

THE NOTEBOOK OF WILLIAM BLAKE

A PHOTOGRAPHIC AND TYPOGRAPHIC FACSIMILE

If then will act like a man making over a claim
They ought not when it comes to anything from
us, to barter at what a friend may either
know or believe that we all have need of. Better

The more I see of you, the more I love you.
 The more I see of you, the more I love you.
 The more I see of you, the more I love you.

Having given great offence by writing in Verse.
 All while in Venice as soft as Paradise
 Some blash at what others can be so much in
 But nobody said any harm in Rhyme.
 My dear in Rhyme was never stolen only planned
 Every Foot hath his little share but the last
 - you take the best the worth the down with his clean gown
 Therefore I thought I was with you can reason
 That Taylor in his Toilette very far above
 Myse Homer is very much improved by Pope
 I say he given great pleasure to my sex
 And now I lead my fate point to his nose
 Plume of Pithy smiling in sweet scorn
 One O'Capo's drawing sports powder & perfume
 While I looking up to my third rule.

Weeds is in a very extraordinary flower
 My brother quite true, however is better
 No one can finish so high as the ornamental border
 The flower shows the side of the French
 A thing that has won the summer, much
 This is my next offering to my friends
 The flower is in a very extraordinary flower

Deep Time Noah Heringman, 2023-01-03 How the concept of deep time began as a metaphor used by philosophers poets and naturalists in the eighteenth and nineteenth centuries In this interdisciplinary book Noah Heringman argues that the concept of deep time most often associated with geological epochs began as a metaphorical language used by philosophers poets and naturalists of the eighteenth and nineteenth centuries to explore the origins of life beyond the written record Their ideas about the abyss of time created a way to think about the prehistoric before it was possible to assign dates to the fossil record Heringman examining stories about the deep past by visionary thinkers ranging from William Blake to Charles Darwin challenges the conventional wisdom that the idea of deep time came forth fully formed from the modern science of geology Instead he argues it has a rich imaginative history Heringman considers Johann Reinhold Forster and Georg Forster naturalists on James Cook's second voyage around the world who inspired by encounters with Pacific islanders connected the scale of geological time to human origins and cultural evolution Georges Louis Leclerc Comte de Buffon who drew on travel narrative antiquarian works and his own fieldwork to lay out the first modern geological timescale Blake and Johann Gottfried Herder who used the language of fossils and artifacts to promote ancient ballads and prehistoric song and Darwin's exploration of the reciprocal effects of geological and human time Deep time Heringman shows has figural and imaginative dimensions beyond its geological meaning *The Poet and the Fly* Robert

Hudson, 2020-07-28 Flies are the most ubiquitous of insects buzzing minuscule and seemingly insignificant they've been both

plagues and minor annoyances for millennia Rather than ignore these incredibly mundane and seemingly insignificant creatures poets spanning centuries from the seventeenth to the twentieth and continents from North America to Asia have found that these ordinary bugs in fact illuminate deep spiritual mysteries In this revelatory book Robert Hudson considers seven poets each of whom wrote a provocative poem about a fly These poets all mystics in their own way ponder the simple fly and come to astounding conclusions Considering Emily Dickinson William Blake and several other poets *The Poet and the Fly* brings together the poetry the flies and the poets own lives to explore the imaginative and often prophetic insights that come from the startling combination of poetry and flies Ultimately the message each poet offers to us through the fly is as relevant today as it was in their own time the miracle of existence the gift of mortality the power of the imagination the need for compassion the existence of the soul the mystery of everything around us and the sacramental grace giving power of story

Historicizing Blake Steve Clark, David Worrall, 2015-12-31 Historicizing Blake puts Blake back into the cultural context of his times These new essays by both established and younger scholars re address Blake s contemporary milieu after the neglect of ten years of post structuralist reader orientated methodology By employing notions of history wider than the purely literary and featuring an important new essay by the period s foremost subcultural historian Iain McCalman Historicizing Blake represents a significant contribution towards the re historicizing of Romanticism

Authorship, Ethics and the Reader D. Rainsford, 1997-03-27 Dominic Rainsford examines ways in which literary texts may seem to comment on their authors ethical status Its argument develops through readings of Blake Dickens and Joyce three authors who find especially vivid ways of casting doubt on their own moral authority at the same time as they expose wider social ills The book combines its interest in ethics with post structuralist scepticism and thus develops a type of radical humanism with applications far beyond the three authors immediately discussed

