Not Knowing The Essays And Interviews:

Not-knowing Donald Barthelme, 1997 During the Second World War while their nations fought battles with weapons the four great warlords of the twentieth century Hitler Stalin Churchill and Roosevelt fought a war of the mind In a multi theatre narrative Warlords tells the story of this private war At its heart was a series of psychological duels in which individual victory was won by deceit charm flattery and lies By using their own words and the words of those who observed them at the time the book unravels the psychology and tactics of the four wartime leaders and describes how their behaviour ranged from tempestuous and egoistic to downright monstrous BOOK JACKET

Not-Knowing Donald Barthelme, 2008-01-28 The wildly varied essays in Not Knowing combine to form a posthumous manifesto of one of America's masters of literary experiment Here are Barthelme's thoughts on writing his own and others his observations on art architecture film and city life interviews including two previously unpublished and meditations on everything from Superman III to the art of rendering Melancholy Baby on jazz banjo This is a rich and eclectic selection of work by the man Robert Coover has called one of the great citizens of contemporary world letters

Not-Knowing Donald Barthelme, 1999-08-31 When Donald Barthelme died at the age of 54 he was perhaps the most imitated if not emulated practitioner of American literature Caustic slyly observant transgressive verbally scintillating Barthelme's essays stories and novels redefined a generation of American letters and remain unparalleled for the way they capture our national pastimes and obsessions but most of all for the way they capture the strangeness of life Not Knowing amounts to the posthumous manifesto of one of our premier literary modernists Here are Barthelme's thoughts on writing his own and others his observations on art architecture film and city life interviews including two never previously published and meditations on everything from Superman III to the art of rendering Melancholy Baby on jazz banjo This is a rich and eclectic selection of work by the man Robert Coover has called one of the great citizens of contemporary world letters From the Trade Paperback edition

Harold Rosenberg Debra Bricker Balken, 2021-10-06 Despite being one of the foremost American intellectuals of the mid twentieth century Harold Rosenberg 1906 1978 was utterly incapable of fitting in and he liked it that way Signature cane in one hand and a cigarette in the other he cut a distinctive figure on the New York City culture scene with his radiant dark eyes and black bushy brows A gangly giant at six foot four he would tower over others as he forcefully expounded on his latest obsession in an oddly high pitched nasal voice And people would listen captivated by his ideas With Harold Rosenberg A Critic's Life Debra Bricker Balken offers the first ever complete biography of this great and eccentric man Although he is now known mainly for his role as an art critic at the New Yorker from 1962 to 1978 Balken weaves together a complete tapestry of Rosenberg's life and literary production cast against the dynamic intellectual and social ferment of his time She explores his role in some of the most contentious cultural debates of the Cold War period including those over the commodification of art and the erosion of individuality in favor of celebrity demonstrated in his famous essay The Herd of Independent Minds An outspoken socialist

and advocate for the political agency of art he formed deep alliances with figures such as Hannah Arendt Saul Bellow Paul Goodman Mary McCarthy Jean Paul Sartre Willem de Kooning and Jackson Pollock all of whom Balken portrays with vivid accounts from Rosenberg's life Thoroughly researched and captivatingly written this book tells in full Rosenberg's brilliant fiercely independent life and the five decades in which he played a leading role in US cultural intellectual and political history

Samuel Beckett's Legacies in American Fiction James Baxter, 2021-11-30 Samuel Beckett's Legacies in American Fiction provides an overdue investigation into Beckett's rich influences over American writing Through in depth readings of postmodern authors such as Robert Coover Donald Barthelme Thomas Pynchon Don DeLillo Paul Auster and Lydia Davis this book situates Beckett's post war writing of exhaustion and generation in relation to the emergence of an explosive American avant garde In turn this study provides a valuable insight into the practical realities of Beckett's dissemination in America following the author's long standing relationship with the countercultural magazine Evergreen Review and its dramatic role in redrawing the possibilities of American culture in the 1960s While Beckett would be largely removed from his American context this book follows his vigorous albeit sometimes awkward reception alongside the authors and institutions central to shaping his legacies in 20th and 21st century America

