**Palestinians Between Israel and Jordan** Raphael Israeli, 1991-06-19 Positing that the Palestinians are a unit mainly triangled between Israel the Territories and Jordan and that the territory in dispute encompasses the whole of British Mandate Palestine Raphael Israeli gives an overview of the roots and historical development of the problem He then analyzes and discusses in depth all the solutions envisioned so far status quo Jordanization of Palestine Palestinization of Jordan annexation territorial compromise autonomy and transfer of population focusing on the reasons for their failure and or unacceptability Professor Israeli challenges conventional wisdom and comes up with a workable answer that could square the triangle The solution based on mutual recognition and respect is premised on a rigorous and fair parallelism between the claims and rights of both parties Israelis and Palestinians This means that Jews as well as Palestinians should be recognized as a people and not only a religion by their adversaries equally entitled to self determination to their national liberation movements Zionism in the case of the Jews and to the territory in dispute i e the whole of Mandate Palestine These premises being accepted the problem now reduced to a quantitative and therefore negotiable one will be to divide the land at stake into a State of Palestine east and Israel west Having thus tried to meet the contradictory needs of both parties Israeli comes up with a novel and imaginative solution embodying a new concept of sovereignty that could well serve as a model elsewhere to the problem of minorities left in Israel or Palestine It rests on the possibility of opting for one of two statuses in each country that of full citizen with all the rights and obligations citizenship creates or that of resident alien with all the rights and protection as well as inherent limitations that this status brings The adoption of this unique solution would open up many possibilities for cooperation and peace in the Middle East *Imperial Israel and the Palestinians* Nur Masalha, 2000-07-20 A critical history of Israel s expansionist politics that reveals how imperialist tendencies run the gamut from Left to Right

**The Palestine Yearbook of International Law 1990-1991** Shaw, 1991-06-01 The Palestine Yearbook of International Law is a well established yearbook which was previously published by the Al Shaybani Society of International Law Kluwer Law International will be publishing the Yearbook from the eighth volume onwards and will also manage the distribution of the previous seven volumes The Palestine Yearbook of International Law has become widely respected as a prime reference source of legal material relating to Palestinian issues and is an important forum for the international legal community particularly for legal practitioners researchers and scholars In addition to leading articles on topical problems and issues it contains key legislation court decisions and other relevant legal material translated from the original Arabic or Hebrew into English Israel's New Strategic Dilemmas Raphael Israeli, 2012 Israel s New Strategic Dilemmas Survival or Revival details the strategic problems facing Israel today as a result of the asymmetrical terrorist wars imposed on it With the motive of delegitimizing Israel and forcing it to react against civilian terrorists who dwell amidst other civilian populations and who do not have any legal or international standing these wars create an untenable situation of retaliation and casualties Unless

Israel succeeds in making the necessary reforms in the strategic areas of security and domestic affairs its chances for survival are dwindling An important and fascinating reading experience Israel s New Strategic Dilemmas Survival or Revival will shift your perspective on a highly contentious and complex topic About the Author Raphael Israeli grew up in Morocco and Israel and currently resides in Jerusalem where he is a University Professor He was motivated to write Israel s New Strategic Dilemmas Survival or Revival by the exposure and criticism of Israel in the world media due to its counterattacks against terrorism in the second Lebanese War 2006 and the Gaza War 2008 9 He is working on his next book about the death camps in Bosnia and Croatia during WW II and the alliance between the Nazis and their Muslim collaborators Publisher s website <http://www.SBPRA.com> RaphaelIsraeli *War, Peace and Terror in the Middle East* Raphael Israeli,2014-03-18 A collection of articles about the fateful issues of war and peace in the Middle East especially the evasive brands of war terrorism and incitement Horrific words of incitement followed by atrocious acts of terror have occurred during the past few years These have significantly eroded hope in the peace process that had been initiated by Sadat and Begin a quarter century ago 1977 All efforts to duplicate that feat between Israel and Palestinians have ended in frustration so far and it now seems that a tremendous amount of ground work will have to be done before a new peace venture This volume focuses on these themes and brings to bear both the benefit of the hindsight gained since the articles were published and the insight that the current world crisis occasioned by the terrorism and broadsides against Western culture that al Qai da and its allies have launched **The Intractable Dispute** Raphael Israeli,2019-02-21 The Middle East conflict which has been raging for a century and seems to have no end in sight is not over territory or other assets but is historically anchored in the Islamic tradition which has become the preponderant faith of the Arabs Being a qualitative factor of an either or import from the Muslim point of view which is today best expressed by Iran the Muslim Brothers Hamas Hezbollah and other radical Muslim movements it is not given to negotiation and compromise as any other political conflict but is governed by absolutes and one sided perspectives Arab nationalism Islam and Zionism are the main political and religious movements taking center stage in this conflict The intractable nature of the conflict has so far defied all negotiations agreements and peace treaties All the proposed peaceful settlements have thus far remained brittle while the fundamental issues of stereotyping suspicion hatred and condescendence have remained in place unshaken This book confronts two contradictory ideologies and attempts to bridge them over Glittering Stars in a Dark Landscape Raphael Israeli,2021-03-08 Noted scholar Raphael Israeli describes the surprising normalization process that occurred during the pandemic year 2020 in his latest book *Glittering Stars in a Dark Landscape* Early Auguries of the 2020 Arab Normalization with Israel He explains how the 2020 explosion of the normalization between Israel and some Arab Gulf States was the fruit of a long process of Arab self reckoning Its fruition was crowned thanks to the efforts of President Donald Trump and his Secretary of State Mike Pompeo with counsel from presidential advisor Jared Kushner The process marks a revolution insofar as it not only reverses the negative position taken

