The Middle East and South Asia 2022-2023 Ilan Pappé,2022-09-18 The World Today Series The Middle East and South Asia More than a quarter of the world s population live in the Middle East and South Asia yet our knowledge and understanding of the region is often limited to news updates about the latest conflicts and crises This edition of the annually updated volume of the World Today Series provides important insights that take the reader beyond the headlines It offers detailed and up to date information about the politics economies and societies of the twenty four states that make up the region Contemporary events are placed in their historical context through an examination of major civilizations and key historical events This volume introduces major themes that have shaped the region including the struggles of ordinary people to achieve democratic rights the role of oil in shaping society burgeoning environmental threats and the rise and fall of the Islamic State caliphate While there is reason for optimism in regards to the Middle East and South Asia this is tempered by the very real challenges that confront the region The general reader will gain an understanding of these challenges and opportunities through an exploration of current and past developments

After the Evil Richard Harries,2003-07-03 The evil of the holocaust demands a radical rethink of the traditional Christian understanding of Judaism This does not mean jettisoning Christianity s deepest convictions in order to make it conform to Judaism Rather Richard Harries develops the

work of recent Jewish scholarship to discern resonances between central Christian and Jewish beliefs This thought provoking book offers fresh approaches to contentious and sensitive issues A key chapter on the nature of forgiveness is sympathetic to the Jewish charge that Christians talk much too easily about forgiveness Another chapter on suffering in Judaism and Christianity rejects the usual stereotypes and argues for important common ground for example in the idea that God suffers in the suffering of his people There are also chapters on the state of Israel and the place of Jerusalem in Christian and Jewish thought Richard Harries argues that the basic covenant is not with either Judaism or Christianity but with humanity These like other religions are different distinctive voices in response to God s primal affirmation of human life which for Christians is achieved and given in the life death and resurrection of Jesus Christ In the light of this the author maintains controversially that Christians should not be trying to convert Jews to Christianity Rather Jews and Christians should stand together and build on the great amount they have in common to work together for a better world

Christian Zionism Stephen Sizer, 2021-09-13 I am glad to commend Stephen Sizer s groundbreaking critique of Christian Zionism His comprehensive overview of its roots its theological basis and its political consequences is very timely I myself believe that Zionism both political and Christian is incompatible with biblical faith Stephen s book has helped to reinforce this conviction Rev Dr John Stott I believe Stephen Sizer is one of the most authoritative scholars in the world on the vital issue of Christian Zionism He is a very important voice speaking out against this destructive movement that is killing us Palestinians through its theology Canon Naim Ateek Stephen Sizer s Christian Zionism Road Map to Armageddon is essential reading for any Western evangelical trying to understand the religious dimensions of American support for Israel Sizer writes as an insider within the church not as a critic watching from afar And he shows with exacting clarity how evangelical eschatology has now embedded itself in a modern political ideology One quick read of this book will change anyone s perspective on the Middle East permanently Professor Gary M Burge Congratulations on Christian Zionism The index alone makes my mouth water since this is the scholarly treatment to counteract the rabid prophecy pack for which I had been searching I couldn t be happier that this is published You and I see eye to eye on this issue Yours is a true prophetic voice so badly needed in the current prophecy frenzy And when this mania also affects national and international policy the danger takes on larger proportions Professor Paul Maier Stephen Sizer s work on Christian Zionism is the most important and comprehensive on the subject to date and should be read by all students of the Middle East and by Christians concerned about a just resolution to the Palestinian Israeli conflict Christian Zionism raises vital theological and political challenges that must be addressed head on by Christians in the West particularly evangelicals The impact of this terribly misguided movement is increasingly putting Christians in the Middle East at risk and it seems a far cry from the witness and message of Jesus Christ Dr Donald Wagner This study of Christian Zionism based on Stephen Sizer s doctoral thesis is of seminal significance It provides a fascinating survey of the history of Christian Zionism and an in depth analysis of the theology of this highly important and influential

Faith to Faith CHAWKAT MOUCARRY, 2020-05-21 Is it possible for Christians and Muslims to engage in meaningful dialogue in genuine and truthful debate Do we dare to put our faith on trial To listen to each other in the best possible way and to give the reason for the hope that we have with gentleness and respect as we are commanded The two faiths hold much in common tracing their roots back to a common ancestor And yet they have always held to something of a ghetto mentality Mutual ignorance is the price paid for trouble free co existence and for some perhaps the price for survival Prejudice and misunderstanding leads to confrontational debate where one side tries to ridicule attack and defeat the other Political correctness and tolerance simply leads to superficial agreement Chawkat Moucarry believes that there is a better way Ever since he surprised the religious Education teacher by asking if he could attend the Islamic class at high school he has been wholeheartedly committed to genuine Christian Muslim dialogue His prayer is that this book will help us to gain a better understanding of each other s faith as well as our own and above all a better understanding of the founder of that faith
