Northrop Fryes Notebooks And Lectures On The Bible And Other Religious Texts:

Northrop Frye's Notebooks and Lectures on the Bible and Other Religious Texts Northrop Frye, 2003

Northrop Frye's Notebooks on Romance Northrop Frye, 2004-01-01 Romance was a theme that ran through much of Northrop Frye's corpus and his notebooks and typed notes on the subject are plentiful. This unpublished material written between 1944 and 1989 traces a remarkable re-evaluation in his thinking over the course of time. As a young scholar Frye insisted that romance was an expression of cultural decadence; however, in his later years he thought of it as the structural core of all fiction. The unpublished material Michael Dolzani has gathered for *Northrop Frye's Notebooks on Romance* shows how the pattern and conventions of romance inform the writing of history, anthropology, psychology, philosophy, and theology. While Frye is best known for his writing on myth and biblical scholarship, he himself eventually conceived of romance as the true and equal contrary to myth and scripture: a secular scripture whose message is *de te fabula*: this story is about you. Given the current popular revival of romance in fiction and film, the appearance of Frye's unpublished work on romance is of profound importance.

Northrop Frye's Notebooks and Lectures on the Bible and Other Religious Texts Northrop Frye, 2003-01-01 In the third published volume of Canadian literary critic Frye's 1912-91/77 holograph notebooks, the material is mostly from the 1970s when he was writing the first of his books on the Bible, *The Great Code*. However, it begins with Notebook Three from the late 1940s in which he writes primarily on religious themes. It concludes with Notebook 23 from the middle 1980s, written between his first and second book on the Bible, and one from the 1960s devoted largely to his reading of Dante's *Purgatorio* and the first ten cantos of the *Paradiso*. Altogether, the volume contains 11 notebooks, three sets of typed notes, and a transcription of 24 lectures on *The Mythological Framework of Western Culture* in 1981-82. Annotation c 2003 Book News, Inc. Portland, OR: booknews.com

Northrop Frye's Notebooks on Renaissance Literature Northrop Frye, 2006-01-01 Michael Dolzani divides these notes into three categories: those on Spenser and the epic tradition; those on Shakespearean drama; and more widely, the dramatic tradition from Old Comedy to the masque, and those on lyric poetry and non-fiction prose.

Northrop Frye's Notebooks on Renaissance Literature Michael Dolzani, 2006-12-15 Although Northrop Frye's first book, *Fearful Symmetry* (1947), elevated the reputation of William Blake from the status of a minor eccentric to that of a major Romantic poet, Frye in fact saw Blake as a poet and consequently himself as a critic not of the Romantic period but of the Renaissance. As such, Frye's meditations on the Renaissance are particularly valuable. This volume collects six of Frye's notebooks and five sets of his typed notes on subjects related to Renaissance literature. Michael Dolzani divides these notes into three categories: those on Spenser and the epic tradition; those on Shakespearean drama; and more widely, the dramatic tradition from Old Comedy to the masque, and those on lyric poetry and non-fiction prose. The organization of this volume reflects a comprehensive study of Renaissance Symbolism in three volumes which Frye proposed to the Guggenheim Foundation in 1949. Frye received a Guggenheim fellowship but never wrote the book; nevertheless, his application part of

which is also included here is an important document The Guggenheim application not only reveals the outlines of Frye's thinking about literature it also uncovers his plans for his future creative life during the crucial period between his completion of *Fearful Symmetry* and his absorption in the writing of *Anatomy of Criticism* In addition to providing insight into Frye's thinking process the material collected into this key volume in the *Collected Works* is of particular importance because much of it has no direct counterpart in any of Frye's other published works

