

# ANALYSING THE SHAPE OF YOUR PALM

*The first thing you look at when practicing palmistry is the basic shape of the palm and the length of your fingers. Also take note of the condition of the skin and nails.*

*Bottom and edges are all relatively flat, with rounded fingers.*

## CONICAL HAND

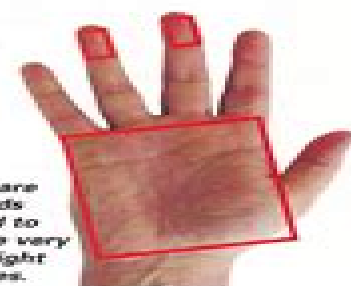

A long palm, with fingers that form a point. Associated with the element Fire, this hand type is drawn to beauty and is imaginative by nature. This hand can also suggest a desire to be a success.

*Palm and fingertips are more rounded.*

## PHILOSOPHICAL OR OVAL HAND

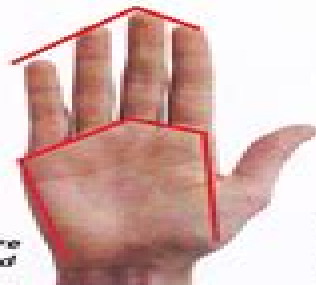

A broad palm with saucer-like fingertips. People with this hand shape are often thoughtful and introverted, with a logical and analytical nature. They have a tendency to be loners.

*Square hands tend to have very straight edges.*

## SQUARE OR PRACTICAL HAND

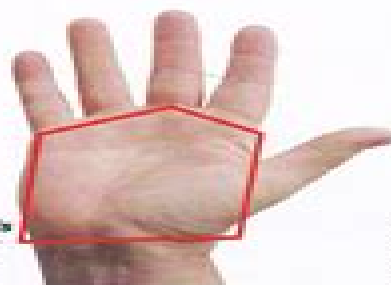

A square palm with blunt, broad fingers. People with this hand shape tend to be practical, organised and persistent. It can also indicate a tendency to be cynical or sceptical, and to value material goods.

*Psychic hands are bony and delicate.*

## PSYCHIC OR POINTED HAND

A long, delicate hand with pointed fingers. People with this hand type tend to be dreamers and idealists, who hold strong beliefs and views. They have a tendency to be nervous or over-emotional.

*Spatulate hands tend to be very flabby and can look clumsy.*

## SPATULATE HAND

This hand is often flabby or soft, widest at the base of the palm, with broad, straight fingers. It can indicate an energetic and enthusiastic nature, always searching for answers and new stimuli.

*The life, head and heart line are prominent on basic hands.*

## ELEMENTAL OR BASIC HAND

A broad palm with short fingers. This hand is associated with people who are hard working, possibly involved in manual labour. Traditionally, people with this hand shape were looked down on by others.

## FEELING THE FUTURE

Many fortune-tellers favour palm reading as it is a very 'hands on' form of divination, in which you literally hold someone's hand as you interpret their future. This helps to relax the client, and the physical contact may also help to trigger flashes of psychic intuition in the palm-reader. Palm reading is really the art of gathering details and looking for patterns for the future. Remember, destiny read in the hands is not necessarily fixed.

*Many people are reassured by the contact involved in palm reading. This gentle art looks at the influences in someone's life, and how they tend to respond to circumstances.*

of fats The body uses carbohydrates and fats as energy the former being the primary source So the more carbs you consume in your daily diet the less fat is being burned for energy Instead the spike in insulin will result in more fat storage When you consume less carbohydrates the body goes into a state referred to as ketosis Thus the name for this low carb diet Ketosis helps the body survive on less food By being in ketosis you train your body to utilize fats as the main source of energy instead of carbs simply because there is close to zero carbs to begin with During ketosis the liver breaks down fats into ketones which enables the body to use the fat as energy During a keto diet we dont starve ourselves of calories we starve the body of carbohydrates This makes weight loss easy and natural Later on youll learn that the keto diet has many additional health benefits besides fat loss
