Elias Canetti and Social Theory Andrea Mubi Brighenti, 2023-01-12 Elias Canetti is a key thinker in the trend towards the renewal of social theory for the 21st century He is increasingly being recognised in the social and political sciences for the seminal text *Crowds and Power* 1960 While this work can sometimes be criticised for its alleged anti historicity anti modernism fixation on death and a dark vision of humankind *Crowds and Power* can in fact be interpreted as a study and a critique of the mono dimensionality and the obsessiveness of power In Canetti s own words it is an attempt to find the weak spot of power and ultimately an invitation to recognise and explore the endless richness of human transformations Elias Canetti and *Social Theory* argues that the alleged anti modernism of Canetti actually makes him more contemporary than many contemporary social political thinkers It deals with key concepts within socio political theory including commands increase resistance and commonality Each of these ideas is connected with real lived social realities making this book a compelling argument for Canetti s crucial relevance today

The Other Shore Michael Jackson, 2013 In this book ethnographer and poet Michael Jackson addresses the interplay between modes of writing modes of understanding and modes of being in the world Drawing on literary anthropological and autobiographical sources he explores writing as a technics akin to ritual oral storytelling magic and meditation that enables us to reach beyond the limits of everyday life and forge virtual relationships and imagined communities Although Maurice Blanchot wrote of the impossibility of writing the passion and paradox of literature lies in its attempt to achieve the impossible a leap of faith that calls to mind the mystic s dark night of the soul unrequited love nostalgic or utopian longing and the ethnographer s attempt to know the world from the standpoint of others to put himself or herself in their place Every writer whether of ethnography poetry or fiction imagines that his or her own experiences echo the experiences of others and that despite the need for isolation and silence his or her work consummates a relationship with them

Crowds, Power, and Transformation in Cinema Lesley Brill, 2006-01-09 A noted critic brings crowd theory to Film Studies offering a bold new analysis of the pervasive cinematic themes of transformation and power From *Intolerance* to *The Silence of the Lambs* motion pictures show crowds and power in complex usually antagonistic relationships Key to understanding this opposition is an intrinsic capability of the cinema transformation Making unprecedented use of Elias Canetti s *Crowds and Power* Lesley Brill explores crowds power and transformation throughout film history The formation of crowds together with crowd symbols and representations of power create complex unifying structures in two early masterpieces *The Battleship Potemkin* and *Intolerance* In *Throne of Blood* power seekers become increasingly isolated while the crowd of the dead seduces and overwhelms the living The conflict

between crowds and power in *Citizen Kane* takes place both within the protagonist and between him and the people he tries to master North by Northwest *Killer of Sheep* and *The Silence of the Lambs* are rich in hunting and predation and show the crowd as a pack transformation true false and failed is the key to both attack and escape Brill's study provides original insights into canonical movies and shows anew the central importance of transformation in film Film theorists critics and historians will value this fresh and intriguing approach to film classics which also has much to say about cinema itself and its unique relationship to mass audiences

Translations, an autoethnography Paul Carter, 2021-12-21 *Translations* is a personal history written at the intersection of colonial anthropology creative practice and migrant ethnography Renowned postcolonial scholar public artist

and radio maker UK born Paul Carter documents and discusses a prodigiously varied and original trajectory of writing sound installation and public space dramaturgy produced in Australia to present the phenomenon of contemporary migration in an entirely new light Migrant space time Carter argues is not linear but turbulent vortical and opportunistic Before and after narratives fail to capture the work of self becoming and serve merely to perpetuate colonialist fantasies The mirror state relationship between England and Australia its structurally symmetrical histories of land theft and internal colonisation repress the appearance of new subjects and subject relations Reflecting on collaborations with Aboriginal artists Carter argues for a new definition of the stranger host relationship predicated on recognition of Aboriginal sovereignty Carter calls the creative practice that breaks the cycle of repeated invasion dirty art Translations is a passionately eloquent argument for reframing borders as crossing places framing less murderous exchange rates symbolic literacy creative courage and above all the emergence of a resilient migrant poetics will be essential The Elsewhere Adam Zachary Newton,2005-08-03 The Elsewhere Or midbar biblical Hebrew for both wilderness and speech A place of possession and dispossession loss and nostalgia But also a place that speaks Ingeniously using a Talmudic interpretive formula about the disposition of boundaries Newton explores narratives of place flight border and beyond The writers of The Elsewhere are a disparate company of twentieth century memoirists and fabulists from the Levant Palestine Israel Egypt and East Central Europe Together their texts cunningly paired so as to speak to one another in mutually revelatory ways narrate the paradox of the near distance

