David Rehak, 2005 One Thursday morning August 1892 in the safe and sleepy mill town of Fall River Massachusetts Andrew and Abby Borden were savagely hacked to death in their home Their upstanding and respectable younger daughter Lizzie was suspected and tried for their murders but was acquitted of the crime Fall River Massachusetts is a port town on Mount Hope Bay at the mouth of the Taunton River The city has numerous historical buildings and tourists come to see the famous battleship USS Massachusetts from World War 2 The ancient Indian name for the area is Quequechan which means falling water In 1656 the community was established by settlers hailing from Plymouth Colony In 1811 the first cotton mill was established and in time the city became well known for its textile mills which brought it prosperity well into the 1920s It was these mills in large part that made Lizzie Borden's father Andrew a rich man by 1892 David Rehak spent eight years four years of study two years of research and two more years of writing and revision in the production of this book He became intrigued with Lizzie Borden after viewing an A E television biography on her in 1996 According to Mr Rehak Lizzie was an average unremarkable woman and the most extraordinary criminal or criminal suspect in history She was a tiny grain of sand an absolute nobody who no one took much notice of and if she had not been accused of murder she would have lived a low profile life and vanished from the world's memory like the flame of a candle But after she was accused of murder she became an unforgettable symbol and legend an absolute somebody The debate on whether Lizzie Borden was innocent or guilty brings out passionate feelings and disagreements in every sort of person In fact during the trial according to the New York Times it was estimated that about nineteen hundred marriages ended in divorce because of the intense difference of opinion between husbands and wives that the controversy created Included in this book are strikingly rare new and unpublished revelations about Lizzie's private life The book also contains photographs cartoons original artwork quotes and poetry most of which are rare and never before seen Did Lizzie Borden take an axe and kill her parents The divide between those who believe she did the crime and those who don't sometimes runs deep This book reveals certain probabilities that should not be suppressed or ignored probabilities that deserves scholarly and thoughtful consideration *Winston Churchill, Myth and Reality* Richard M.
