Pan American World Airways:

Pan American World Airways Laura J. Hoffman, 2015-04-06 In 1927 American entrepreneur Juan T Trippe founded what would later become Pan American World Airways one of the world's most prominent airlines of the 20th century From the very first airmail flight flown from Key West to Cuba Trippe provided leadership and innovation that put Pan Am at the top of the commercial airline industry His global pioneering spirit expanded the world's reach for the masses while at the same time provided the most glamorous of air travel experiences The rise and fall of an American empire is examined in this full color postcard history of Pan Am

Pan Am Lynn M. Homan, Thomas Reilly, 2000-04-03 Pan American World Airways could be considered a corporate Cinderella rags to riches and back again phenomenon From its founding in 1927 and its relatively obscure inauguration as a mail carrier on a 90 mile mail run from Florida's Key West to Cuba Pan Am's route system grew to span the globe The company that would eventually become famous for its blue and white world logo grew into a conglomerate of hotels airlines business jets real estate a helicopter service and even a guided missiles range division But financial problems plagued Pan Am in its last two decades and in 1991 Pan American World Airways ceased flying after 64 years of service The story of Pan Am is as much the story of president Juan T Trippe as it is an account of airplanes pilots flight attendants and glamorous destinations As the company moved throughout the world building airfields from jungles crossing oceans and forcing the development of new airplanes it was Trippes airline and his vision A global pioneer Pan Am was the first airline to use radio communications to employ cabin attendants and serve meals aloft and to complete an around the world flight The company's achievements were legendary but its failures tragedies and disasters were also part of a complex corporate life
