The House of the Dead Fyodor Dostoyevsky, 1986-01-07 Here was the house of the living dead a life like none other upon earth In January 1850 Dostoyevsky was sent to a remote Siberian prison camp for his part in a political conspiracy The four years he spent there startlingly re created in The House of the Dead were the most agonizing of his life In this fictionalized account he recounts his soul destroying incarceration through the cool detached tones of his narrator Aleksandr Petrovich Goryanchikov the daily battle for survival the wooden plank beds the cabbage soup swimming with cockroaches his strange family of boastful ugly cruel convicts Yet The House of the Dead is far more than a work of documentary realism it is also a powerful novel of redemption describing one man's spiritual and moral death and the miracle of his gradual reawakening This edition includes notes and an introduction discussing the circumstances of Dostoyevsky's imprisonment the origins of the novel in his prison writings and the character of Aleksandr Petrovich

Redemption and the Merchant God Susan

McReynolds Oddo, 2008 Dostoyevsky's antisemitism manifested in his writings of the 1870s seems to contradict his humanism and many critics have tended to dismiss it as a marginal detail of the writer's views. Argues however that antisemitism held an important place in Dostoyevsky's ethical system and was linked to his vexed relationship with Christianity. Notes that he staunchly held three ethical principles: sanctity of children, incompatibility of ethics with utilitarianism and calculation, and the view that every kind of authority was bound by the same moral strictures as individuals. Thus he could not accept a God who had sacrificed his son or a redemption brought about by the suffering of a child Jesus. Dostoyevsky invented the image of a Jew onto whom he could project everything that was unacceptable to him in religion and Western ethics. He considered the merchant ethics of both liberalism and socialism to be a Jewish idea and in particular regarded the politics of the Jew Disraeli as an embodiment of such ethics to sacrifice innocent Balkan Slavs in the name of supreme political principles. In the 1870s Dostoyevsky increasingly contrasted the Russian conception of God and compassion for the weak with the Jewish Western merchant God and the idea of obtaining benefits for one person from the suffering of another innocent person. He developed a conception of principal opposition between things Russian and things Jewish.

Deadhouse John Temple, 2009-09-28 *Deadhouse* Life in a Coroner's Office chronicles the exploits of a diverse team of investigators at a coroner's office in Pittsburgh. Ed Strimlan is a doctor who never got to practice medicine. Instead he discovers how people died. Mike Chichwak is a stolid ex-paramedic respected around the office for his compassion and doggedness. Tiffani Hunt is twenty-one, a single mother who questions whether she wants to spend her nights around dead bodies. All three deputy coroners share one trait: a compulsive curiosity. A good thing too because any observation at a death scene can prove meaningful. A bag of groceries standing on a kitchen counter, the milk turning sour. A broken lamp lying on the carpet of an otherwise tidy living room. When they approach a corpse, the investigators consider everything: Is the victim face up or down? How stiff are the limbs? Are the hands dirty or clean? By the time they bag the body and load it into the coroner's wagon, Tiffani, Ed, and Mike have often unearthed intimate details that are unknown even to the victim's family and friends. The intrigues of investigating death help make up for the bad parts of the job. There are plenty of burdens: grief-stricken families, decomposed bodies, tangled local politics, and gore. And maybe worst of all is the ever-present reminder of mortality and human frailness. *Deadhouse* also chronicles the evolution of forensic medicine from early rituals performed over corpses found dead to the controversial advent of modern forensic pathology. It explains how pathologists read bullet wounds and lacerations, how someone dies from a drug overdose or a motorcycle crash or a drowning, and how investigators uncover the clues that lead to the truth.

Reading Dostoevsky Victor Terras, 1998 Admirers have praised Fedor Dostoevsky as the Russian Shakespeare while his critics have slighted his novels as merely cheap amusements. In this critical introduction to Dostoevsky's fiction, the author asks readers to draw their own conclusions about the nineteenth-century Russian writer. Discussing psychological, political, mythical, and philosophical approaches, he guides readers through the range of diverse and

even contradictory interpretations of Dostoevsky's rich novels **The House of the Dead Or Prison Life in Siberia**

House of the Dead a compelling account of the horrific conditions in Siberian labor camps First published in 1861 this novel based on Dostoevsky's own experience as a political prisoner is a forerunner of his famous novels Crime and Punishment and The Brothers Karamazov The characters and situations that Dostoevsky encountered in prison were so violent and extraordinary that they changed his psyche profoundly Through that experience he later said he was resurrected into a new spiritual condition one in which he would create some of the greatest novels ever written Including an illuminating introduction by James Scanlan on Dostoevsky's prison years this totally new translation by Boris Jakim captures Dostoevsky's semi autobiographical narrative at times coarse at times intensely emotional at times philosophical in rich American English

Memoirs from the House of the Dead Fyodor Dostoyevsky, 2001 In this almost documentary account of his own experiences of penal servitude in Siberia Dostoevsky describes the physical and mental suffering of the convicts the squalor and the degradation in relentless detail The intricate procedure whereby the men strip for the bath without removing their ten pound leg fetters is an extraordinary tour de force compared by Turgenev to passages from Dante's Inferno Terror and resignation the rampages of a psychopath the brief serene interlude of Christmas Day are evoked by Dostoevsky writing several years after his release with a strikingly uncharacteristic detachment For this reason House of the Dead is certainly the least Dostoevskian of his works yet paradoxically it ranks among his great masterpieces **The Dostoevsky**
