Notable Service to the Empire Hugh Campbell,1995      **The British Empire and the Second World War** Ashley Jackson,2006-03-09 In 1939 Hitler went to war not just with Great Britain he also went to war with the whole of the British Empire the greatest empire that there had ever been In the years since 1945 that empire has disappeared and the crucial fact that the British Empire fought together as a whole during the war has been forgotten All the parts of the empire joined the struggle and were involved in it from the beginning undergoing huge changes and sometimes suffering great losses as a result The war in the desert the defence of Malta and the Malayan campaign and the contribution of the empire as a whole in terms of supplies communications and troops all reflect the strategic importance of Britain s imperial status Men and women not only from Australia New Zealand and India but from many parts of Africa and the Middle East all played their part Winston Churchill saw the war throughout in imperial terms The British Empire and the Second World War emphasises a central fact about the Second World War that is often forgotten      **Australia 1944-45** Peter J. Dean,2016 Thoroughly researched and generously illustrated Australia 1944 45 is the compelling final instalment in Peter Dean s Pacific War series

The A to Z of World War II Anne Sharp Wells,2009-09-28 World War II dominates world history today as it dominated world attention over 60 years ago In spite of the alliances that bound many of the same participants the war was essentially two separate but simultaneous conflicts one involved Japan as the major antagonist and took place mostly in Asia and Pacific and the other initiated by Germany and Italy was contested mainly in Europe North Africa the Mediterranean and the Atlantic The A to Z of World War II The War Against Japan traces the brutal conflict from Japan s seizure of Chinese territory in 1931 through the onset of war with the Western Allies in 1941 to the use of atomic weapons by the United States in 1945 It also addresses the aftermath of the war including the formation of the United Nations and the American occupation of Japan As the first of two volumes covering World War II this volume concentrates on the war in Asia and the Pacific so the user benefits from the comprehensive explanations of the people places and events that shaped much of that region s 20th century history      *Historical Dictionary of World War II* Anne Sharp Wells,2023-12-15 World War II was the largest and most costly conflict in history the first true global war Fought on land on sea and in the air it involved numerous countries and killed maimed or displaced millions of people both civilian and military around the world In spite of the alliances that bound many of the same participants the war was essentially two separate but simultaneous conflicts one involved Japan as the major antagonist and took place mostly in Asia and the Pacific and the other initiated by Germany and Italy was contested mainly in Europe North Africa the Mediterranean and the Atlantic This book focuses on the lesser known war the war with Japan It begins with Japan s seizure of Manchuria from China in 1931 and covers Japan s ambitious attacks on Pearl Harbor and other territories ten years later the use of atomic bombs on Japan s cities and the end of the Allied occupation of Japan in 1952 Although Japan renounced war in its 1947 constitution conflict continued across Asia as former colonies fought for

independence and civil war engulfed other areas Historical Dictionary of World War II The War Against Japan Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on the military diplomatic political social economic and scientific aspects of the war in addition to the lives of the people who participated in and directed the war This book is an excellent resource for students researchers and anyone wanting to know more about the war against Japan during World War II HMAS Castlemaine Kerry

**Vereniging voor Zeegeschiedenis** Nederlandse Vereniging voor Zeegeschiedenis,1997 Great White Fleet to Coral Sea Russell Parkin,2008 **The ABC of Royal Australian Navy Corvettes** Libby Pearce,Able Seaman,2019-08-20 The tradition of naming ships of the Royal Australian Navy s fleet after our nation s cities and towns began when the Royal Australian Navy Fleet Unit was created in the years immediately preceding World War I When the Australian Fleet Unit first arrived in Sydney on 4 October 1913 it was led into Port Jackson by the flagship HMAS Australia I followed closely by two brand new cruisers each carrying the name of Australia s largest cities Melbourne and Sydney Later more cruisers were ordered and over time the names of other capital cities were added including Adelaide Brisbane Canberra Perth and Hobart The citizens

of those major cities took much pride in having state of the art Australian warships so named particularly as most knew someone serving in them It followed that the exploits and adventures of those men and ships were reported with great enthusiasm and pride by hometown newspapers Soon after the outbreak of World War II an order was placed for sixty minesweepers of simple design to be constructed in Australian shipyards as part of the Commonwealth Government s wartime shipbuilding programme Rapidly produced these vessels were capable of patrol work shore bombardment minesweeping escort and survey duties and troop transport They became popularly known as corvettes and with so many ships commissioning the Navy turned its attention to regional towns and communities in search of worthy names The lead ship of the class was named HMAS Bathurst after the town in the central tablelands of NSW and those that followed each took their names from other regional towns dotted around the country This linkage between the Navy and the Nation forged strong and enduring links between the RAN and the communities it drew upon to crew its fighting ships at a time when Australia never felt more threatened Altogether 56 Bathurst class corvettes saw active service in the RAN during World War II performing valuable work in far flung theatres in both hemispheres Four corvettes were built for the Royal Indian Navy Three corvettes were lost during the war and a fourth in 1947 while clearing mines from the Great Barrier Reef Castle Class Corvettes ,2007 A history of royal navy castle class corvettes