Hiding Man Tracy Daugherty, 2025-06-25 In the 1960s Donald Barthelme came to prominence as the leader of the Postmodern movement He was a fixture at the New Yorker publishing more than 100 short stories including such masterpieces as Me and Miss Mandible the tale of a thirty five year old sent to elementary school by clerical error and A Shower of Gold in which a sculptor agrees to appear on the existentialist game show Who Am I He had a dynamic relationship with his father that influenced much of his fiction He worked as an editor a designer a curator a news reporter and a teacher He was at the forefront of literary Greenwich Village which saw him develop lasting friendships with Thomas Pynchon Kurt Vonnegut Tom Wolfe Grace Paley and Norman Mailer Married four times he had a volatile private life He died of cancer in 1989 The recipient of many prestigious literary awards he is best remembered for the classic novels Snow White The Dead Father and many short stories all of which remain in print today Hiding Man is the first biography of Donald Barthelme and it is nothing short of a masterpiece

Rethinking Postmodern Subjectivity Zuzanna Ladyga, 2009 What is postmodern literary subjectivity How to talk about it without falling in the trap of negative hyper essentialism or being seduced by exuberant lit speak One way out of this dilemma as this book suggests is via a redefinition of the concept in the context of Emmanuel Levinas and his radical ethics By defining subjectivity as an ethically charged act of language Levinas provides a fresh perspective on the often trivialized aspects of postmodern poetics such as referentiality and affect construction strategies The foregrounding of the ethical dimension of those poetic elements has far reaching consequences for how we read postmodern texts and understand postmodernism in general Thus to prove the benefits of the Levinasian approach the author applies it to the work of the canonical American postmodernist Donald Barthelme and explains the distinctly ethical

character of his apparently surfictional experiments Routledge International Handbook of Ignorance Studies Matthias Gross, Linsey McGoey, 2015-05-15 Once treated as the absence of knowledge ignorance today has become a highly influential topic in its own right commanding growing attention across the natural and social sciences where a wide range of scholars have begun to explore the social life and political issues involved in the distribution and strategic use of not knowing The field is growing fast and this handbook reflects this interdisciplinary field of study by drawing contributions from economics sociology history philosophy cultural studies anthropology feminist studies and related fields in order to serve as a seminal guide to the political legal and social uses of ignorance in social and political life Chapter 33 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license available here https://tandfbis.s3.us-west-2.amazonaws.com/rft-files/docs/Open-Access-Chapters/9780415718967_oachapter33.pdf

Labour of Laziness in Twentieth-Century American Literature Ladyga Zuzanna Ladyga, 2019-07-04 Analyses the theme of laziness in twentieth century American Literature Uncovers the ethical dimension of the writing of Stein Hemingway Barth Barthelme and Wallace by situating them in the context of the 20th century non normative ethical and aesthetic tradition Shows how the Romantic interest in laziness plays out through the modernist and postmodernist moments in 20th century American literature Offers an innovative model of ethical reading based on the concept of unproductivity as an alternative to the dominant post Romantic trends in the field of ethical criticism Presents the first comprehensive study of laziness as a theoretical concept which draws on a range of religious and philosophical references points spanning John Locke Immanuel Kant Martin Heidegger Emmanuel Levinas Theodor Adorno Roland Barthes Gilles Deleuze Michel Foucault Giorgio Agamben and Catherine Malabou The Labour of Laziness in Twentieth Century American Literature focuses on the issue of productivity using the figure of laziness to negotiate the relation between the ethical and the aesthetic This book argues that major twentieth century American writers such as Gertrude Stein Ernest Hemingway John Barth Donald Barthelme and David Foster Wallace provocatively challenge the ethos of productivity by filtering their ethical interventions through culturally stigmatised imagery of laziness Ladyga argues that when the motif of laziness appears it invariably reveals the underpinnings of an emerging value system at a given historical moment while at the same time offering a glimpse into the strategies of rebelling against the status quo

