## **Palestine ArabIsraeli Conflict 5ed:**

An Introduction to the Israeli-Palestinian Conflict Akan Malici, 2025-02-04 As one of the most enduring and bitter struggles we have seen in over 100 years the Israeli Palestinian conflict is a powder keg always on the verge of exploding and drawing in the wider region the international community at large and in particular the U S Although the conflict is of far reaching importance among college students and the general public there is a dearth of knowledge about it Many of the conversations in these audiences are animated by ongoing myths and problematic talking points This book fills in the gaps of understanding while puncturing false dichotomies and tearing down walls of ideology or indifference It addresses perennial questions including When and why did the conflict start What exactly are the claims of the contending sides Why does peace seem unattainable What is a likely long term outcome and how can it be brought about in a peaceful way doing justice to both sides Finally this book maintains that historic Palestine the land between the Mediterranean and the Jordan River must become a home for both Palestinians and Jews with equal standings for both and without exclusive claims for either For students scholars and citizens of the world this book provides a concise and level headed way to understand one of the most complex and vexing conflicts of our time

The Israeli-Palestinian Conflict R. Halwani, T. Kapitan, 2007-12-14 This book addresses the ongoing conflict among Israeli Jews and Palestinian Arabs from a philosophical perspective The authors argue that ignoring justice and failing to address violations of rights including the rights of both Palestinians and Israelis to live securely and freely then a lasting solution to the conflict will remain elusive

**Israel in a Turbulent Region** Tore Petersen, 2019-03-07 This anthology examines and deconstructs what Israeli security looks like and how its various security identities have evolved both before the establishment of the state and in the years and decades since 1948 It casts light on how aspects of Israel s foreign relations have been shaped as much by internal politics as by external challenge Further not only does it answer the questions surrounding Israel s past but examines carefully what type of country it has now become Compared to much of the turbulence in the region Israel s diplomacies have been remarkably resilient and inventive With the background of 100th anniversary of the Balfour declaration this book is a multidisciplinary study using several different methodological approaches from discursive analyses to theories of memories and identity to interviews with Israeli soldiers in the field to a legal approach to the topic as well as International Relations studies and traditional archival studies South Africa was one of Israel s main partners in terms of security cooperation and weapons research and development until the fall of the apartheid regime This has been compensated with Israel opening up diplomatic relations with China 1991 and India 1992 and extending its ties with Japan While the EU often criticize Israel s policies against the Palestinians this is mostly rhetoric as for practical purposes Israel is like a member of the EU This comprehensive volume studying contemporary Israel is an

invaluable resource for students and scholars interested in Foreign and Security Policy Israel and the Middle East *The Arab-Israeli Conflict Transformed* Hemda Ben-Yehuda, Shmuel Sandler, 2012-02-01 The Middle East conflict be it between the state of Israel and Arab states or between Jews and Palestinians is a staple of international news Utilizing both theoretical approaches and empirical evidence Hemda Ben Yehuda and Shmuel Sandler argue that despite the recent upswing in violence particularly over the Palestinian issue conflict has gradually been giving way since the 1970s to a more orderly regime of conflict management By integrating ethnonational theoretical literature into their analysis the authors move beyond the current International Relations debate over the relative merits of realist neo realist approaches versus neo liberal institutional approaches Ethnic state disputes are the primary source for failing to terminate the Arab Israeli conflict