by some Arab States that refused to deal with Israel as long as the Palestinian issue is not resolved but in view of the Gulf States wealth and influence this reversal will encourage others to follow in their footsteps Great economic and political benefits will also accrue to Israel as a result      Ethnic Cleansing Raphael Israeli,2019-04-04 Ethnic Cleansing is about the various forms of population displacement from migration and ethnic cleansing to violent removals and expulsions which may end up in genocide It also shows how amidst displacement the Jewish people have developed a millennial culture of survival This volume covers the experience of population displacement in Europe Asia and the Middle East where the most renowned cases of migration and ethnic cleansing have happened under different regimes and in various cultures along the history of mankind Today the author is also concerned with the plight of the Rohingya refugees from Myanmar living in Bangladesh and the perennial Palestinian refugee problem      *Palestine-Israel Journal of Politics, Economics, and Culture* ,1997      Islam and Dhimmitude Bat Ye'or,2002 Dhimmitude is thus discussed from the perspective of Muslim theory and also in regard to divergent Christian attitudes to Jews and Zionism BOOK JACKET      **Fundamentalist Islam and Israel** Raphael Israeli,1993 This book provides an in depth account and analysis of Islamic fundamentalism today and how it has an impact on Israel s relations with the Arab and Islamic worlds In light of recent events the book is important for the whole Western world which now confronts revivalist Islam both in the Middle East and Europe itself and even in such far flung fragments of European civilization as the United States and Australia This book should be of great help for the West in developing a proper understanding of and a strategy for dealing with this movement Co published with the Jerusalem Center for Public Affairs      Air University Library Index to Military Periodicals ,1992      State Interests and Public Spheres Marc Lynch,1999 Using contemporary Jordan as a model for the changing dynamics of the Arab regional system this book looks at four pivotal events that have defined the modern Jordanian state      **Encyclopedia of the Palestinians** Philip Mattar,2005 Presents the history of modern Palestine and biographies of important Palestinians      Summing Up at Age 90 Raphael Israeli,2024-07-15 This volume looks back at my approaching 90 years of age and the beginning of my 10th and assuredly last decade on this earth I use my long and diversified scholarly life experience to leave behind a final and I hope lasting impression of an Israel where I have lived since age 14 completed my studies taught thousands of students and written dozens of books on a variety of topics mostly related to the Islamic world and some on China I am departing an Israel that has been traumatized following the sudden deadly attack by Hamas on October 7 2023 on 1 300 Israelis and the abduction of 240 more into captivity in Gaza including babies the elderly and women all of whom were abused one way or another Only a revolutionized Israel in all domains which is acutely expected by all Israelis in its military political social cultural and economic fields is likely to start mending these long term wounds that have caused dislocation refugees misery and destruction on both the directly related Gaza border where 22 village communities have been annihilated and the Lebanese border where similar carnage and ruin are looming unless the Hizbullah which has gratuitously joined the fray is tamed or defeated      **An Historical**

**Encyclopedia of the Arab-Israeli Conflict** Bernard Reich,1996-03-11 A team of authorities with varying backgrounds interests disciplines and perspectives gives special attention to the period since the adoption of the Palestine partition plan in November 1947 the first Arab Israeli War up to the Israel PLO Declaration of Principles and subsequent agreements as well as the Israel Jordan Peace Treaty and implementation process *Israel Or Palestine? Is the Two-state Solution Already Dead?* Hasan Afif El-Hasan,2010 Written by a Palestinian with intimate knowledge of the political and physical landscape of the region at its basic level the book advocates for a just peace based on the human rights and international law a peace which all parties to the century old conflict need In this history of Palestine the author shows that both sides of the conflict as well as the international community share the blame for the failure to bring the issue to a just conclusion Most of the responsibility he says lies at the door of the Palestinian leaders themselves who seem to suffer from institutionalized incompetence in dealing with the Israelis and the Israelis are to be blamed for their refusal to transform their colonial enterprise into reconciliation politics by acknowledging the claims of the indigenous Palestinian people At the same time there is every sign that this impasse was deliberately created at the outset by the international community led by Great Britain in the endless game of divide and rule Unlike many optimistic writers who expect US President Barack Obama and his administration to find a just solution to the conflict the author concludes that the Obama Administration would have to reverse the traditional US policy in the Middle East entirely if it is to solve the Palestinian Israeli conflict Delving into the historical background behind all the parties to the issue the book provides much needed background for understanding news events today and basic information that even human rights activists and peace organizations may not have fully appreciated Throughout the author seeks to transcend his ethnicity and deal fairly with the positions of people holding different worldviews **Forgotten Millions** Malka Hillel Shulewitz,2000-10-27 Describes the situations of the long established Jewish communities of the Arab world the forces that led them to immigrate to Israel and the conditions that shaped their new lives in a Jewish state led by Jews of a different heritage **Dangers of a Palestinian State** Raphael Israeli,2002 This vital question is explored in a collection of essays by Israel s leading political analysts Demonstrating a variety of opinions and options these renowned scholars cover a range of issues including the Palestinian media inter Arab relations and the consequences of the Oslo peace process This volume includes two sections the first section comprises analyses of the dangers of a Palestinian state and the second section presents alternatives to achieve a viable solution to the Israeli Palestinian conflict A selection of essays by Israel s most renowned authorities on the crisis this important book is both timely and thought provoking providing an in depth analysis of Middle Eastern affairs in a broad historical cultural and political context **Hashemite Kingdom of Jordan** United States.