Selected Film Essays and Interviews Bruce F. Kawin, 2013-04-01 This engaging collection of Bruce F. Kawin's most important film essays 1977-2011 is accompanied by his interviews with Lillian Gish 1978 and Howard Hawks 1976 The Hawks interview is particularly

concerned with his work with William Faulkner and their friendship The Gish interview emphasizes her role as a producer in the 1920s The essays focus on such topics as violence and sexual politics in film the relations between horror and science fiction the growth of video and digital cinema and their effects on both film and film scholarship the politics of film theory narration in film and the relations between film and literature Among the most significant articles reprinted here are Me Tarzan You Junk The Montage Element in Faulkner's Fiction The Mummy's Pool The Whole World Is Watching and Late Show on the Telescreen Film Studies and the Bottom Line The book includes close readings of films from La Jetée to The Wizard of Oz

The Matter of High Words Robert Chodat, 2017-08-18 In a world of matter how can we express what matters When the explanations of the natural sciences become powerfully precise and authoritative what is the status of our highest words the languages that articulate our norms and orient our lives The Matter of High Words examines a constellation of American writers who in the decades since World War II have posed these questions in distinctive ways Walker Percy Marilynne Robinson Ralph Ellison Stanley Cavell and David Foster Wallace are all self consciously post WWII authors attuned to the fragmentation and skepticism that have defined so much of the literary and critical culture of the last century and more Yet they also attempt to reach back to older forms of thought and writing that are often thought to have dried up the traditions of prophecy of wisdom literature of the sage Working within this dual inheritance these authors are drawn equally to both art and argument showing and telling shifting continually between narrative and discursive genres In their essays they act as moralists promoting the broad abstract concepts that might inspire action in the face of naturalistic reduction community family courage fraternity marriage friendship temperance judgment In their narratives they offer particular lives in particular settings thick descriptions that give flesh to such high words Rarely do these movements between genres generate a tidy equilibrium where their essays speak of cooperation and redemption their narratives display alienation loss and failure But in pursuing such risky unorthodox strategies these postwar sages are not only able to challenge some of the dominant naturalistic theories of the last several decades cognitive science neo Darwinian theory social science the fact value divide in analytic philosophy Through five chapters of detailed analysis and close reading Chodat explores the question of whether vocabularies of ought and ought not can still emerge today and how these concepts might be embodied and whether such ideas might be found in things

Aestheticism, Evil, Homosexuality, and Hannibal Geoff Klock, 2017-10-11 In late 19th century England Oscar Wilde popularized aestheticism also known as art for art's sake the idea that art that beauty should not be a vehicle for morality or truth but an end in and of itself Rothko and Jackson Pollock enthroned the idea creating paintings that are barely graded panels of color or wild splashes Today pop culture is aestheticism's true heir from the perfect charismatic emptiness of Ocean's Eleven to the hyper choreographed essentially balletic movements in the best martial arts movies But aestheticism has a dark core one that Social Justice Activists are now gathering to combat revealing the damaging ideology reflected in or concealed by our most beloved pop culture icons Taking

Bryan Fuller's television version of Hannibal The Cannibal Lecter as its main text and taking i ek style illustrative detours into Malcolm in the Middle Dark Knight Rises Harry Potter Interview with a Vampire Dexter and more this book marshals Walter Pater Camille Paglia Nietzsche the Marquis de Sade Kant and Plato as well as Dante Shakespeare Milton Blake Baudelaire Beckett Wallace Stevens and David Mamet to argue that Fuller's show is a deceptively brilliant advance of aestheticism both in form and content one that investigates how deeply art for art's sake and those of us who consciously or unconsciously worship at its teat are necessarily entwined with evil
