The Pamplona Bibles François Bucher, 1970 **The Clement Bible at the Medieval Courts of Naples and Avignon** Cathleen A. Fleck, 2017-07-05 As a biography of the fourteenth century illustrated Bible of Clement VII an opposition pope in Avignon from 1378-94 this social history traces the Bible's production in Naples c. 1330 through its changing ownership and meaning in Avignon c. 1340-1405 to its presentation as a gift to Alfonso King of Aragon c. 1424 The author's novel approach based on solid art historical and anthropological methodologies allows her to assess the object's evolving significance and the use of such a Bible to enhance the power and prestige of its princely and papal owners Through archival sources the author pinpoints the physical location and privileged treatment of the Clement Bible over a century The author considers how the Bible's contexts in the collection of a bishop several popes and a king demonstrate the value of the Bible as an exchange commodity The Bible was undoubtedly valued for the aesthetic quality of its 200 luxurious images Additionally the author argues that its iconography especially Jerusalem and visionary scenes augments its worth as a reflection of contemporary political and religious issues Its images offered biblical precedents its style represented associations with certain artists and regions in Italy and its past provided links to important collections Fleck's examination of the art production around the Bible in Naples and Avignon further illuminates the manuscript's role as a reflection of the court cultures in those cities Adding to recent art historical scholarship focusing on the taste and signature styles in late medieval and Renaissance courts this study provides new information about workshop practices and techniques In these two court cities the author analyzes styles associated with different artists different patrons and even with different rooms of the rulers' palaces offering new findings relevant to current scholarship not only in art history but also in court and collection studies **Art and the Christian Apocrypha** David R. Cartlidge, J. Keith Elliot, 2013-10-23 The Christian canon of scripture known as the New Testament excluded many of the Church's traditional stories about its origins Although not in the Bible these popular stories have had a powerful influence on the Church's traditions and theology and a particularly marked effect on visual representations of Christian belief This book provides a lucid introduction to the relationship between the apocryphal texts and the paintings mosaics and sculpture in which they are frequently paralleled and which have been so significant in transmitting these non-Biblical stories to generations of churchgoers **Catalogue** Bloomsbury Book Auctions (Firm), 1989 *Thou Art the Man* Ruth Mazo Karras, 2021-04-30 This book is a work of medieval history and the history of gender and sexuality It looks at the biblical King David who has multiple paradigmatic identities in the Middle Ages king military leader adulterous lover sinner It views David primarily from the perspective of medieval European Christian society but also from the medieval European Jewish viewpoint *The Crescent on the Temple* Pamela Berger, 2012-06-07 The Crescent on the Temple elucidates how the Dome of the Rock came to stand for the Temple of Solomon in Christian Muslim and Jewish art That Temple represented as the Muslim shrine is often surmounted by a crescent **Medieval Thought and**

Historiography Giles Constable, 2023-05-31 Collected Studies CS1065 We assume that we have a clear understanding of how people in the Middle Ages thought and which attitudes they struck but in reality this is a subject of enormous complexity of which conclusions can only be drawn via painstaking archival research and decades of study Giles Constable has spent a career analysing these forces and impulses and this new collection draws together his major findings on a host of topics including frontiers metaphors religious life and spirituality and concepts of political theory *Art and Architecture of Late Medieval Pilgrimage in Northern Europe and the British Isles*, 2022-07-18 This collection includes essays on the visual experience and material culture at medieval pilgrimage shrines of northern Europe and the British Isles particularly the art and architecture created to intensify spiritual experience for visitors These studies focus on regional pilgrimage centers which flourished from the 12th 16th centuries addressing various aspects of visual imagery and architectural space which inspired devotees to value cults of enshrined saints and to venerate them in memory from afar Subjects include pilgrim dress jeweled and painted reliquaries labyrinths elaborate processions printed texts of the saint's life shrines sculpture and other architectural decoration and pilgrim souvenirs Profusely illustrated with 350 photographs this work will interest scholars and students of art history history religious studies and popular culture Contributors include Ilana Abend David Virginia Blanton Sarah Blick Katja Boertjes James Bugslag Lisa Victoria Ciresi Daniel K Connolly M Cecilia Gaposchkin Laura D Gelfand Anja Grebe Anne F Harris Kelly M Holbert Vida J Hull Jos Koldeweij Marike de Kroon Claire Labrecque Stephen Lamia Nora Laos Jennifer M Lee Albert Lemeunier Mitchell B Merback Scott B Montgomery Jeanne Nuechterlein Rita Tekippe William J Travis Kristen Van Ausdall Beno t Van den Bossche The print edition is available as a set of two volumes 9789004475168 [The Invention of Sodomy in Christian Theology](#) Mark D. Jordan, 1998-10-15 In this reexamination of what it means to have a tradition Catholic and otherwise Mark D Jordan offers a powerful and provocative study of the sin of erotic love between men The Invention of Sodomy reveals the theological fabrication of arguments for categorizing genital acts between members of the same sex **The Art of Medieval Spain, A.D. 500-1200** Metropolitan Museum of Art (New York, N.Y.), 1993 **The Gothic Stained Glass of Reims Cathedral** Meredith Parsons Lillich, 2011 Examines the stained glass windows in the Gothic cathedral of Reims within the context of the evolution of the French monarchy and medieval art Provided by publisher **The Mark of Cain** Ruth Mellinkoff, 2023-04-28 For few verses in the Bible is the relationship between scripture and the artistic imagination more intriguing than for the conclusion of Genesis 4:15 And the Lord set a mark upon Cain that whosoever found him should not kill him What was the mark of Cain The answers set before us in this sensitive study by art historian Ruth Mellinkoff are sometimes poignant frequently surprising An early summary of rabbinic answers for examples runs as follows R Judah said He caused the orb of the sun to shine on his account Said R Nehemiah to him For that wretch He would cause the orb of the sun to shine Rather he caused leprosy to break out on him Rab said He gave him a dog Abba Jose said He made a horn grow out of him Rab said He made him an example to murderers R Hanin said He made him an example

