Explains Indigenous cultural and knowledge systems to a degree that has rarely been accessible to lay and academic readers outside specialized disciplines like Anthropology Responds to growing need for new approaches to managing human ecological systems that are in greater sympathy with Australia's natural environments climate and value the knowledge of Indigenous people Timely for scholarly and interest groups intervention as the Australian government is again looking to develop the north Sustainable Land Sector Development in Northern Australia sets out a vision for developing North Australia based on a culturally appropriate and

ecologically sustainable land sector economy This vision supports both Indigenous cultural responsibilities and aspirations as well as enhancing enterprise opportunities for society as a whole In the past well meaning if often misguided policy agendas have failed and continue to fail North Australians This book helps breach that gap by acknowledging and harnessing Indigenous cultural strengths and knowledge systems for looking after the country and its people as part of a smart novel and diversified ecosystem services economy

Nested Federalism and Inuit Governance in the Canadian Arctic Gary N. Wilson, Christopher Alcantara, Thierry Rodon, 2020-02-15 The Canadian federal system was never designed to recognize Indigenous governance and it has resisted formal institutional change But change has come Indigenous communities in the North have successfully negotiated the creation of self governing regions most of which have been situated politically and institutionally within existing constituent units of the Canadian federation These varied governance arrangements are forms of nested federalism a model that is transforming Canadian federalism as it reformulates the relationship between Indigenous peoples and the state Nested Federalism and Inuit Governance in the Canadian Arctic traces the political journey toward self governance taken by three predominantly Inuit regions over the past forty years Nunavik in northern Quebec the Inuvialuit Settlement Region in the western Northwest Territories and Nunatsiavut in northern Labrador This meticulous analysis of the regions development trajectories provides new insight into the evolution of Indigenous self government as well as its consequences for Indigenous communities and for Canadian federalism

Resources and Sustainable Development in the Arctic Chris Southcott, Frances Abele, David Natcher, Brenda Parlee, 2018-10-04 Over the past thirty years we have witnessed a demand for resources such as minerals oil and gas which is only set to increase This book examines the relationship between Arctic communities and extractive resource development With insights from leading thinkers in the field the book examines this relationship to better understand what if anything can be done in order for the development of non renewable resources to be of benefit to the long term sustainability of these communities The contributions synthesize circumpolar research on the topic of resource extraction in the Arctic and highlight areas that need further investigation such as the ability of northern communities to properly use current regulatory processes fiscal arrangements and benefit agreements to ensure the long term sustainability of their culture communities and to avoid a new path dependency This book provides an insightful summary of issues surrounding resource extraction in the Arctic and will be essential reading for anyone interested in environmental impact assessments globalization and Indigenous communities and the future of the Arctic region

Aboriginal Peoples and Forest Lands in Canada D.B. Tindall, Ronald Trosper, Pamela Perreault, 2013-02-11 Aboriginal people in Canada have long struggled to regain control over their traditional forest lands Aboriginal Peoples and Forest Lands in Canada brings together the diverse perspectives of Aboriginals and non Aboriginals to address the political cultural environmental and economic implications of forest use This book discusses the need for professionals working in forestry and conservation to understand the context of Aboriginal participation in resource
