Notable Days:

200 Notable Days Richard A. Baker, 2006 Comprised of 200 readable and informative historic vignettes reflecting all areas of Senate activities from the well known and notorious to the unusual and whimsical Prepared by Richard A Baker the Senates Historian these brief sketches each with an accompanying illustration and references for further reading provide striking insights into the colorful and momentous history of The World s Greatest Deliberative Body Review from Goodreads Jason rated this book with 3 stars and had this to say This coffee table book on Senate History comes from none other than the U S Senate Historian Richard Baker The House of Representatives recently acquired noted historian of the Jacksonian era Robert Remini as the official House Historian He recently wrote a pretty impressive tomb on the House of Representatives The Senate already has a 4 volume history written by US Senator Robert C Byrd of West Virginia so the Senate could not reply in that manner So I think the coffee table book was the best that we could muster I think this is the first time I have actually read a coffee table book from cover to cover It is a chatty little story book filled with useful cocktail party history of the US Senate That s useful knowledge to me as I never know what to say at Washington cocktail parties Perhaps anecdotes about Thomas Hart Benton will help break the ice The most striking thing to me about the book was the number of attacks on the Capitol I had heard about all the incidents individually but it is more jolting to see them sequentially 3 bombings 2 gun attacks and then the attempt on September 11th In a way its remarkable that the Capitol complex remained so open for so long Note I use the past tense here As any of you who have visited the capitol recently will have noted it is increasingly difficult to get in And once the Capitol Visitor Center is completed I expect it will be very much a controlled experience like the White House In any case Baker s prose is breezy and he is dutifully reverent to the institution without missing the absurdities of Senate life You also get a sense of the breakdown in lawfulness that preceded the Civil War Its not just the canning of Charles Sumner its also the Mississippi Senator pulling a gun on Missouri Senator Thomas Hart Benton in the Senate chamber Then there is the case of California Senator David Broderick an anti slavery Democrat being killed in a duel by the pro slavery Chief Justice of the California Supreme Court Apparently back in those days California was a lot more like modern Texas In any case the slide toward anarchy can definitely be found long before Fort Sumter Another interesting aside that I really never knew concerns the order of succession All of us learn in school that it is the President then the Vice President then the Speaker of the House and then President Pro Tempore of the Senate After that you get the members of the Cabinet and I was aware that as new departments were created they have been shuffled up a bit What I did not know is that Congress was not always in the order of succession at all For a long time it devolved from the President to the VP and then directly to the Secretary of State Furthermore when they first inserted Congress it was the President Pro Tempore of the Senate who was third in line over the Speaker of the House The structure we all know and love was only finalized in 1947 after some hard thinking in light of FDR s demise and the Constitutional Amendments on

succession that followed Anyway this is a book for government geeks If you are one its a nice read and about as pleasant a way to introduce yourself to Senate history as I have found If not there are prettier coffee table books to be had *The Story of a Thousand* Albion W. women whose service in the United States Congress as improbable as it was marked a turning point in history To be the first black American or the first woman to serve in a largely white male dominated institution requires a level of moral courage seldom found in ordinary people To be openly gay to subscribe to the Muslim faith in a nation often fearful and ignorant of Islam or to navigate the hallways of power with physical disabilities is to be cognizant of one's separateness To be an other is to feel the stigma of that difference and yet to persevere is to forge a path for later generations of others to follow The service of these courageous men and women forever changed Congress and by extension the nation they truly were congressional pathfinders Nancy Pelosi Daniel Inouye Margaret Chase Smith Shirley Chisholm Ilhan Omar and Hillary Clinton are among the many figures profiled in Congressional Pathfinders [Key to the Revelation](#) Ethan Smith, 1833 **A practical exposition of the Acts of the Apostles, lectures** John Bird Sumner (abp. of Canterbury.), 1838 **A Practical Exposition of the Acts of the Apostles in the Form of Lectures: Intended to Assist the Practice of Domestic Instruction and Devotion** John Sumner, 2025-07-29 Reprint of the original first published in 1838 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *Revealing the Spirit of God* Passio Faith, 2015-03-03 PRAY WITHOUT CEASING 1 THESSALONIANS 5:17 MEV THIS PENTECOST SET YOUR HEART ON FIRE FOR THE IMPARTATION OF GOD'S SPIRIT BASED ON THE WORDS and teachings of great men and women of God such as Maria Woodworth Etter William Seymour John G Lake Smith Wigglesworth and others Revealing the Spirit of God is a fifty day guided prayer journey to the most significant event in all of human history since the resurrection of Jesus Christ the coming of the Holy Spirit on the day of Pentecost This powerful prayer and fasting resource is specially customized for those who want to be revived and filled afresh with the presence of God EACH DAY'S READING INCLUDES A KEY SCRIPTURE VERSE and suggested prayer INSPIRATIONAL READING from a classic charismatic leader POINTS FOR CONTEMPLATION TO HELP IGNITE heartfelt prayer and deeper surrender **Climate Management Issues** Julie K. Gines, 2011-12-14 Despite all the controversy and hype that climate change has generated there now exists an overwhelming body of scientific evidence that the problem is real and that its effects are already being felt on a global scale Part of what makes this a volatile and controversial issue is that it is not just confined to the realms of the scientific community [The Time Is at Hand](#) Robert Finley, 2008-11 THE TIME IS AT HAND The Book of Revelation was written in 66 A.D. to reveal that the time had come for the fulfillment of Christ's prophecies regarding those who condemned Him to death The destruction of Jerusalem which He had foretold was delayed 36 years while He called out an elect remnant of 144,000 Hebrews to give the gospel to other nations The great tribulation occurred 66-70 A.D.
