## **Palliative Care An Oxford Core Text:**

Palliative care C. Faull, 2002      **Palliative Care** Christina Faull, Richard Woof, 2023 Intended primarily for students in the clinical years of the medical course this text will also appeal to junior doctors nurses and anybody needing to know about caring for the terminally ill      Oxford Handbook of Palliative Care Max S. Watson, 2005 The Oxford Handbook of Palliative Care covers all aspects of palliative care in a concise and succinct format suited to busy professionals who need to access key information in their daily care of patients This practical guide covers briefly the historical and epidemiological background of palliative care and the growth of palliative medicine as a specialty before dealing with major physical psychological and spiritual and symptom management issues from diagnosis to bereavement care In addition to the adult chapters the handbook includes an extensive paediatric section The oncology section outlines the treatment regimes of the common cancers and details the chemotherapeutic agents including their side effects The Oxford Handbook of Palliative Care will prove invaluable for specialist doctors nurses and professionals allied to medicine who are involved in the day to day care of adults children and families with palliative care needs      *Palliative Care* Christina Faull, Kerry Blankley, 2015-03-19 The care of patients with advanced and terminal illness can be extremely rewarding but often causes professionals a considerable amount of discomfort This is especially so when you feel under confident in your abilities to provide a high quality of symptom management and relief from distress and to communicate appropriately with patients Patients with advanced disease present some of the most challenging ethical physical psychological and social issues to clinicians and indeed to society Patients need us to be knowledgeable skilful and understanding The fully revised and updated new edition of Palliative Care outlines the fundamental principles and facts which will enable you to make a very real difference to your patients and their families Information is provided in an accessible user friendly way and covers a wide range of physical and non physical symptom management Multi professional team work is addressed as is the role and support of families There is also a consideration of the dilemmas and decisions that may be encountered by doctors around the end of a patient's life This practical resource designed to provoke contemplative professional development and enhance learning will be essential reading for nursing and medical practitioners and other professionals who support patients in their homes in care homes and in hospital      **Oxford Textbook of Public Health Palliative Care** Julian Abel, Allan Kellehear, 2022-03-31 Death dying loss and care giving are not just medical issues but societal ones Palliative care has become increasingly professionalised focused around symptom science With this emphasis on minimizing the harms of physical psychological and spiritual stress there has been a loss of how cultures and communities look after their dying with the wider social experience of death often sidelined in the professionalisation and medicalisation of care However the people we know and love in the places we know and love make up what matters most for those undergoing the experiences of death loss and care giving Over the last 25 years the theory practice research evidence base and clinical applications have developed generating widespread adoption of the

principles of public health approaches to palliative care The essential principles of prevention harm reduction early intervention and health and wellbeing promotion can be applied to the universal experience of end of life irrespective of disease or diagnosis Compassionate communities have become a routine part of the strategy and service development in palliative care both within the UK and internationally The Oxford Textbook of Public Health Palliative Care provides a reframing of palliative care bringing together the full scope of theory practice and evidence into one volume Written by international leaders in the field it provides the first truly comprehensive and authoritative textbook on the subject that will help to further inform developments in this growing specialty Palliative Care Jean Lugton,Rosemary McIntyre,2006-01-04 This title is directed primarily towards health care professionals outside of the United States Palliative Care The Nursing Role is an introductory text for nurses and other health care professionals who deliver palliative care across a range of settings It lays a clear foundation of knowledge focusing on the needs and perspectives of patients and families who face the challenge of advanced incurable illness The style is highly accessible yet challenges readers to analyze key issues that present within palliative care Covering the wide range of care provision in hospices hospitals and patients homes the book draws widely from practice based examples to explain and expand upon theoretical issues Research evidence underpins each of the chapters Guided activities encourage readers to reflect in a focused way on their clinical experience and current practice This new edition has been fully updated to reflect ongoing developments and shifting trends in palliative care education and practice It will suit the needs of both pre and post qualifying students seeking to develop their knowledge and is well suited to practitioners working within either generalist or specialist palliative care settings or within acute or community settings as well as those studying a range of palliative care educational curricula The authors have a wide range of experience in palliative care and all are actively engaged in practice and or education A clear broad based approach offers a thorough introduction for the non specialist nurse Written and edited by an experienced team of nurses working in this field grounding it in current practice Learning outcomes listed at the start of each chapter aid learning and comprehension Reflective practice activities and an outline of CPD is especially useful for students working independently Case histories recommended reading lists and references provide a solid evidence base for clinically based practice and facilitate further study Thoroughly revised and updated to reflect changes in policy direction A new chapter on pain and symptom management Revised content reflects the recent shift in the evidence base concerning spirituality Includes psychosocial issues of loss for the patient their family and careers Handbook of Palliative Care Richard Kitchen,Christina Faull,Sarah Russell,Jo Wilson,2024-05-08 Handbook of palliative care Comprehensive resource utilising up to date evidence and guidelines to support non specialists in palliative care in both hospital and community settings Building on the success of previous editions this new edition of the award winning handbook has a practical focus and provides the user with an approach to clinical challenges while also providing enough information to explain why this approach is suggested The 4th

