Encyclopedia of the Palestinians Philip Mattar, 2005 Presents the history of modern Palestine and biographies of important Palestinians *Palestine and Israel* David McDowall, 1991-07-01 In this thoroughly researched and highly topical book David McDowall considers the Palestinian uprising from a historical social and political perspective and carefully reassesses the prospects for a settlement of the Arab Israeli conflict **The Arab-Israeli Conflict** Kirsten E. Schulze, 2016-11-03 3 From the Hussein McMahon Correspondence **The Israeli-Palestinian Conflict** Beverley Milton-Edwards, 2008-07-30 The conflict between Israelis and Palestinians is one of the most enduring and complex in the modern world But why did the conflict break out Who is demanding what and why is peace so difficult to achieve The Israeli Palestinian Conflict tackles the subject and analyses the conflict from its historical roots in the late nineteenth century to the present attempts at conflict resolution in the twenty first century Framing the debate and analysis around issues such as Zionism Palestinian nationalism international peace efforts the refugees state building democracy and religious opposition and highlighted by first hand quotes and sources of the conflict from its major participants Beverley Milton Edwards explores the deep impact of the conflict on regional politics in the Middle East and why the enmity between Palestinians and Israelis has become a number one global issue drawing in the world s most important global actors An essential insight into the complexities of one of the world s most enduring conflicts between Israelis and Palestinians this textbook is designed to make a complex subject accessible to all Key features include a chronology of events and annotated further reading at the end of each chapter The Israeli Palestinian Conflict is an ideal and authoritative introduction into aspects of politics in Israel among the Palestinians a vitally important issue for those studying the politics of the Middle East *Displaced at Home* Rhoda Ann Kanaaneh, Isis Nusair, 2010-10-01 Groundbreaking essays by Palestinian women scholars on the lives of Palestinians within the state of Israel Most media coverage and research on the experience of Palestinians focuses on those living in the West Bank or the Gaza Strip while the sizable number of Palestinians living within Israel rarely garners significant academic or media attention Offering a rich and multidimensional portrait of the lived realities of Palestinians within the state of Israel *Displaced at Home* gathers a group of Palestinian women scholars who present unflinching critiques of the complexities and challenges inherent in the lives of this understudied but important minority within Israel The essays here engage topics ranging from internal refugees and historical memory to women s sexuality and the resistant possibilities of hip hop culture among young Palestinians Unique in the collection is sustained attention to gender concerns which have tended to be subordinated to questions of nationalism statehood and citizenship The first collection of its kind in English *Displaced at Home* presents on the ground examples of the changing political social and economic conditions of Palestinians in Israel and examines how global national and local concerns intersect and shape their daily lives the volume is distinctive in bringing

together the historical and the contemporary the dramatic and the mundane In their combination of empirical innovation and theoretical sophistication these chapters and the volume as a whole make an important contribution to the academic scholarship of and about the Palestinians Review of Middle East Studies By intertwining the themes of ethnicity and gender Displaced at Home breaks new ground presenting a counter narrative to studies that posit the Palestinian citizens of Israel only as manipulated and victimised as well as to Palestinian nationalist histories which present society as monolithic The fact that all twelve contributors are Palestinian women citizens of Israel gives their research an immediacy and authenticity that make the book engrossing as well as highly informative Jordan Times Informative insightful and thought provoking Mary N Layoun author of Wedded to the Land Gender Boundaries and Nationalism in Crisis This groundbreaking book helps to fill a huge gap in research on Palestinians in Israel Amal Amireh author of The Factory Girl and the Seamstress Imagining Gender and Class in Nineteenth Century American Fiction

