Medieval Women's Writing Diane Watt, 2007-10-22 Medieval Women's Writing is a major new contribution to our understanding of women's writing in England 1100 1500 The most comprehensive account to date it includes writings in Latin and French as well as English and works for as well as by women Marie de France Clemence of Barking Julian of Norwich Margery Kempe and the Paston women are discussed alongside the Old English lives of women saints The Life of Christina of Markyate the St Albans Psalter and the legends of women saints by Osborn Bokenham Medieval Women's Writing addresses these key questions Who were the first women authors in the English canon What do we mean by women's writing in the Middle Ages What do we mean by authorship How can studying medieval writing contribute to our understanding of women's literary history Diane Watt argues that female patrons audiences readers and even subjects contributed to the production of texts and their meanings whether written by men or women Only an understanding of textual production as collaborative enables us to grasp fully women's engagement with literary culture This radical rethinking of early women's literary history has major implications for all scholars working on medieval literature on ideas of authorship and on women's writing in later periods The book will become standard reading for all students of these debates

Transgressive Womanhood: Investigating Vamps, Witches, Whores, Serial Killers and Monsters, 2019-02-26 This volume was first published by Inter Disciplinary Press in 2014 Despite the triumphs of the feminist movement the cultural stereotype of the evil woman remains Images of wanton treacherous malicious and monstrous females pervade art literature film mythology psychology and history This eBook is a compilation of some of the papers presented at the 5th

Global Conference on Evil Women and the Feminine and provides a collection of fresh perspectives on the construction of transgressive femininities A core theme throughout many of the chapters is that the concept of evil is gendered and what appears as a sinister action is often contingent on the gender of the perpetrator While many behaviours are considered relatively unproblematic for a man they are seen as evil when executed by a woman The notion of female evil remains intimately tied to transgression and subversion of the norms regarding acceptable femininity *Eighteenth-Century Women Poets and Their Poetry* Paula R. Backscheider, 2005-12-31 Co Winner James Russell Lowell Prize Modern Language Association This major study offers a broad view of the writing and careers of eighteenth century women poets casting new light on the ways in which poetry was read and enjoyed on changing poetic tastes in British culture and on the development of many major poetic genres and traditions Rather than presenting a chronological survey Paula R Backscheider explores the forms in which women wrote and the uses to which they put those forms Considering more than forty women in relation to canonical male writers of the same era she concludes that women wrote in all of the genres that men did but often adapted revised and even created new poetic kinds from traditional forms Backscheider demonstrates that knowledge of these women s poetry is necessary for an accurate and nuanced literary history Within chapters on important canonical and popular verse forms she gives particular attention to such topics as women s use of religious poetry to express candid ideas about patriarchy and rape the continuing evolution and important role of the supposedly antiquarian genre of the friendship poetry same sex desire in elegy by women as well as by men and the status of Charlotte Smith as a key figure of the long eighteenth century not only as a Romantic era poet *British Women Writers and the Writing of History, 1670-1820* Devoney Looser, 2003-05-01 Chosen by Choice Magazine as an Outstanding Academic Title Until recently history writing has been understood as a male enclave from which women were restricted particularly prior to the nineteenth century The first book to look at British women writers and their contributions to historiography during the long eighteenth century *British Women Writers and the Writing of History 1670 1820* asks why rather than writing history that included their own sex some women of this period chose to write the same kind of history as men one that marginalized or excluded women altogether But as Devoney Looser demonstrates although British women s historically informed writings were not necessarily feminist or even female focused they were intimately involved in debates over and conversations about the genre of history Looser investigates the careers of Lucy Hutchinson Lady Mary Wortley Montagu Charlotte Lennox Catharine Macaulay Hester Lynch Piozzi and Jane Austen and shows how each of their contributions to historical discourse differed greatly as a result of political historical religious class and generic affiliations Adding their contributions to accounts of early modern writing refutes the assumption that historiography was an exclusive men s club and that fiction was the only prose genre open to women **Social Constructionist Identity Politics and Literary Studies** S. Gupta, 2007-01-10 This study presents a critique of social constructionist identity politics which is distinguished from specific identity based political positions from

within and with social constructionist commitments Gupta examines the institutionalization of social constructionist identity politics in literary studies considering the notions of canonicity

Women, Writing and Religion in England and Beyond, 650-1100 Diane Watt, 2019-12-12 Women s literary histories usually start in the later Middle Ages but recent scholarship has shown that actually women were at the heart of the emergence of the English literary tradition Women Writing and Religion in England and Beyond 650 1100 focuses on the period before the so called Barking Renaissance of women s writing in the 12th century By examining the surviving evidence of women s authorship as well as the evidence of women s engagement with literary culture more widely Diane Watt argues that early women s writing was often lost suppressed or deliberately destroyed In particular she considers the different forms of male overwriting to which she ascribes the multiple connotations of destruction preservation control and suppression She uses the term to describe the complex relationship between male authors and their female subjects to capture the ways in which texts can attempt to control and circumscribe female autonomy Written by one of the leading experts in medieval women s writing Women Writing and Religion in England and Beyond 650 1100 examines women s literary engagement in monasteries such as Ely Whitby Barking and Wilton Abbey as well as letters and hagiographies from the 8th and 9th centuries Diane Watt provides a much needed look at women s writing in the early medieval period that is crucial to understanding women s literary history more broadly

The History of British Women's Writing, 700-1500 Liz Herbert McAvoy, Diane Watt, 2015-12-26 This volume focuses on women s literary history in Britain between 700 and 1500 It brings to the fore a wide range of women s literary activity undertaken in Latin Welsh and Anglo Norman alongside that of the English vernacular demanding a rethinking of the traditions of literary history and ultimately the concept of writing itself
