Not A Word Of A Lie:

Steven Gamelin, 2007-12-01 In *Observations of a Results Oriented Conservative* Steve Gamelin isn't afraid to apply moral values to politics and other aspects of life. He provides Conservatives with an understanding of the validity of their instincts by objectively looking at Liberals and their behavior. Just as he did in order to create this bold moral analysis of the flaws of Liberals, Gamelin advises readers to adopt the following guidelines in their observations of the behavior of those around them: Use the eyes of truth to see through the deception and spin of Liberalism. Apply good judgment to come to sound conclusions. See the simplicity of what a lie is and evaluate those individuals who promote the lie. Know why spin is nothing more than another word for lie. Evaluate the sound bite and determine its intent. Ignore conventional wisdom and evaluate for yourself. Replace political correctness with moral correctness. And most importantly, understand the Nixon Factor and how much it tells us about the Liberal. It is not a political statement to want a moral government, says Gamelin, and it is not dirty politics to point out corruption within government.

[The Voice of the Seven Thunders](#) George Kevyn Weber, 2014-07-21 There is no time for the people of the world to waste to decide to change their ways and their ways of living. The world is in a crisis that it has not been in before. Actually, the world has been in countless crises in the past before disaster, calamity, or catastrophe struck the people of the earth. We are not talking of crises of natural disasters, calamities, or catastrophes that have hit the earth; we are talking about man-made, man-engineered, and man-designed disasters, calamities, and catastrophes that have hit the world from time to time. History is full of them, and apart from those natural disasters caused by God or the Devil themselves, the rest were caused by man themselves. Now this revelation is not about the natural but about the spiritual. Power-mad dictators, rulers, and potentates of the world over are normally the cause of these disasters, calamities, and catastrophes, and nature has little to do with them, although they did affect nature in some way or another. Small and great Wars were started by whosoever caused them without any due regard of men's lives and the resultant horrors, hardships, and horrendous pain lived on in the hearts and lives of the people that survived. No one can add these things up, nor can they count the cost in human suffering, misery, and pain, nor the cost of men's souls lost, all for the sake of man's vanity. The current synopsis is catchy and intriguing. This synopsis is well-written and it will entice readers into picking this book up and reading it.

Palliser is a quiet, hardworking, conscientious man whose chief ambition in life is to become Chancellor of the Exchequer. After an unwise flirtation with the married Lady Dumbello, daughter of Dr. Grantly and granddaughter of the Reverend Mr. Harding from *The Warden* and *Barchester Towers*, he agrees to an arranged marriage with the great heiress of the day, the free-spirited, spontaneous Lady Glencora M.
