Kassim,2000-03-01 This well established and widely respected Yearbook now in its 10th volume is a primary source of information on significant and topical legal issues relating to the Palestinian territories It provides in a single annual volume not only leading articles on topics of major interest to the international legal community but also key legislation court decisions legal cases treaties resolutions special reports and other relevant legal material translated from the original Arabic or Hebrew into English The 10th volume of the Palestine Yearbook of International Law contains the following features leading articles on the legal issues relating to Israeli settlements in the Occupied Territories and on the peaceful settlement of disputes in Africa and its relevance to the Palestinian Israeli peace process law reports including important judicial decisions legislation and court records a record of significant human rights reports including UN Resolutions and the European Union s Statement on the

Peace Process special reports on the Wye River Memorandum and on the Covenant of the Palestine Liberation Organisation a selection of recent book reviews a detailed bibliography of books monographs and articles a comprehensive index This new volume as with its predecessors will be an invaluable source of reference and record on the complex legal issues relating to the Palestinian territories and will be of prime interest to legal practitioners researchers scholars and anyone involved in law politics human rights or international relations who has an interest in this region

**The Government and Politics of Lebanon** Imad Salamey, 2013-10-15 Aiming to contribute to the reader's greater understanding of Lebanese government and politics this book provides a comprehensive examination of the origin development and institutionalization of sectarian consociationalism in Lebanon A recurrent proposition advanced in this book is that Lebanese sectarian consociationalism has been both a cure and a curse in the formulation of political settlements and institution building On the one hand and in contrast to many surrounding Arab regimes consociational arrangements have provided the country with a relative democratic political life A limited government with a strong confessional division of power and a built in checks and balance mechanism prevented the emergence of dictatorship or monarchy On the other hand a chronic weak state has complicated efforts for nation building in favour of sectarian fragmentation external interventions and strong polarization that periodically brought the country to the verge of total collapse and civil war While examining Lebanese sectarian politics of conflict and concession during different historic junctures many revelations are made that underlie the role of domestic and international forces shaping the country's future Presenting an implicit description of the power and functions of the various branches of government within the context of sectarian consociationalism this book is an important introductory text for students of Lebanese Politics and Middle Eastern politics more broadly

**Israel / Palestine** Alan Dowty, 2013-08-27 What explains the peculiar intensity and evident intractability of the Israeli Palestinian conflict Of all the hot spots in the world today the apparently endless clash between Jews and Arabs in the Middle East seems unique in its longevity and resistance to resolution Is this conflict really different from other ethnic and nationalist confrontations and if so in what way In this fully revised and updated third edition of his highly respected introductory text Alan Dowty demystifies the conflict by putting it in broad historical perspective identifying its roots and tracing its evolution up to the current impasse His account offers a clear analytic framework for understanding transformations over time and in doing so punctures the myths of an age old conflict with an unbridgeable gap between the two sides Rather than simply reciting historical detail this book presents a clear overview that serves as a road map through the thicket of conflicting claims This newly expanded edition updates the analysis to include the latest developments and also integrates into the analysis a fuller account of the regional and international context of the conflict In this account the opposed perspectives of the two sides are presented in full leaving readers to make their own evaluations of the issues The book thus expresses fairly and objectively the concerns hopes fears and passions of both sides making it clear why this conflict is waged with such vehemence and why for all that there are

some grounds for optimism      **The Global Public Relations Handbook, Revised and Expanded Edition** Krishnamurthy Sriramesh, Dejan Vercic, 2009-01-13 Expanding on the theoretical framework for studying and practicing public relations around the world The Global Public Relations Handbook Revised and Expanded Edition extends the discussion in the first volume on the history development and current status of the public relations industry from a global perspective This revised edition offers twenty new chapters in addition to the original contents It includes fourteen additional country or regionally focused chapters exploring public relations practice in Africa Asia Europe and the Americas Contributors use a theoretical framework to present information on the public relations industry in their countries and regions They also focus on such factors as the status of public relations education in their respective countries and professionalism and ethics Each country specific chapter includes a case study typifying public relations practice in that country Additional new chapters discuss political economy activism international public relations and United Nations public affairs      **“Fragile Stability” as a Political Background of October 7** Aiko Nishikida, Chie Ezaki, Toshiya Tsujita, 2025-04-15 This edited book aims to offer a comprehensive analysis of the preceding and ongoing development of the Israel Gaza war using a multidisciplinary approach The chapters written by scholars of the Middle Eastern studies political science anthropology and international law investigate the root causes of the eruption of the war taking a viewpoint from within Hamas s attack on Israel on October 7 2023 caused deep shockwaves throughout the world While the developments seemed unprecedented the question remains whether it was an unpredictable total surprise Given the context surrounding Palestine and Israel it is likely that there were inherent elements in the preceding political environment that led to the current humanitarian disaster and quagmire of the battle The assumption is that the existence of fragile stability might have caused the October 7 attack What kind of fragility and robustness of the framework existed in the political social legal and international conditions How did these conditions affect the conduct of the actors in this region ultimately leading to the current situation What challenges are likely to emerge in this region in the near future This book addresses these questions from various perspectives For the best clarification of the questions authors include experts in American studies who discuss the diplomatic intervention of the United States a former judge of the International Criminal Court who explores the role of international law in the conflict and a legal advisor to the Oslo Peace Process who provides understanding the deep roots of the conflict The analysis of this volume will provide an in depth understanding of the background of the October 7 attack and contributes to the theoretical development of the concept of fragile stability which can be applied to examine other cases of conflict Fragile Stability provides a compelling and in depth historical account of the background that proceeded Hamas assault on October 7 2023 and how it led to an unprecedented upsurge of violence in Gaza one of the darkest moments in human history A must read for those who wish not only to understand the Palestinian Israeli conflict but also to envision ways of resolving it Sari Hanafi Professor American University of Beirut Lebanon This topical edited volume includes a very important collection of essays addressing the political