Northrop Frye's Notebooks for *Anatomy of Criticism* Northrop Frye, 2008-12-15 Northrop Frye's *Anatomy of Criticism* 1957 is widely regarded as a masterpiece of literary theory The product of years of reading and reflection the book's value extends far beyond its impact on criticism as a whole ultimately it must be viewed as a synoptic defense of liberal learning by one of the twentieth century's most distinguished critics In this the twenty-third volume of the *Collected Works* editor Robert D. Denham presents the notebooks to the *Anatomy* blue prints as it were for Frye's comprehensive account of literary conventions Composed from the late 1940s to 1956 the notebooks document the struggle Frye underwent to provide a structure for his work This involved incorporating previously published essays and developing new material that would maintain the continuity of his argument This fully annotated volume contains seventeen holograph notebooks each illuminating some aspect of the grand structure that eventually emerged Altogether the notebooks offer an intimate picture of Frye's working process and a renewed appreciation for his magisterial accomplishment

Collected Works of Northrop Frye: Northrop Frye's notebooks and lectures on the Bible and other religious texts Northrop Frye, 1996

Collected Works of Northrop Frye: Northrop Frye's notebooks and lectures on the Bible and other religious texts Northrop Frye, 1996

The Northrop Frye Quote Book Northrop Frye, 2014-02-24 Here is a specialized dictionary of quotations based on the thoughts and writings of a single person It is evidence that there is a Canadian writer of whom it may be said that we as his readers can grow up inside his work without ever being aware of a circumference

Northrop Frye and Others Robert D. Denham, 2017-08-16 This book based on extensive archival and historical work identifies and brings to light additional and little-recognized intellectual influences on Frye and analyzes how they informed his thought These are variously major thinkers sets of texts and intellectual traditions the Mahayana Sutras Machiavelli Rabelais Boehme Hegel Coleridge Carlyle Mill Jane Ellen Harrison and Elizabeth Fraser In each chapter dedicated to Frye's connection to a specific influence Denham describes how Frye became acquainted with each and how he interpreted and adapted certain ideas from them to help work out his own conceptual systems Denham offers insights on Frye's relationship with his historical and intellectual contexts provides valuable additional context for understanding the work of one of the 20th century's leading scholars of literature and culture Includes over 20 photos tables and figures as well as a chapter on Frye's personal relationship with Elizabeth Fraser

Northrop Frye Robert D. Denham, 2004 The notebooks contents not only expand on ideas laid out in Frye's published works but also touch on subjects most readers would not associate with Frye such as his wide reading both in Eastern religious texts and in esoteric traditions

ranging from astrology to the Kabbalah BOOK JACKET *Marshall McLuhan and Northrop Frye* B.W. Powe, 2014-01-01 Marshall McLuhan and Northrop Frye are two of Canada's central cultural figures colleagues and rivals whose careers unfolded in curious harmony even as their intellectual engagement was antagonistic Poet novelist essayist and philosopher B W Powe who studied with both of these formidable and influential intellectuals presents an exploration of their lives and work in *Marshall McLuhan and Northrop Frye Apocalypse and Alchemy* Powe considers the existence of a unique visionary tradition of Canadian humanism and argues that McLuhan and Frye represent fraught but complementary approaches to the study of literature and to the broader engagement with culture Examining their eloquent but often acid responses to each other Powe exposes the scholarly controversies and personal conflicts that erupted between them and notably the great commonalities in their writing and biographies Using interviews letters notebooks and their published texts Powe offers a new alchemy of their thought in which he combines the philosophical hallmarks of McLuhan's *The medium is the message* and Frye's *The great code* *The Origins of the Bible and Early Modern Political Thought* Travis DeCook, 2021-03-18 Explores the cultural functions played in the sixteenth and seventeenth centuries by accounts of the Bible's origins **The Reception of Northrop Frye**, 2021-08-31 The widespread opinion is that Northrop Frye's influence reached its zenith in the 1960s and 1970s after which point he became obsolete his work buried in obscurity This almost universal opinion is summed up in Terry Eagleton's 1983 rhetorical question Who now reads Frye In *The Reception of Northrop Frye* Robert D Denham catalogues what has been written about Frye books articles translations dissertations and theses and reviews in order to demonstrate that the attention Frye's work has received from the beginning has progressed at a geomantic rate Denham also explores what we can discover once we have a fairly complete record of Frye's reception in front of us such as Hayden White's theory of emplotments applied to historical writing and Byron Almon's theory of musical narrative The sheer quantity of what has been written about Frye reveals that the only valid response to Eagleton's rhetorical question is a very large and growing number the growth being not incremental but exponential *Northrop Frye* David Rampton, 2010-10-27 More than fifty years after the publication of *Anatomy of Criticism* Northrop Frye remains one of Canada's most influential intellectuals This reappraisal reasserts the relevance of his work to the study of literature and illuminates its fruitful intersection with a variety of other fields including film cultural studies linguistics and feminism Many of the contributors draw upon the early essays correspondence and diaries recently published as part of the *Collected Works of Northrop Frye* series in order to explore the development of his extraordinary intellectual range and the implications of his imaginative syntheses They refute postmodernist arguments that Frye's literary criticism is obsolete and propose his wide ranging and non linear ways of thinking as a model for twenty first century readers searching for innovative ways of understanding literature and its relevance to contiguous disciplines The volume provides an in depth examination of Frye's work on a range of literary questions periods and genres as well as a consideration of his contributions to literary theory philosophy and theology The