Dark Figures in the Desired Country Gerda S. Norvig, 2023-12-22 Toward the end of his life William Blake produced a beautiful sequence of 28 watercolor drawings to illustrate Bunyan s *Pilgrim s Progress* These rarely seen drawings show him at the peak of his powers radically reinterpreting one of the central texts of English literature Gerda Norvig s book with its stunning color reproductions offers the first detailed study of these important works of art Norvig sets the watercolors in the context of Blake s lifelong

engagement with Bunyan's myth and in relation to the Puritan writer's own artistic and critical methods. She shows how deeply Blake's love-hate relationship with Bunyan influenced not only these particular drawings but also Blake's revolutionary theories of art and poetics. With judicious use of psychoanalytical and post-structuralist critical theory, she demonstrates that Blake's pictorial interpretation of *The Pilgrim's Progress* tells a contemporary self-reflexive tale about interpretation. Blake implicates author, narrator, and reader in a dream protagonist's never-ending search for a proper stance on the relations of self and other. Toward the end of his life, William Blake produced a beautiful sequence of 28 watercolor drawings to illustrate Bunyan's *Pilgrim's Progress*. These rarely seen drawings show him at the peak of his powers, radically reinterpreting one of the central texts of the English literary canon.

Sordid Images Steve Clark, 2003-09-02 In this extraordinary and bold book, S. H. Clark explores and constructs a history of poetic misogyny. For the first time, a wide range of English poetry by men is examined for evidence of the articulation of heterosexual masculine desires. But Clark goes beyond a straightforward oppositional model of reading the male canon to ask how we read this work after feminism and whether it is possible to value these texts as misogynist texts in the light of feminist theory. *Sordid Images* is a challenging, controversial book. It will excite and unsettle its readers and inspire many to look again at some of the cornerstone works of English literature.

The Idea of Infancy in Nineteenth-Century British Poetry D.B. Ruderman, 2016-04-28 This book radically refigures the conceptual and formal significance of childhood in nineteenth-century English poetry. By theorizing infancy as a poetics as well as a space of continual beginning, Ruderman shows how it allowed poets access to inchoate, uncanny, and mutable forms of subjectivity and art. While recent historicist studies have documented the freshness of experience childhood confers on 19th-century poetry and culture, this book draws on new formalist and psychoanalytic perspectives to rethink familiar concepts such as immortality, the sublime, and the death drive, as well as forms and genres such as the pastoral, the ode, and the ballad. Ruderman establishes that infancy emerges as a unique structure of feeling simultaneously with new theories of lyric poetry at the end of the eighteenth century. He then explores the intertwining of poetic experimentation and infancy in Wordsworth, Anna Barbauld, Blake, Coleridge, Erasmus Darwin, Sara Coleridge, Shelley, Matthew Arnold, Tennyson, and Augusta Webster. Each chapter addresses and analyzes a specific moment in a writer's work: moments of tenderness or mourning, birth or death, physical or mental illness when infancy is analogized, eulogized, or theorized. Moving between canonical and archival materials and combining textual and intertextual reading, metrical and prosodic analysis, and post-Freudian psychoanalytic theory, the book shows how poetic engagements with infancy anticipate psychoanalytic and phenomenological, i.e., modern ways of being in the world. Ultimately, Ruderman suggests that it is not so much that we return to infancy as that infancy returns obsessively, compulsively in us. This book shows how, by tracking changing attitudes towards the idea of infancy, one might also map the emotional, political, and aesthetic terrain of nineteenth-century culture. It will be of interest to scholars in the areas of British Romanticism and Victorianism as well as 19th-century American literature and culture histories of

childhood and representations of the child from art historical cultural studies and literary perspectives D B Ruderman's *The Idea of Infancy in Nineteenth Century British Poetry* Romanticism Subjectivity Form is an interesting contribution to this field and it manages to bring a new perspective to our understanding of Romantic era and Victorian representations of infancy and childhood a supremely exciting book that will be a key work for generations of readers of nineteenth century poetry Isobel Armstrong Birkbeck University of London Victorian Studies 59 4

Creating States Angela Esterhammer, 1994-12-15 Although the concept of the performative has influenced literary theory in numerous ways this book represents one of the first full length studies of performative language in literary texts *Creating States* examines the visionary poetry of John Milton and William Blake using a critical approach based on principles of speech act theory as articulated by J L Austin John Searle and Emile Benveniste Angela Esterhammer proposes a new way of understanding the relationship between these two poets while at the same time evaluating the role of speech act philosophy in the reading of visionary poetry and Romantic literature Esterhammer distinguishes between the sociopolitical performative the speech act which is defined by a societal context and derives power

from institutional authority and the phenomenological performative language which is invested with the power to posit or create because of the individual will and consciousness of the speaker Analysing texts such as *The Reason of Church Government* *Paradise Lost* *The Marriage of Heaven and Hell* and *Jerusalem* Esterhammer traces the parallel evolution of Milton and Blake from writers of political and anti prelatical tracts to poets who having failed in their attempts to alter historical circumstances through a direct address to their contemporaries reaffirm their faith in individual visionary consciousness and the creative word while continuing to use the forms of a socially or politically performative language