New Books National Defense University. Library, The Palestinians, 1987-10-01 The Palestinian people are today treated as strangers in their own country and as refugees in Arab States Despite their rule by outsiders Ottoman Turks and from 1917 the British Palestinian Arabs had always remained the majority population within Palestine From the late 19th century increasing numbers of Zionist settlers came driven by savage pogroms in Eastern Europe and later by the Nazi Holocaust Despite fervent and increasingly desperate protests by Arabs Palestine was partitioned by the UN in 1947 and much of the area the Arabs retained was subsequently lost to the new Israeli State in the wars of 1948 9 and 1967 Today over 2 million Palestinians live under Israeli administration both within Israel itself and in the Occupied Territories of the West Bank and Gaza Strip while another 2 8 million live beyond the borders of Palestine unable to return Not only have many Palestinians been deprived of their homes and properties but they have been denied democratic rights and the hope of governing their own country Lacking the right to determine their own future they have sometimes struck back in frustration and despair Tile Palestinians the new Minority Rights Group report 24 not only outlines the history of the Palestinian people but their present situation inside and outside Israel It gives a detailed account of Palestinian disadvantage under Israeli administration in the fields of law local government civic amenities housing education health employment industry agriculture land ownership and settlement and water allocation and increasing suppression of dissent Newly written by David McDowall with a Foreword by Dr Claire Palley this report also contains maps statistics and an appendix outlining the main political groups within the Palestinian movement today A detailed and accurate account of the Palestinian people at a time when their sense of powerlessness has increased and when their position is especially precarious this report is essential reading for all those who feel concern for the future of the Palestinians Israel the Middle East and world peace Please note that the terminology in the fields of minority rights and indigenous peoples rights has changed over time MRG strives to reflect these changes as well as respect the right to self identification on the part of minorities and indigenous peoples At the same time after over 50 years work we know that our archive is of considerable

King Abdullah, Britain and the Making of Jordan Mary Christina Wilson, 1987 King Abdullah played an active role in the partition of Palestine and as a result has always been viewed as one of the most controversial figures in modern Middle East history This book is the first in depth study of the historical and personal circumstances that made him so Born in Mecca in 1882 of a family that traced its lineage to the Prophet Muhammad Abdullah belonged to the Ottoman ruling elite He grew up in Istanbul and returned to Mecca when his father was appointed Sharif in 1908 During the First World War he earned nationalist credentials as a leader of the Arab revolt against the Ottoman Empire Owing to his alliance with Britain in the revolt he emerged afterwards as a contender for power in a Middle East now dominated by Britain Despite grandiose ambitions Abdullah ended up as Britain's client in the mandated territory of Transjordan His dependence on Britain was exacerbated by his situation in Transjordan an artificial creation with no significant cities no natural resources and little meaning beyond its importance to British strategy Within the constraints of British interests it was left to Abdullah to make something of his position and he spent the remainder of his life looking beyond Transjordan's borders for a role a clientele or a stable balance of interests which would allow him a future independent of British fortunes He found all three after 1948 when in conjunction with the creation of Israel he came to rule the portion of Palestine known as the West Bank

Humanitarian Rackets and their Moral Hazards Rayyar Marron, 2016-04-14 The humanitarian crisis in the Palestinian refugee camps of Lebanon has become one of the most populist causes in the world yet

the causes of the crisis have been misrepresented whilst on going humanitarian assistance could arguably be said to amplify problems that exist in the camps Shedding light on the disturbing occurrence of corruption rent seeking and racketeering together with the emergence of zones of privatised territory based on self enrichment this book challenges the conception of refugees in camps as helpless vulnerable individuals Based on detailed and sustained research at the camp of Shatila in Beirut Humanitarian Rackets and their Moral Hazards reveals that even the access of humanitarian agencies to the camp is determined by payment to certain refugee groups whilst the degree of humanitarian interaction has created a sense of entitlement amongst some based on a belief in their own exceptionalism as a displaced ethnic group Detailing the everyday economic transactions that transpire in refugee camps this book shows that far from being helpless victims with no power over their circumstances many Palestinian refugees have created lucrative ventures from humanitarian assistance A rich yet troubling study of refugee life and the cartelisation of camp space this book will be of interest to sociologists anthropologists and political scientists working in the fields of humanitarian intervention development criminology and informal economies

IslamKotob, **Human Capital** Laura Robson, 2023-11-28 HOW GLOBAL HUMANITARIANISM TURNS REFUGEES INTO CHEAP LABOR Historian Laura Robson unveils the dark heart of our purportedly humanitarian international regime Tracing the century long history of attempts to remake refugees into disposable migrant labor Robson elucidates global humanitarianism s deep seated commitment to refugee exploitation and containment Surveying more than a hundred years of policy across the globe Robson captures the travails of Balkan refugees in the late Ottoman Empire Roosevelt s secret plans to use German Jewish refugees as laborers in Latin America and contemporary European efforts to deploy Syrians as low wage workers in remote regions of Jordan The advent of internationalist refugee aid has long been told as an inspirational story in which reformers fought tirelessly for a system that would recognize and guarantee the rights of displaced and dispossessed people But as Robson demonstrates the motives behind modern refugee policy can be mercenary Refugees have become easy prey for global industrial capitalism
