Paltinis Diary A Paideic Model In Humanist Culture:

The Paltinis Diary Gabriel Liiceanu, 2000 The intellectual resistance to totalitarian regimes can take many forms This remarkable volume portrays one such story of resistance in Romania during the reign of Ceausescu that of Constantin Noica one of the country's foremost intellectuals The Paltinis Diary is a wonderful homage to an intellectual master and to the power of intellect and freedom The book will be of interest to philosophers non philosophers alike and to anyone who seeks to grasp the true meaning of survival under totalitarian conditions *Secret Agents and the Memory of Everyday Collaboration in Communist Eastern Europe* Péter Apor, Sándor Horváth, James Mark, 2017-09-27 The collection of essays in *Secret Agents and the Memory of Everyday Collaboration in Communist Eastern Europe* addresses institutions that develop the concept of collaboration and examines the function social representation and history of secret police archives and institutes of national memory that create these histories of collaboration The essays provide a comparative account of collaboration participation across differing categories of collaborators and different social milieux throughout East Central Europe They also demonstrate how secret police files can be used to produce more subtle social and cultural histories of the socialist dictatorships By interrogating the ways in which post socialist cultures produce the idea of and knowledge about collaborators the contributing authors provide a nuanced historical conception of collaboration expanding the concept toward broader frameworks of cooperation and political participation to facilitate a better understanding of Eastern European communist regimes *Intellectuals and Fascism in Interwar Romania* Cristina A. Bejan, 2019-08-23 In 1930s Bucharest some of the country's most brilliant young intellectuals converged to form the Criterion Association Bound by friendship and the dream of a new modern Romania their members included historian Mircea Eliade critic Petru Comarnescu Jewish playwright Mihail Sebastian and a host of other philosophers and artists Together they built a vibrant cultural scene that flourished for a few short years before fascism and scandal splintered their ranks Cristina A Bejan asks how the far right Iron Guard came to eclipse the appeal of liberalism for so many of Romania's intellectual elite drawing on diaries memoirs and other writings to examine the collision of culture and extremism in the interwar years The first English language study of Criterion and the most thorough to date in any language this book grapples with the complexities of Romanian intellectual life in the moments before collapse **A Handbook to Classical Reception in Eastern and Central Europe** Zara Martirosova Torlone, Dana LaCourse Munteanu, Dorota Dutsch, 2017-02-06 *A Handbook to Classical Reception in Eastern and Central Europe* is the first comprehensive English language study of the reception of classical antiquity in Eastern and Central Europe This groundbreaking work offers detailed case studies of thirteen countries that are fully contextualized historically locally and regionally The first English language collection of research and scholarship on Greco Roman heritage in Eastern and Central Europe Written and edited by an international group of seasoned and up and coming scholars with vast subject matter experience and expertise Essays from leading scholars in the field provide broad insight into the

reception of the classical world within specific cultural and geographical areas Discusses the reception of many aspects of Greco Roman heritage such as prose philosophy poetry material culture Offers broad and significant insights into the complicated engagement many countries of Eastern and Central Europe have had and continue to have with Greco Roman antiquity In Marx's Shadow Costica Bradatan, Serguei Oushakine, 2010-03-19 Despite its key role in the intellectual shaping of state socialism Communist ideas are often dismissed as mere propaganda or as a rhetorical exercise aimed at advancing socialist intellectuals on their way to power By drawing attention to unknown and unexplored areas trends and ways of thinking under socialism the volume examines Eastern Europe and Russian histories of intellectual movements inspired negatively as well as positively by Communist arguments and dogmas Through an interdisciplinary dialogue the collection demonstrates how various bodies of theoretical knowledge philosophical social political aesthetic even theological were used not only to justify dominant political views but also to frame oppositional and nonofficial discourses and practices The examination of the underlying structures of Communism as an intellectual project provides convincing evidence for questioning a dominant approach that routinely frames the post Communist intellectual development as a revival or at least as a return of the repressed intellectual traditions As the book shows the logic of a radical break suggested by this approach is in contradiction with historical evidence a significant number of philosophical theoretical and ideological debates in post Communist world are in fact the logical continuation of intellectual conversations and confrontations initiated long before 1989 *Volume 8, Tome II: Kierkegaard's International Reception - Southern, Central and Eastern Europe* Jon Stewart, 2016-12-14 Although Kierkegaard's reception was initially more or less limited to Scandinavia it has for a long time now been a highly international affair As his writings were translated into different languages his reputation spread and he became read more and more by people increasingly distant from his native Denmark While in Scandinavia the attack on the Church in the last years of his life became something of a cause célèbre later many different aspects of his work became the object of serious scholarly investigation well beyond the original northern borders As his reputation grew he was co-opted by a number of different philosophical and religious movements in different contexts throughout the world The three tomes of this volume attempt to record the history of this reception according to national and linguistic categories Tome II covers the reception of Kierkegaard in Southern Central and Eastern Europe The first set of articles under the rubric Southern Europe covers Portugal Spain and Italy A number of common features were shared in these countries reception of Kierkegaard including a Catholic cultural context and a debt to the French reception The next rubric covers the rather heterogeneous group of countries designated here as Central Europe Hungary the Czech Republic Slovakia and Poland These countries are loosely bound in a cultural sense by their former affiliation with the Habsburg Empire and in a religious sense by their shared Catholicism Finally the Orthodox countries of Eastern Europe are represented with articles on Russia Bulgaria Serbia and Montenegro Macedonia and Romania Fragmented Identities Denise Roman, 2007-01-01 Combining sharp observation a

native ease in the city and talent as a storyteller Denise Roman spiritedly presents the myriad details and the diverging cultural strands of life in postcommunist Bucharest Roman focuses on identity formation and identity politics among youth Jews women and queers Mind is the Ride Jet McDonald,2019-05-16 When Jet McDonald cycled four thousand miles to India and back he didn't want to write a straightforward account He wanted to go on an imaginative journey The age of the travelogue is over today we need to travel inwardly to see the world with fresh eyes Mind is the Ride is that journey a pedal powered antidote to the petrol driven philosophies of the past The book takes the reader on a physical and intellectual adventure from West to East using the components of the bike as a metaphor for philosophy which is woven into the cyclist's experience Each chapter is based around a single component and as Jet travels he adds new parts and new philosophies until the bike is built the ride to India is completed and the relationship between mind body and bicycle made apparent
