Not Guilty At Nuremberg The German Defense Case:

Not Guilty at Nuremberg Carlos Whitlock Porter, 2018-07-18 What REALLY happened at the Nuremberg War Tribunals This book contains shocking evidence that they were little more than lynch mob proceedings resulting in the Most Corrupt Trial of The Twentieth Century It shows that the trials broke every legal precedent and procedure of evidence in the book Evidence Was Tainted from The Beginning The Verdicts Planned and Agreed Upon from The Outset No Cross Examinations of Prosecution Witnesses Their Presence in Court Not Even Required Blatantly Fraudulent Documents Were Accepted as Fact Over and Over Again Impossible Events Were Accepted Into Evidence With No Scientific Proof of Opportunity for Rebuttal Uninformed people consider the Nuremberg War Crimes Trials as the ultimate proof of the guilt of the German leadership before and during World War II The transcripts of the proceedings however tell an entirely different story What You Will Read In This Book Is So Astonishing that you may find yourself reaching the Same Conclusion As Have So Many Others When Shown The Truth NOT guilty at Nuremberg Not Guilty at Nuremberg, 1988 *Not Guilty at Nuremberg* Carlos W. Porter, 1900* Defense in International Criminal Proceedings Michael Bohlander, Roman Boed, Richard Wilson, 2006-03-21 This collection of cases and materials attempts for the first time to provide a compendium of the most important legal texts relevant documents and cases as well as explanatory commentary on the law of defence in international criminal proceedings by scholars and practitioners who have a wealth of relevant experience in the field The book provides students in law school courses on international human rights law and ICL with the essential materials to understand the vital importance of an adequate defence in international criminal proceedings Further the text gives legal practitioners who may consider extending their field of practice to the international level a look at the diversity of the tasks they will encounter and prepare them for the legal culture shock inevitable at the international tribunals and courts **Not Guilty at Nuremberg** Carlos Whitlock Porter, 1980 No Road Leading Back Chris Heath, 2024-09-03 This by turns shattering and hope giving account of prisoners who dug their way to freedom from the Nazis is both a stunning escape narrative and an object lesson in the ways we remember and continually forget the particulars of the Holocaust No Road Leading Back is the remarkable story of a dozen prisoners who escaped from the site where more than 70 000 Jews were shot in the Lithuanian forest of Ponar after the Nazi invasion of Eastern Europe in 1941 Anxious to hide the incriminating evidence of the murders the S S later in the war enslaved a group of Jews to exhume every one of the bodies and incinerate them all in a months long labor an episode whose specifics are staggering and disturbing even within the context of the Holocaust From within that dire circumstance emerges the improbable escape made by some of the men who dug a tunnel with bare hands and spoons while they were trapped and guarded day and night an act not just of bravery and desperation but of awesome imagination Based on first person accounts of the escapees and on each scrap of evidence that has been documented repressed or amplified since this book resurrects their lives while also providing a complex urgent analysis of why their story has rarely been told

and never accurately Heath explores the cultural use and misuse of Holocaust testimony and the need for us to face it and all uncomfortable historical truths with honesty and accuracy

Three Perspectives: Jewish, Christian, and Muslim Steven H. Propp, 2009-12-30 You're Jewish aren't you This blunt question is the way that college freshman Richard Cohn is introduced to an outspoken fellow student named Dov Epstein who calls himself a Messianic Jew and believes that God has a special purpose for the Jewish people in these Last Days Raised by secular Jewish parents Richard is completely oblivious to his own Jewish background until this ongoing dialogue forces him to confront his own heritage The two young men vigorously argue with each other over the interpretation of the Hebrew Bible particularly its reputed predictions of a Messiah Christian doctrines such as the Trinity and most significantly about the identity and significance of Jesus of Nazareth The rigorous process of self examination this initiates leads Richard to embrace his Jewish identity even as he vehemently denies the same for Dov The two ultimately become fast friends but as they progress from an academic environment to the professional world they are challenged by racist statements made by prominent national figures anti Semitic doctrines such as Christian Identity which teaches that white Anglo Saxons are the true Israel and also purported scholars who deny the reality of the Holocaust itself Circumstances in life connect them with a young Iranian migr named Jahangir Khatami whose Muslim beliefs conflict strongly with their own Yet when a violent incident brings the three of them together they are forced to reexamine not just their differences but their similarities While they clash over the ideals of Zionism and its ramifications in the modern State of Israel they are united in their horror over the terrorist attacks of September 11 2001 Join a diverse cast of characters some of whom appeared in the authors earlier book *Beyond Heaven and Earth* in a probing exploration that may help you reconsider just what it means to be Jewish Christian or Muslim in the modern world