edition of Handbook of Palliative Care supports non specialists in palliative care in both hospital and community settings and focuses on holistic care and therapeutic interventions With several new chapters and content significantly updated to reflect new evidence and practice the 4th edition also presents up to date evidence guidance in a succinct format and utilises flow charts and figures to enhance the accessibility of information Written by four highly accomplished nursing and medical authors with over 100 years experience between them in hospital hospice care home and community settings Handbook of Palliative Care provides Guidance from clinicians who are experts in their field An acknowledgment of the requirements of healthcare professionals attending to patients with palliative care needs along with a dedicated chapter addressing this topic Contemporary guidance on medicine management symptom control and managing complications of cancer Palliative care in heart failure renal disease and advanced liver neurological and respiratory diseases An in depth look at patient and public involvement in palliative care and inequity Skill development including communication ethical considerations and spiritual care New chapters including frailty dementia and multi morbidity and palliative care for people living with mental illness and people with intellectual disabilities This 4th edition of Handbook of Palliative Care is an ideal supporting resource for doctors nurses and other healthcare professionals caring for patients with palliative care needs in the UK and beyond The 1st edition was the winner of the 1999 BMA Medical Book of the Year Prize

Palliative Nursing Elaine Stevens, Susan Jackson, Stuart Milligan, 2009-11-16 Palliative Nursing is an evidence based practical guide for nurses working in areas of practice where general palliative care is provided This may be in hospitals nursing homes dementia units the community and any other clinical areas which are not classified as specialist palliative care This book first explores the history and ethos of palliative care and then looks at palliative nursing across various care settings It then looks at palliative nursing care for people with specific illnesses including heart failure dementia chronic obstructive pulmonary disease cancer and neurological conditions Palliative care for children and young people is discussed and then the book finally looks at education and research in palliative nursing Palliative Nursing will be essential reading for all nurses working with palliative care patients in a non specialist role i.e. in hospitals primary care and nursing homes as well as nursing students SPECIAL FEATURES Explores the palliative nursing issues related to specific diseases groups Written in the context of the new national tools i.e. the end of life initiative preferred place of care Liverpool care pathway and Gold standards framework Each chapter includes practice points and cases to allow the practitioner to undertake guided reflection to improve practice Written by nurses for nurses Provides guidance for nurses working in all four countries of the UK

Principles And Practice Of Managing Pain: A Guide For Nurses And Allied Health Professionals Parsons, Gareth, Preece, Wayne, 2010-10-01 Pain management is a popular topic for nursing students and one that is covered primarily during years 2 and 3 of UK pre registration nursing courses An understanding of the mechanics of pain how pain affects individuals and how pain can be treated is absolutely core to nursing study and practice and nurses need to be able to identify assess and treat pain responsibly and as part of their

broader care for patients The emphasis of the book will not be on facts physiology or pharmacology but instead the book will draw on these things to help students develop a solid philosophy of care that encompasses good pain management