portrait that emerges is that of a writer who still has much to offer those interested in literature and the ways it represents and transforms our world The book s overall argument is that Frye s case for the centrality of the imagination has never been more important where understanding history reconciling science and culture or reconceptualizing social change is concerned

Northrop Frye and American Fiction Claude Le Fustec,2015-01-15 *Northrop Frye and American Fiction* challenges recent interpretations of American fiction as a secular pursuit that long ago abandoned religious faith and the idea of transcendent experiences Inspired by recent philosophical thinking on post secularism and by Northrop Frye s theorizing on the connections between the Bible and the development of Western literature Claude Le Fustec presents insightful readings of the presence of transcendence and biblical imagination in canonical novels by American writers ranging from Nathaniel Hawthorne to Toni Morrison Examining these novels through the lens of Frye s ambitious account of literature s transcendent or kerygmatic power Le Fustec argues that American fiction has always contained the seeds of a rejection of radical skepticism and a return to spiritual experience Beyond an insightful analysis of Frye s ideas *Northrop Frye and American Fiction* is powerful testimony of their continued interpretive potential **Biblical and Classical Myths** Northrop Frye,Jay Macpherson,2004-01-01 Combines a 1981 82 series of twenty four lectures by Canadian literary critic Northrop Frye and Canadian poet and classicist Jay Macpherson s *Four Ages the Classical Myths* published in 1962 Interpreting Cultures J. Hart,2016-09-23 This book focuses on how we perceive know and interpret culture across disciplinary boundaries The study combines theoretical and critical contexts for close readings in culture through discussions of literature philosophy history psychology and visual arts by and about men and women in Europe the Americas and beyond *Revelation and Knowledge* Ross Greig Woodman,Joel Faflak,2011-01-01 Ross Woodman and Joel Faflak focus on the clash in British Romantic poets works between depth psychology and mysticism in the context of post Enlightenment crises of belief

Biblical Interpretation in Early Christian Gospels Thomas R. Hatina,2008-08-18 The second title in a proposed five volume work volume two following on from the volume on Mark s Gospel concentrates on Matthew s Gospel Contributors consider the function of embedded scripture texts in the context of the Gospels written and read heard in their early Christian settings The project is wide ranging with essays on the function of scripture in the compositional history of the gospels and the collection is broad in scope as a result of current interest in the integration of methods especially historical and narrative ones Advancements over the last 20 years in the study of genre and narrative criticism have left a void in the study of the function of embedded biblical texts in the Gospels This collection of essays will move the study of scripture within scripture forwards