Repressed Spaces Paul Carter,2004-11-02 In *Repressed Spaces* Paul Carter tours the cultural history of agoraphobia the fear of open space Its symptoms were first described in *The Anatomy of Melancholy* 1621 by Robert Burton the British scholar and writer although it wasn't until 1871 that Carl Otto Westphal coined the term to describe several of his patients who experienced severe anxiety when walking through streets or squares There have been many attempts to explain and treat the condition critics of modernization have linked it to bad city planning psychoanalysts calling it street panic have blamed it on the Oedipus complex psychiatrists have tied it to existential insecurity and describe it as the fear of places or situations that have triggered panic attacks Freud believed that agoraphobia like all phobias was part of an anxiety neurosis and had a sexual origin Taking as his starting point the fact that Freud himself was agoraphobic and analyzing the way people have negotiated open spaces from Greek and Roman times to the present day Paul Carter finds that space fear ultimately results from the inhibition of movement Along the way the author asks why Freud repressed his agoraphobia and examines literature the work of architects and theorists including Le Corbusier Walter Benjamin and R D Laing artists such as Munch Lapique and Giacometti and the German street films of the 1920s He concludes by proposing a new way of regarding open space a new poetics of agoraphobia one that is sensitive to the agoraphobe's point of view and provides lessons for architects and urban planners today **Geary's Guide to the World's Great Aphorists** James

Geary,2008-12-08 Both an expert and a collector James Geary has devoted his life to aphorisms and the last few years to

organizing indexing and even translating them The result is Geary's Guide featuring aphorists like Voltaire Twain Shakespeare Nietzsche Woody Allen Muhammad Ali Emily Dickinson and Mae West as well as international practitioners appearing in English for the first time But it is more than just a conventional anthology It is also an encyclopedia containing brief biographies of each author in addition to a selection of his or her aphorisms The book is a field guide too with aphorists organized into eight different species such as Comics Critics Icons and Painters Poets The book's two indexes by author and by subject make it easily searchable while its unique organizational structure and Geary's lively biographical entries set it apart from all previous reference works A perfect follow up to Geary's New York Times bestseller *The World in a Phrase* Geary's Guide is eminently suitable for browsing or for sustained reading A comprehensive guide to our most intimate idiosyncratic literary form the book is an indispensable tool for writers and public speakers as well as essential reading for all language lovers

Intercultural Communication Education and Research Hamza R'boul, Fred Dervin, 2023-05-12 Seeking to uncover underlying epistemic invisibilities in generating intercultural communication education and research knowledge and to open up space for envisaging interculturality alternatively this book reexamines and problematizes the assumptions and ontologies in the conceptual systems of interculturality In enunciating and critiquing what has been largely endorsed normalized and taken for granted this volume brings to the fore different changing and situated understandings of intercultural ontologies and epistemologies in terms of premises workings and objectives unveiling the entangled factors and contexts that have delimited and circumscribed the realm The authors believe that the field would benefit from some cognitive and sensory dissonance while reengaging effectively with notions to move forward In particular they endeavour to de monumentalize and disrupt the very conceptual tenets that may have rendered interculturality myopic repetitive monolithic and aseptic in expanding the epistemic concerns of the intercultural especially in the English language This book will be an essential read for scholars and students of the sociology of education educational philosophy and intercultural education and also for all readers interested in the broad field of interculturality

I Want to Keep Smashing Myself Until I Am Whole Elias Canetti, 2022-09-27 A brilliant selection Canetti's range astonishes Claire Messud Harper's A career spanning collection of writings by the Nobel laureate Elias Canetti edited and introduced by Pulitzer Prize winner Joshua Cohen He embarked on no adventures he was in no war He was never in prison he never killed anyone He neither won nor lost a fortune All he ever did was live in this century But that alone was enough to give his life dimension both of feeling and of thought Here in his own words is one of the twentieth century's foremost chroniclers a dizzyingly inventive formally unplaceable unstoppably peripatetic writer named Elias Canetti who was awarded the Nobel

Prize in Literature in 1981 *I Want to Keep Smashing Myself Until I Am Whole* is a summa of Canetti's life and thought and the definitive introduction to a writer whose genius for interpreting world historical changes was matched by a keen sense of wonder and an abiding skepticism about the knowability of the self. Born into a Sephardi Jewish family in Bulgaria, Canetti later lived in Austria, England, and Switzerland while traversing in writing the great thematic provinces of his time: politics, identity, mortality, and more. Sourced from Canetti's landmark texts including *Crowds and Power*, an analysis of authoritarianism and mobs; *Auto da F*, a darkly comic, daringly modernist novel about the fate of European literature; the famous sequence of sensory titled memoirs including *The Tongue Set Free* and *The Torch in My Ear*; and never before translated writings such as the posthumous *The Book Against Death*, this collection assembles its luminous shards into the fullest portrait yet of Canetti's remarkable achievement. Edited and introduced by Pulitzer Prize winner Joshua Cohen, *Book of Numbers: The Netanyahus*, *I Want to Keep Smashing Myself Until I Am Whole* leads us from Canetti's polyglot childhood to his mature preoccupations and his friendships and rivalries with Hermann Broch, James Joyce, Karl Kraus, Thomas Mann, Robert Musil, and others. This collection is also interspersed with aphorisms and diary entries revealing Canetti's formal range and stylistic versatility in flashes of erudition and introspective humor. Throughout we come to see Canetti's restless fascination with the instability of identity as one of the keys to his thought as he reminds us: "It all depends on this with whom we confuse ourselves."