Psychosocial Palliative Care William S. Breitbart MD, Yesne Alici, 2014-03-25 One of the most challenging roles of the psycho oncologist is to help guide terminally ill patients through the physical psychological and spiritual aspects of the dying process Patients with cancer AIDS and other life threatening illnesses are at increased risk for the development of major psychiatric complications and have an enormous burden of both physical and psychological symptoms Concepts of adequate palliative care must be expanded beyond the current focus on pain and physical symptom control to include the psychiatric psychosocial existential and spiritual aspects of care The psycho oncologist as a consultant to or member of a palliative care team has a unique role and opportunity to fulfill this promise of competent and compassionate palliative care for those with life threatening illnesses Psychosocial Palliative Care guides the psycho oncologist through the most salient aspects of effective psychiatric care of patients with advanced illnesses This handbook reviews basic concepts and definitions of palliative care and the experience of dying the assessment and management of major psychiatric complications of life threatening illness including psychopharmacologic and psychotherapeutic approaches and covers issues such as bereavement spirituality cultural sensitivity communication and psychiatric contributions to common physical symptom control A global perspective on death and palliative care is taken throughout the text and an Appendix provides a comprehensive list of international palliative care resources and training programs **Cicely Saunders and Total Pain** Joe Wood, 2024-11-30 Introduced in 1964 Cicely Saunders term total pain has come to epitomise the holistic ethos of hospice and palliative care It communicates how a dying person's pain can be a whole overwhelming experience not only physical but also psychological social and spiritual Total pain clearly summarises Saunders whole person multidisciplinary outlook but is it a phenomenon an intervention framework a care approach or something else This book disregards the idea that Saunders phrase has one coherent meaning and instead explores the multiple interpretations now current in contemporary professional discourse Using close reading of Saunders extensive publications as well as archival evidence and Saunders own personal library it situates the current usage of total pain in wider histories of clinical holism questions its similarity to later ideas of narrative medicine and explores how it might express the ambiguities of bearing witness to pain and vulnerability when someone is dying Cancer Nursing Connie Yarbro, Debra Wujcik, Barbara Holmes Gobel, 2011 A new and revised version of this best selling reference For over eighteen years best selling Cancer Nursing Principles and Practice has provided oncology nurses with the latest information on new trends in the rapidly changing science of oncology Now in its Seventh Edition Cancer Nursing has been completely revised and updated to reflect key new developments New topics covered include targeted therapy hypersensitivity reactions mucositis and family and caregiver issues With 27 new chapters featuring insights from key authors the Seventh Edition is a must have resource for every oncology nurse *Nursing*

*Practice and Health Care 5E* Susan Hinchliff, Sue Norman, Jane Schober, 2008-10-31 Nursing Practice and Health Care is an essential companion to pre registration nursing education programmes for those studying at degree and diploma level and for students on post registration courses This fifth edition has been completely revised to reflect the current professional and educational requirements for those preparing for registration as a nurse while maintaining a strong focus on practice and reflecting the needs of those requiring nursing and health care Additionally it uses the 2008 NMC Code as the cornerstone for many of its chapters Building on the changes in the fourth edition the requirements of pre registration nursing programmes the fitness for practice initiative and other developments in health policy within the four countries of the UK the book provides an invaluable support for students as they learn the skills in critical thinking that will enable the development of an accountable professional practitioner Both student and patient centred the book is divided into five parts Perspectives on nursing Learning nursing Practising nursing Key aspects of care and Professional support and development Key features Completely revised and updated to reflect the new NMC Code Both student and patient centred Tackles key issues for today's student nurse including health promotion quality and the patient experience informatics diversity of care settings accountable practice and ethics and the law Incorporates a wide range of helpful text features including learning objectives section and chapter summaries patient scenarios and reflective points useful websites and further reading Reflects the governmental reports policies frameworks and targets of all four UK countries      **Oxford Textbook of Palliative Nursing** Betty R. Ferrell, Nessa Coyle, Judith Paice, 2014-12-01 This landmark text is the key resource for nurses working in the field of palliative care Edited by renowned nursing experts and written by a dynamic team of internationally known authorities in nursing and palliative medicine the Oxford Textbook of Palliative Nursing covers the gamut of principles of care from the time of initial diagnosis of a terminal disease to the end of a patient's life and beyond The text is distinctively developed to highlight the nurse's vital role as part of an integrated palliative care team Various care settings are discussed including the hospital ICU home care and hospice Chapters focus on the practical aspects of nursing care including symptom assessment patient teaching family support psychosocial aspects of palliation and spiritual care New to the fourth edition are chapters on the National Consensus Project for Quality Palliative Care Guidelines palliative care of veterans palliative care in rural settings disaster situations palliative care in Eastern Europe and palliative care in the Philippines      *Palliative Care Training*, 2007      **Oxford Textbook of Palliative Medicine** Nathan I. Cherny, Marie T. Fallon, Stein Kaasa, Russell K. Portenoy, David C. Currow, 2021 Written by an established comprehensive multidisciplinary focused internationally recognized team the sixth edition has been fully revised and brought up to date with the inclusion of recent developments in the speciality to ensure that it retains its reputation as the definitive reference on palliative care      **Epidemiology and Prevention** John Yarnell, 2007 This book takes a unique systems based approach allowing students to visualise the overall systemic effects of the disease process in its entirety      **The Psychological Journey To and From Loneliness** Ami Rokach, 2019-04-06 There

