practical guides for learning this ancient divination technique that's ever hit the market THIS BOOK IS A MUST Craig
Browning In his new book Speed Learning Palm Readings In Your Own Words Julian Moore teaches the basics of palmistry
using proven techniques which mean that you could be reading palms in less than 48 hours This ebook and ten accompanying
FLASH CARDS can get you up to speed quicker than you ever thought imaginable while still creating your own style and
being true to yourself without having to pretend that you're a great showman or anything other than yourself Speed Learning
Palm Readings In Your Own Words shows you how to give REAL readings that CONNECT with people Most people who
decide to learn palmistry are easily put off when they first pick up a palmistry book there's so much information and more
often than not no clear description of even what ORDER to read the different elements of the hand in This is not like those
other books It teaches you a step by step way of reading people's palms that's almost impossible to forget and as it
encourages you to create YOUR OWN way of describing what the lines and fingers mean the speed of learning is greatly
increased You're not just learning parrot style you're creating your OWN versions of how to talk about the meanings of the
hand which makes them entirely memorable REVIEWS No hype just plain good You can't go wrong if you just DO what Julian
describes I've always shied away from palmistry because I thought the system was too complicated Julian has changed all
that And the memory cues are an added bonus It just can't get any easier Nicholas After reading Julian's book and going
through the flash cards a couple of times I have a practical knowledge of palm reading that I didn't have 48 hours ago My
progress is clear and tangible Today I was able to improvise a palm reading session with one of my regular clients and it
went very well I'm excited That's why I'm writing this review hoping that some of you also take advantage of this beautiful
tool that Julian is sharing with us Enrique Enriquez member of Kenton Knepper's S E C R E T school and co author of the
groundbreaking book Mind Reading A very useful tool for both learning and reviewing palmistry basics For learning you have
taken the concept of flash cards and made the cue cards much more of a memory exercise thereby challenging the mind to
create rather than just repeat For the pro you have given some interesting slants on certain traits that add further dimension
and depth to a reading The cards provide an excellent review tool for all practicing palmists as it allows them to review traits