Trials of War Criminals Before the Nuernberg Military Tribunals Under Control Council Law No. 10, Nurenberg, October 1946-April, 1949 ,1953 **Stalin's Soviet Justice** David M. Crowe,2019-06-13 From the show trials of the 1920s and 1930s to the London Conference this book examines the Soviet role in the Nuremberg IMT trial through the prism of the ideas and practices of earlier Soviet legal history detailing the evolution of Stalin s ideas about the trial of Nazi war criminals Stalin believed that an international trial for Nazi war criminals was the best way to show the world the sacrifices his country had made to defeat Hitler and he together with his legal mouthpiece Andrei Vyshinsky maintained tight control over Soviet representatives during talks leading up to the creation of the Nuremberg IMT trial in 1945 and the trial itself But Soviet prosecutors at Nuremberg were unable to deal comfortably with the complexities of an open western style legal proceeding which undercut their effectiveness throughout the trial However they were able to present a significant body of evidence that underscored the brutal nature of Hitler s racial war in Russia from 1941 45 a theme which became central to Stalin s efforts to redefine international criminal law after the war Stalin s Soviet Justice provides a nuanced analysis of the Soviet justice system at a crucial turning point in European history and it will be vital reading for scholars and advanced students of the legal history of the Soviet Union the history of war crimes and the aftermath of the Second World War

Law for Commanders ,1984 The Prohibition of Propaganda for War in International Law Michael G. Kearney,2007-11-15 Bereft of any comprehensive analysis and subject to little if any sustained debate the tangential location of the prohibition of propaganda for war in the discourse of international law has resulted in a situation where state conduct in this area too often appears to be acting in a legal vacuum In proposing a more robust role for international law in responding to what is a matter of widespread public concern the book analyses the context in which international law first came to be concerned with propaganda for war in the years following the First World War With the establishment of the United Nations and the corresponding development of international human rights law the issue of the prohibition of propaganda for war in both human rights law and international criminal law became a highly significant yet

frequently divisive matter during the Cold War Drawing on primary materials from the League of Nations to the Rome Statute of the International Criminal Court this book makes the case for the revitalisation of a provision of international law which can be fundamental to the prevention of war The book examines international human rights law the travaux préparatoires to the International Covenant on Civil and Political Rights communications between the Human Rights Committee and states parties to the Covenant state practice and international criminal law Drawing on the manner by which international tribunals from Nuremberg to The Hague have approached the matter of individual criminal responsibility for incitement to crimes of an international dimension the book proposes that direct and public incitement to aggression be included as a crime in the Rome Statute of the International Criminal Court The United Nations Donald Arthur Wells, 2005 This book explores the structure of the UN its achievements and its weaknesses explaining what it can and cannot do and why It traces mankind's quest for international laws especially with regard to war and shows how the US shaped the UN and continues to direct and limit its functioning Provided by publisher The Case of Crimea's Annexation Under International Law Karolina WIERCZYŃSKA, 2017-02-15 This book addresses issues connected with Russia's 2014 annexation of Crimea that are both of key current relevance and crucial from the point of view of both international law and international relations It not only offers a comprehensive elaboration of the subject but also presents it from the points of view of states directly engaged in the conflict For the authors in this book include researchers from many European countries albeit first and foremost from both Ukraine and Russia In this way the collected work represents a contribution of undoubted value where the ongoing international debate on the Crimean annexation is concerned From the review by Prof Anna Wyrozumska This book offers an interesting holistic and competent contribution to legal analysis surrounding Russia's annexation of Crimea the consequences thereof and the responsibility in international law therefor It is characterised by a high level of legal analysis by a competent international team of authors led by Polish experts on the subject whose painstaking selection of co authors has allowed for an airing of both Ukrainian and Russian standpoints From the review by Prof Jerzy Kranz Książka stanowi wspólnie przedsięwzięcie Wydawnictwa Naukowego Scholar i Centrum Polsko Rosyjskiego Dialogu i Porozumienia <http://cpr.dip.pl> Book published in co edition with The Centre for Polish Russian Dialogue and Understanding <http://cpr.dip.pl> The Katyn Forest Massacre United States. War Department. Public Relations Division, 1947 *Honest Errors? Combat Decision-Making 75 Years After the Hostage Case* Nobuo Hayashi, Carola Lingaas, 2023-10-03 This book marks the 75th anniversary of the 1948 Hostage Case in which a US military tribunal in Nuremberg acquitted General Lothar Rendulic of devastating Northern Norway on account of his honest factual error The volume critically reappraises the law and facts underlying his trial the no second guessing rule in customary international humanitarian law IHL that is named after the

general himself and the assessment of modern battlefield decisions Using recently discovered documents this volume casts major doubts on Rendulic's claim that he considered the region's total devastation and the forcible evacuation of all of its inhabitants imperatively demanded by military necessity at the time This book's analysis of court records reveals how the tribunal failed to examine relevant facts or explain the Rendulic Rule's legal origin This anthology shows that despite the Hostage Case's ambiguity and occasional suggestions to the contrary objective reasonableness forms part of the reasonable commander test under IHL and the mistake of fact defence under international criminal law ICL to which the rule has given rise This collection also identifies modern warfare's characteristics human judgment de empathetic battlespace and institutional bias that may make it problematic to deem some errors both honest and reasonable The Rendulic Rule embodies an otherwise firmly established admonition against judging contentious battlefield decisions with hindsight Nevertheless it was born of a factually ill suited case and continues to raise significant legal as well as ethical challenges today The most comprehensive study of the Rendulic Rule ever to appear in English this multi disciplinary anthology will appeal to researchers and practitioners of IHL and ICL as well as military historians and military ethicists and offers ground breaking new research Nobuo Hayashi is affiliated to the Centre for International and Operational Law at the Swedish Defence University in Stockholm Sweden Carola Lingaas is affiliated to the Faculty of Social Studies at VID Specialized University in Oslo Norway