are three universal experiences that we cannot escape loneliness illness and death The Psychological Journey To and From Loneliness addresses what was termed the plague of the 21st century loneliness Loneliness is stigmatized in our society so untold number of people walk around lonely unable to do what is so naturally called for make their suffering known and approach others for company and support Thankfully loneliness is slowly but steadily coming out of the closet This book will highlight not only the experience and what can be done about it but also the experiences that influence it i e our childhood cultural and religious influences and our way of life as well as the effects that loneliness has on various population groups and how it is experienced at different times in our lives This volume reviews theoretical approaches to the study of loneliness the positive functions that loneliness may serve in our lives the stages in life when loneliness is quite visible and its effects on us the life experiences that may strengthen the feeling that one is all alone and forgotten life experiences that we do not commonly connect to loneliness but it is clearly present in them e g pregnancy and childbirth and the approaches that are available to cope with its pain and limit its negative effects on us The book closes with a review of how psychotherapy can assist those who need encouragement and support in their struggle with loneliness The book is particularly suitable for academics researchers and clinicians who aim to help clients identify address and cope with loneliness Presents the latest research on the development causes and effects of loneliness Studies loneliness in childhood adolescence and middle and old age Outlines what can be done to limit the negative effects of loneliness on an individual Looks at how childhood cultural religious and other influences affect loneliness

**Oxford Textbook of Palliative Care for Children** Richard Hain, Ann Goldman, Adam Rapoport, Michelle Meiring, 2021-07-27 The importance of palliative care for children facing life threatening illness and their families is now widely acknowledged as an essential part of care which should be available to all children and families throughout the child's illness and at the end of life The new edition of the Oxford Textbook of Palliative Care for Children brings together the most up to date information current knowledge evidence and developments of clinical practice in the field The book is structured into four sections Foundations of Care describes core issues the foundations on which paediatric palliative care is based Child and Family Care looks at different aspects of psychological social and cultural care for the sick child or young person and their family These chapters cover the time course of the illness around the time of death and support for the bereaved family Symptom Care focuses on the uses of medication specific symptoms and their management Finally Delivery of Care examines practical approaches to care in different environments and the needs of clinicians Two new editors join the team from Canada and South Africa reflecting our aims to contribute towards the development of care for children across the world and to be a resource for both experienced clinicians and those new to the field Comprehensive in scope exhaustive in detail and definitive in authority this third edition has been thoroughly updated to cover new practices current epidemiological data and the evolving models that support the delivery of palliative medicine to children This includes two new chapters looking in detail at Decision Making and Perinatal Care and a new section

highlighting the emerging importance of Palliative Care for Children in Humanitarian Crises This book is an essential resource for anyone who works with children worldwide Oxford Textbook of Palliative Medicine Geoffrey W. C. Hanks, 2011-07-21 Emphasising the multi disciplinary nature of palliative care the fourth edition of this text also looks at the individual professional roles that contribute to the best quality palliative care

## **Palliative Care An Oxford Core Text Introduction**

In today's digital age, the availability of Palliative Care An Oxford Core Text books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Palliative Care An Oxford Core Text books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Palliative Care An Oxford Core Text books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Palliative Care An Oxford Core Text versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Palliative Care An Oxford Core Text books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Palliative Care An Oxford Core Text books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Palliative Care An Oxford Core Text books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Palliative Care An Oxford Core Text

books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Palliative Care An Oxford Core Text books and manuals for download and embark on your journey of knowledge?

### **FAQs About Palliative Care An Oxford Core Text Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
