Norton Of Interviews:

Rebuilding Cleveland Diana Tittle, 1992 *Rebuilding Cleveland* is a critical study of the role that The Cleveland Foundation the country's oldest community trust has played in shaping public affairs in Cleveland Ohio over the past quarter century Drawing on an examination of the Foundation's private papers and more than a hundred interviews with Foundation personnel and grantees Diana Tittle demonstrates that The Cleveland Foundation with assets of more than 600 million has provided continuing catalytic leadership in its attempts to solve a wide range of Cleveland's urban problems The Foundation's influence is more than a matter of money Tittle shows The combined efforts of professional philanthropists and a board of trustees traditionally dominated by Cleveland's business elite but also including members appointed by various elected officials have produced innovative civic leadership that neither group was able to achieve on its own Through an examination of the Foundation's ongoing and sometimes painful organizational development Tittle explains how the Foundation came to be an important catalyst for progressive change in Cleveland *Rebuilding Cleveland* takes the reader back to 1914 when Cleveland banker Frederick C Goff invented the concept of a community foundation and pioneered a national movement of social scientists business leaders and government officials that made philanthropy a more effective force for private involvement in public affairs Tittle follows the Foundation through the 1960s when it began a major new initiative to establish itself as a civic agenda setter and problem solver to the present as a new generation of Foundation leaders continues to build upon this renewed sense of purpose

Decisions and Orders of the National Labor Relations Board United States. National Labor Relations Board, 1970

Dogtown Elyssa East, 2009-12-01 The area known as Dogtown an isolated colonial ruin and surrounding 3 000 acre woodland in storied seaside Gloucester Massachusetts has long exerted a powerful influence over artists writers eccentrics and nature lovers But its history is also woven through with tales of witches supernatural sightings pirates former slaves drifters and the many dogs Revolutionary War widows kept for protection and for which the area was named In 1984 a brutal murder took place there a mentally disturbed local outcast crushed the skull of a beloved schoolteacher as she walked in the woods Dogtown's peculiar atmosphere it is strewn with giant boulders and has been compared to Stonehenge and eerie past deepened the pall of this horrific event that continues to haunt Gloucester even today In alternating chapters Elyssa East interlaces the story of this grisly murder with the strange dark history of this wilderness ghost town and explores the possibility that certain landscapes wield their own unique power East knew nothing of Dogtown's bizarre past when she first became interested in the area As an art student in the early 1990s she fell in love with the celebrated Modernist painter Marsden Hartley's stark and arresting Dogtown landscapes She also learned that in the 1930s Dogtown saved Hartley from a paralyzing depression Years later struggling in her own life East set out to find the mysterious setting that had changed Hartley's life hoping that she too would find solace and renewal in Dogtown's odd beauty Instead she discovered a landscape steeped in intrigue and a community deeply ambivalent about the place while

many residents declare their passion for this profoundly affecting landscape others avoid it out of a sense of foreboding Throughout this richly braided first person narrative East brings Dogtown's enigmatic past to life Losses sustained during the American Revolution dealt this once thriving community its final blow Destitute war widows and former slaves took up shelter in its decaying homes until 1839 when the last inhabitant was taken to the poorhouse He died seven days later Dogtown has remained abandoned ever since but continues to occupy many people's imaginations In addition to Marsden Hartley it inspired a Bible thumping millionaire who carved the region's rocks with words to live by the innovative and influential postmodernist poet Charles Olson who based much of his epic *Maximus Poems* on Dogtown an idiosyncratic octogenarian who vigilantly patrols the land to this day and a murderer who claimed that the spirit of the woods called out to him In luminous insightful prose Dogtown takes the reader into an unforgettable place brimming with tragedy eccentricity and fascinating lore and examines the idea that some places can inspire both good and evil poetry and murder

Black Hearts Jim Frederick, 2010-02-09 Riveting a testament to a misconceived war and to the ease with which ordinary men under certain conditions can transform into monsters New York Times Book Review This is the story of a small group of soldiers from the 101st Airborne Division's fabled 502nd Infantry Regiment a unit known as the Black Heart Brigade Deployed in late 2005 to Iraq's so called Triangle of Death a veritable meat grinder just south of Baghdad the Black Hearts found themselves in arguably the country's most dangerous location at its most dangerous time Hit by near daily mortars gunfire and roadside bomb attacks suffering from a particularly heavy death toll and enduring a chronic breakdown in leadership members of one Black Heart platoon 1st Platoon Bravo Company 1st Battalion descended over their year long tour of duty into a tailspin of poor discipline substance abuse and brutality Four 1st Platoon soldiers would perpetrate one of the most heinous war crimes U S forces have committed during the Iraq War the rape of a fourteen year old Iraqi girl and the cold blooded execution of her and her family Three other 1st Platoon soldiers would be overrun at a remote outpost one killed immediately and two taken from the scene their mutilated corpses found days later booby trapped with explosives Black Hearts is an unflinching account of the epic tragic deployment of 1st Platoon Drawing on hundreds of hours of in depth interviews with Black Heart soldiers and first hand reporting from the Triangle of Death Black Hearts is a timeless story about men in combat and the fragility of character in the savage crucible of warfare But it is also a timely warning of new dangers emerging in the way American soldiers are led on the battlefields of the twenty first century