background and general context that led to the catastrophic Israel Hamas War of 2023 2025 providing clues to make sense of the Hamas assault of October 7 2023 followed by the Israeli military reaction in the Gaza Strip and the spread of the war in the region Its unique contribution stems from different levels of analysis several chapters refer to the domestic political landscapes in both Israel and Palestine examining the numerous cleavages among and within both societies In addition the scope of the analysis broadens by referring also to international law and other relevant international actors including the United States and Iran Arie M Kacowicz Professor Hebrew University of Jerusalem Israel This volume showcases the critical insights and scholarship of Japanese scholars of the Middle East about the causes and consequences of the October 7 Hamas attack on Israel and the war which followed With close studies of both Palestinian and Israeli politics *Fragile Stability* makes a compelling case for an analytical framework which helps make sense of both dramatic changes and remarkable continuities in the conflict Marc Lynch Professor The George Washington University Washington DC USA     **Arab-Israeli Conflict**

Priscilla Roberts, 2017-04-06 Covering the Arab Israeli conflict from its origins to the present this valuable resource traces the evolution of this ongoing seemingly unresolvable dispute through a wide array of primary source documents *Arab Israeli Conflict A Documentary and Reference Guide* provides a fresh accessible and thorough overview of the Arab Israeli conflict covering its origins in the late 19th century to the present day situation and enabling readers to grasp why peace has proved so elusive despite massive international efforts to reach a permanent and lasting solution to this protracted animosity Chronological chapters first address the years up to the establishment of Israel in 1948 then move forward to the wars of 1956 and 1967 and their impact the 1973 Yom Kippur War and early efforts to reach a lasting peace settlement and the ongoing international and Israeli Palestinian negotiations since the mid 1980s Readers will come away with not only an understanding of why so many great powers were from the beginning interested in the fate of the territory known as Palestine and of the current issues from an international perspective but also an appreciation of the personalities and ethnic backgrounds involved that make the conflict so difficult to resolve     **Resisting Domination in Palestine** Alaa

Tartir, Timothy Seidel, Tariq Dana, 2024-04-04 This meticulously curated edited volume presents an assemblage of insightful critical and contemporary perspectives on how Israeli domination has been sustained and reproduced in new forms and means using various mechanisms and techniques of control coloniality and settler colonialism Based on original empirical fieldwork the contributors to this book adopt interdisciplinary and decolonial approaches in their examination of the intricate functions and structures of domination that permeate Palestinian life by illuminating the power dynamics at play and revealing the mechanisms that sustain the settler colonial regime This book identifies sites of colonial control and domination exerted on Palestine by Israel and demonstrates how these sites of control are also sites of Palestinian resistance The first section explores the political sites of control by focusing on governmentality institutions and technologies and mechanisms of control including how Israel manages access to health life and death The second section examines the economic mechanisms

of exploitation dispossession and de development including banking taxation and the relationships between finance capital aid and military occupation The third section turns attention to environmental sites of control focusing on land indigeneity space and racial capitalism Finally section four scrutinizes the intellectual sites of control highlighting how norms narratives and knowledge production perpetuate domination      *The Government and Politics of the Middle East and North Africa* Mark Gasiorowski,2016-08-02 A comprehensive country by country examination of the history domestic politics and foreign policies of the Middle East and North Africa      **The Encyclopedia of the Arab-Israeli Conflict** Spencer C. Tucker,Priscilla Roberts,2008-05-12 This exhaustive work offers readers at multiple levels key insights into the military political social cultural and religious origins of the Arab Israeli conflict The Encyclopedia of the Arab Israeli Conflict A Political Social and Military History is the first comprehensive general reference encompassing all aspects of the contentious Arab Israeli relationship from biblical times to the present with an emphasis on the era beginning with World War I The Encyclopedia of the Arab Israeli Conflict goes beyond simply recapping military engagements In four volumes with more than 750 alphabetically organized entries plus a separate documents volume it provides a wide ranging introduction to the distinct yet inextricably linked Arab and Israeli worlds and worldviews exploring all aspects of the conflict The objective analysis will help readers understand the dramatic events that have impacted the entire world from the founding of modern Israel to the building of the Suez Canal from the Six Day War to the Camp David Accords from the assassinations of Anwar Sadat and Yitzhak Rabin to the rise and fall of Yasser Arafat the 2006 Palestinian elections and the Israeli Hezbollah War in Lebanon
