**Notable Southern Families** , 1922      **Empire Families** Elizabeth Buettner, 2004-07 What was life like for the British men women and children who lived in late imperial India while serving the Raj *Empire Families* treats the Raj as a family affair and examines how and why many remained linked with India over several generations Due to the fact that India was never meant for permanent European settlement many families developed deep rooted ties with India while never formally emigrating Their lives were dominated by long periods of residence abroad punctuated by repeated travels between Britain and India childhood overseas followed by separation from parents and education in Britain adult returns to India through careers or marriage furloughs and ultimately retirement in Britain As a result many Britons neither felt themselves to be rooted in India nor felt completely at home when back in Britain Their permanent impermanence led to the creation of

distinct social realities and cultural identities Empire Families sets out to recreate this society by looking at a series of families their lives in India and their travels back to Britain Focusing for the first time on the experiences of parents and children alike and including the Beveridge Butler Orwell and Kipling families Elizabeth Buettner uncovers the meanings of growing up in the Raj and an itinerant imperial lifestyle [Guide to Reference in Genealogy and Biography](#) Mary K. **Britain's Greatest Generation** Sue Elliott,Steve Humphries,2015-04-23 In association with the flagship BBC2 series This is the story of the men and women of a truly remarkable generation Born into a world still reeling from the earth shattering events of the Great War they grew up during the appalling economic depression of the 1930s witnessed the globe tear itself apart again during the Second World War and emerged from post war austerity determined to create a new society for their children It is the story of people who raised their families during the immense social upheaval of the Fifties and Sixties as the world in which they had grown up changed inexorably It is the story of the people who shaped the way we live now Britain s Greatest Generation tells this multi faceted story through the eye witness accounts of those who were there from Japanese prisoner of war Fergus Anckorn to Dame Vera Lynn from Bletchley Park veteran Jean Valentine to Dad s Army creator Jimmy Perry and from fighter pilot Tom Neil to the Queen s cousin Margaret Rhodes Together their testimony creates a vivid often deeply moving picture of an extraordinary epoch and the extraordinary people who lived through it [British Almanac and Family Cyclopaedia](#) ,1897 *The Origin Legends of Early Medieval Britain and Ireland* Lindy Brady,2022-08-04 The inhabitants of early medieval Britain and Ireland shared the knowledge that the region held four peoples and the awareness that they must have originally come from elsewhere The Origin Legends of Early Medieval Britain and Ireland studies these peoples origin stories an important genre that has shaped national identity and collective history from the early medieval period to the present day These multilingual texts share many common features that repay their

study as a genre but have previously been isolated as four disparate traditions and used to argue for the long roots of current nationalisms Yet they were not written or read in isolation during the medieval period Individual narratives were in constant development written and rewritten to respond to other texts This book argues that insular origin legends developed together to flesh out the history of the insular region as a whole **Mariners, Merchants And The Military Too** Phillip

Johnson, 2014-02-18 In this book the author makes use of the methodology he developed in *Origins of Arthurian Romances* McFarland 2012 in order to reevaluate the post Roman history of Britain He begins by delving into the historical contexts of the key traditional players of the fifth century Hengest and Gwrtheyrn A better understanding of these two characters allows for a reexamination of the persons and events of the fifth sixth and seventh centuries The text that follows entirely realigns how those centuries can be seen from a chronological as well as a military and political standpoint The fifth century was not a time of British and Germanic fragmentation as they separated from Rome but one of slow integration and the formation of kingships that were a result of the economic realities of surviving without the dying giant *Riding on a Tiger* Awori, Arthur Moody, 2020-02-27 Arthur Moody Awori known as Uncle Moody is a veteran Kenyan politician who served as the ninth Vice President of Kenya from 25 September 2003 to 9th January 2008 *Riding on a Tiger* is an epic journey of discovery It is the story of a man lured by both the thrill of adventure and the courage to lose sight of the shore to discover the mysteries of the sea of life This work seeks to reconstruct the author's beginnings in a large God fearing family in the early decades of the 20th century and how those beginnings became the anvil on which his character as an unrelenting businessman and philanthropist were forged In this bare all work Moody Awori or Uncle Moody as many have come to fondly call him says it all From how he came to live in whites only neighbourhoods before his time through the plunge into the tumultuous world of politics to what led to the much famed prison reforms It is a story of a nation as seen through the eyes of one who has seen it all [Immigration to Palestine during the British Mandate \(1922-1948\)](#) Yaacov Nir, 2021-10-19 This book explores the nature of the severe conflict over immigration in Palestine during the British Mandate 1922 1948 It considers the perspectives of the British authorities the Palestinian Jewish community and the Palestinian Arabs in their permanent opposition to Jewish immigration expressed through strikes demonstrations and revolt towards the Jewish community in Palestine as well as the British authorities It serves to contribute to a debate in the history of Palestine whilst seeping into other disciplines such as economics sociology law and maritime history **Agricultural and Industrial Progress in Canada**, 1929 **Running the Family Firm** Laura Clancy, 2021-09-28 In recent decades the global wealth of the rich has soared to leave huge chasms of wealth inequality This book argues that we cannot talk about inequalities in Britain today without talking about the monarchy *Running the Family Firm* explores the postwar British monarchy in order to understand its economic political social and cultural functions Although the monarchy is usually positioned as a backward looking archaic institution and an irrelevant

anachronism to corporate forms of wealth and power the relationship between monarchy and capitalism is as old as capitalism itself This book frames the monarchy as the gold standard corporation The Firm Using a set of case studies the Queen Prince Charles Prince Harry Kate Middleton and Meghan Markle it contends that The Firm s power is disguised through careful stage management of media representations of the royal family In so doing it extends conventional understandings of what monarchy is and why it matters      **Identifying British Insects and Arachnids** Peter Charles Barnard,1999-04-15 Essential guide to the specialist literature for the identification of British insects and arachnids