Supreme Court, of the City of New York ,

The Civilian Conservation Corps in Southern Illinois, 1933-1942 Kay Rippelmeyer, 2015-03-03 Drawing on more than thirty years of meticulous research Kay Rippelmeyer details the Depression era history of the simultaneous creation of the Civilian Conservation Corps CCC and the Shawnee National Forest in southern Illinois Through the stories of the men who worked in CCC camps devoted to soil and forest conservation projects she offers a fascinating look into an era of utmost significance to the identity citizens wildlife and natural landscape of the region Rippelmeyer outlines the geologic and

geographic history of southern Illinois from Native American uses of the land to the timber industry's decimation of the forest by the 1920s. Detailing both the economic hardships and agricultural land abuse plaguing the region during the Depression, she reveals how the creation of the CCC under Franklin Delano Roosevelt coincided with the regional campaign for a national forest and how locals first became aware of and involved with the program. Rippelmeyer mined CCC camp records from the National Archives, newspaper accounts, and other correspondence and conducted dozens of oral interviews with workers and their families to re-create life in the camps. An extensive camp compendium augments the volume, featuring numerous photographs, camp locations, and dates of operation, work history, and company rosters. Satisfying public curiosity and the need for factual information about the camps in southern Illinois, this is an essential contribution to regional history and a window to the national impact of the CCC.

Never Surrender Robert Kershaw, 2009-09-03 In *Never Surrender* Robert Kershaw captures the authentic voices of the ordinary heroes of the Second World War, from the soldiers fighting abroad to those battling on the home front, and creates an extraordinary portrait of a generation fighting for survival. Beginning with first-hand accounts of the reaction to Chamberlain's declaration of war in 1939, Kershaw portrays the many aspects of war through the words of those who were there: from the sailors of the little ships of Dunkirk to German soldiers preparing for Operation Sea Lion. He takes us from the nightly horrors of the Blitz to battles in the limitless desert of North Africa and from jungle war in Burma to Lancaster bombers over Germany and the beaches of Normandy. Featuring new interviews with veterans and civilians from Britain, the Commonwealth, and Germany, as well as diaries, letters, and first-hand accounts, this is a testimony to the remarkable men and women who lived through the Second World War, whose refusal to surrender changed them and Britain forever.

Southern Decadence in New Orleans Howard Philips Smith, Frank Perez, 2018-08-02

Founded in the summer of 1972 by a few friends as a modest celebration, the Southern Decadence festival has since grown into one of New Orleans's largest annual tourist events. The multiday extravaganza features street parties, drag contests, dancing, drinking, and bead tosses, culminating with a boisterous parade through the French Quarter. With over 200,000 participants, predominantly LGBT, these unbridled pre-Labor Day festivities now generate millions of dollars in revenue. Howard Philips Smith and Frank Perez's *Southern Decadence in New Orleans* brings together an astounding array of materials to provide the first comprehensive historical look at Southern Decadence. In an engaging account spanning five decades, the authors combine a trove of rare memorabilia from the event's founders, early photographs, and film stills, newspaper and magazine articles, interviews with longtime participants, a list of all the parades and grand marshals, as well as reproductions of early Southern Decadence invitations. Throughout, the authors explore the pivotal moments and public perceptions related to the festival, including the myths and conjecture that often inaccurately characterized it, and provide an in-depth narrative detailing how a small party in the Faubourg Trem grew into a worldwide destination, predominantly for gay men. Lauded by city leaders as the second most profitable festival in New Orleans, it shone only by Mardi Gras. Southern

Decadence emanates an air of frivolity that masks its enormous impact on the culture and economy of the Crescent City But with such growth comes the challenge of maintaining the original spirit of camaraderie while managing expanding administrative and logistical responsibilities Southern Decadence in New Orleans serves as a historical record that helps ensure the future of the celebration remains forever linked to the joyous impulse of its humble beginnings *Trailblazing Women Printmakers* Elena M. There Are No Accidents Jessie Singer, 2023-02-28 A journalist recounts the surprising history of accidents and reveals how they ve come to define all that s wrong with America We hear it all the time Sorry it was just an accident And we ve been deeply conditioned to just accept that explanation and move on But as Jessie Singer argues convincingly There are no such things as accidents The vast majority of mishaps are not random but predictable and preventable Singer uncovers just how the term accident itself protects those in power and leaves the most vulnerable in harm s way preventing investigations pushing off debts blaming the victims diluting anger and even sparking empathy for the perpetrators As the rate of accidental death skyrockets in America the poor and people of color end up bearing the brunt of the violence and blame while the powerful use the excuse of the accident to avoid consequences for their actions Born of the death of her best friend and the killer who insisted it was an accident this book is a moving investigation of the sort of tragedies that are all too common and all too commonly ignored In this revelatory book Singer tracks accidental death in America from turn of the century factories and coal mines to today s urban highways rural hospitals and Superfund sites The automobile industry popularized the idea of jaywalking to redirect blame away from cars and their drivers Racist planning policies built hazardous highway conditions straight through Black neighborhoods and then blamed Black and Latino victims Drawing connections between traffic accidents accidental opioid overdoses and accidental oil spills Singer proves that what we call accidents are hardly random Rather who lives and dies by an accident in America is defined by money and power She also presents a variety of actions we can take as individuals and as a society to stem the tide of accidents saving lives and holding the guilty to account
