world hostage unless geologist Philip Mercer and his colleague Anika Klein can stop him Original Secrets Janice Galloway,2005 Entrants were given a single word secrets as a trigger to set their creativity loose They were asked to compose stories that explored the meaning of secrets in whatever way they wanted More than one thousand entries were received and the resulting collection is a clear indicator of the sheer wealth of talent emerging in Scotland today won by Rob McClure Smith with a story entitled Masonry and was awarded first prize of GBP7 500 Five runners up were awarded GBP750 Kellar Bell **Three Marid Djinns an Unrequited Love** Juan Berry,2023-02-15 Tempers flare between the Gods and Marid Djinns Acts of revenge have blurred the boundaries between the realms After Ragnarok Sitoel returns to her gypsy tribe to sort out her feelings for Banter When she arrives she discovers her parents are outcast The boy she scared while competing for the tribe s sacred bloodstone is now their gypsy king Sitoel is forced to return to her escapology acts to pay the heavy toll of bringing her parent s back into the tribe Gall loses Excalibur to the sea His victories have gained the attention of the Greek gods and Hel uses it to her advantage Hel convinces them to declare war against the Marid Djinns The scheme stirs a challenge that forces the Marid Djinns to retrieve the Greek gods most sacred weapons The task becomes nearly impossible while Banter and Sitoel face their trust issues Akantha s personal feelings provoke her to join the quest but secrets from the past bring more doubts The turmoil introduces a fourth Marid Djinn His origin and purpose answers several questions for the Marid Djinns It also formulates a connection between the weapons Iblis collected and a new one called the Corpse Candle Pandora's Box Geoffrey Newton,2023-05-05 This book is about the coronavirus and the pandemic it spawned and what this outbreak means for future pandemics It analyses the official response and sees where improvements can be made for example the World Health Organization waited till March to designate the coronavirus a pandemic and a full year before confirming its airborne transmission The book looks at the specific nature of the virus its origins and how it was transmitted why it was so deadly to predisposed individuals how it compares to previous pandemics what measures were taken mitigate the disease and how to protect ourselves against it in future The book also looks into the wider implications of the pandemic and its causes for example how climate change and biodiversity are coming into direct conflict with ever expanding needs of population growth and urban sprawl has conspired to bring us into ever closer contact with these viruses for example Nipah virus outbreak from the deforestation of the Indonesian Rain Forest and Ebola from settlement expansion in the Congo Lastly the book looks at the wider nature of viruses and their historical significance to the tree of life of the planet and their relationship to our evolution This book is a timely search into the nature of viruses and how they will affect us going forward and what measures we can take to protect ourselves and mitigate the dangers from future outbreaks by integrating our industrial society into an ecological friendly setting thereby accommodating these viruses Body Work Peter Brooks,1993 The desire to know the body is a powerful dynamic of storytelling in all its forms Peter Brooks argues that modern narrative is intent on uncovering the body in order to expose a truth that must be written in the flesh In a book that

ranges widely through literature and painting Brooks shows how the imagination strives to bring the body into language and to write stories on the body From Rousseau Balzac Mary Shelley and Flaubert to George Eliot Zola Henry James and Marguerite Duras from Manet and Gauguin to Mapplethorpe writers and artists have returned in fascination to the body the inescapable other of the spirit Brooks's deep understanding of psychoanalysis informs his demonstration of how the epistemophilic urge the desire to know guides fictional plots and our reading of them It is the sexual body that furnishes the building blocks of symbolization eventually of language itself which then takes us away from the body Yet mind and language need to recover the body as an other realm that is primary to their very definition Brooks shows how and why the female body has become the field upon which the aspirations anxieties and contradictions of a whole society are played out And he suggests how writers and artists have found in the woman's body the dynamic principle of their storytelling its motor force This major book entertains and teaches Brooks presumes no special knowledge on the part of his readers His account proceeds chronologically from Rousseau in the eighteenth century forward to contemporary artists and writers *Body Work* gives us a set of analytical tools and ideas primarily from psychoanalysis narrative and film studies and feminist theory that enable us to read modern narrative afresh