to penitents R Levi said in the name of R Simeon b Lakish He suspended judgment until the flood came and swept him away After a review of such early Jewish and Christian exegesis Mellinkoff divides physical interpretations on the mark into three groups A Mark on Cain s Body A Movement of Cain s Body and A Blemish Associated with Cain s Body Her discussion of these groups is the heart of her study and offers its richest examples of interplay among medieval art and imaginative literature on the one hand and biblical exegesis on the other Thus in one remarkable tour de force she shows us how a poetic misprision of Genesis 4 24 Sevenfold vengeance will be taken for Cain but for Lamech seventy times sevenfold made Lamech the murderer of Cain how there then grew up the legend that Lamech a hunter had killed Cain when he mistook him for an animal how from that the notion that the mark of Cain was a horn or horns on Cain s head arose in the poignant formulation of the Tanhuma Midrash Oh father you have killed something that resembles a man except it has a horn on its forehead and how from that in the maturity of the legend there flowered Cornish drama Irish saga and stunning reliefs of a dying antlered Cain in the cathedrals of Vezelay and Autun Like Genesis 4 15 itself The Mark of Cain is suggestive rather than comprehensive Concluding chapters on Intentionally Distorted Interpretations of Cain s Mark and Cain s Mark and the Jews bring the history down to our own day but Mellinkoff does not claim to have said the last word on the subject Her achievement is neither documentary nor exegetical but rather demonstrative she shows us with brilliant economy how the artistic imagination functioned in a world whose intellectual definition was a closed canonical text For few verses in the Bible is the relationship between scripture and the artistic imagination more intriguing than for the conclusion of Genesis 4 15 And the Lord set a mark upon Cain that whosoever found him should not kill him What was the mark of

The Meanings of Nudity in Medieval Art Sherry C. M. Lindquist, 2012 Addressing a strangely neglected key issue in the history of art this volume engages the variety and complexity of medieval representations of the unclothed human body The Meanings of Nudity in Medieval Art breaks ground by offering a variety of approaches to explore the meanings of both male and female nudity in European painting manuscripts and sculpture ranging from the late antique era to the fifteenth century

Daniel After Babylon Jennie Grillo, 2024-01-17 The biblical book of Daniel was known to Jewish and Christian antiquity in its longer versions preserved for us in the Greek textual tradition Those Additions as they came to be called the tale of Susanna and the legends of Bel and the Dragon the Prayer of Azariah and the Song of the Three Hebrews in the fiery furnace have travelled on through languages and cultures and have generated long trails of interpretation from commentary and religious iconography to fine art and domestic interiors This book follows three particular trails in the reception of the longer Daniel book tracing the themes of martyrdom afterlife worlds and the act of seeing beauty Recovering and documenting the voices of ancient medieval and modern interpreters we meet an assembled cast of Jewish and Christian martyrs liturgical subjects facing purgatory or paradise and women resisting voyeuristic viewing All this reception though is a route to reading the text of Greek Daniel itself these later interpreters move this study towards exegetical conclusions about the Jewish roots of ancient martyrdom the importance of the book of Daniel to the expansion of afterlife spaces within Second Temple Judaism and a defense of the ethics of narration in the text of Susanna Drawing on methods of material philology Jennie Grillo argues for the central place of the Additions in the readerly history of the book of Daniel and for this longer Daniel book's abiding significance for theology
