Panna In Early Buddhism:

Panna in Early Buddhism Labh Baidyanath,1991-01-01 Paññā in Early Buddhism Baidyanath Labh,1991 Concept of wisdom in Buddhist thought and tradition a study Panna in Early Buddhism Labh Baidyanath,1991 **The Grace of Sophia** Grace Ji-Sun Kim,2010-02-01 The Grace of Sophia reaches out to Korean North American women including former victims of severe religious and cultural suffering in Korea and current casualties of racism classism and sexism in North America By sharing her own views on racism the patriarchal Korean society and multifaith understandings of wisdom author Grace Ji Sun Kim offers strength for the journey to empowerment and hope in the search for a liberative Korean North American women s Christology *Buddhist Dynamics in Premodern and Early Modern Southeast Asia* D. Christian Lammerts,2016-04-29 The study of historical Buddhism in premodern and early modern Southeast Asia stands at an exciting and transformative juncture Interdisciplinary scholarship is marked by a commitment to the careful examination of local and vernacular expressions of Buddhist culture as well as to reconsiderations of long standing questions concerning the diffusion of and relationships among varied texts forms of representation and religious identities ideas and practices The twelve essays in this collection written by leading scholars in Buddhist Studies and Southeast Asian history epigraphy and archaeology comprise the latest research in the field to deal with the dynamics of mainland and pen insular Buddhism between the sixth and nineteenth centuries C E Drawing on new manuscript sources inscriptions and archaeological data they investigate the intellectual ritual institutional sociopolitical aesthetic and literary diversity of local Buddhisms and explore their connected histories and contributions to the production of intraregional and transregional Buddhist geographies **The Sacred Books and Early Literature of the East** Charles Francis Horne,1917 Lessons in Being Chinese Mette Halskov Hansen,Pro-Dean for Research Professor in Chinese Studies Mette Halskov Hansen,1999 This comparative study of the Naxi and Tai minority groups in Southwestern China examines the implementation and reception of state minority education policy Hansen Center for Development and the Environment U of Oslo argues that state policy is not uniformly successful among all minorities no **Misogyny** David D. Gilmore,2010-08-03 Yes women are the greatest evil Zeus has made and men are bound to them hand and foot with impossible knots by God Semonides seventh century B C Men put women on a pedestal to worship them from afar and to take better aim at them for the purpose of derision Why is this paradoxical response to women so widespread so far reaching so all pervasive Misogyny David D Gilmore suggests is best described as a male malady as it has always been a characteristic shared by human societies throughout the world Misogyny The Male Malady is a comprehensive historical and anthropological survey of woman hating that casts new light on this age old bias The turmoil of masculinity and the ugliness of misogyny have been well documented in different cultures but Gilmore s synoptic approach identifies misogyny in a variety of human experiences outside of sex and marriage and makes a fresh and enlightening contribution toward understanding this phenomenon Gilmore maintains that misogyny is so widespread and so pervasive

among men that it must be at least partly psychogenic in origin a result of identical experiences in the male developmental cycle rather than caused by the environment alone Presenting a wealth of compelling examples from the jungles of New Guinea to the boardrooms of corporate America Gilmore shows that misogynistic practices occur in hauntingly identical forms He asserts that these deep and abiding male anxieties stem from unresolved conflicts between men s intense need for and dependence upon women and their equally intense fear of that dependence However misogyny according to Gilmore is also often supported and intensified by certain cultural realities such as patrilineal social organization kinship ideologies that favor fraternal solidarity over conjugal unity chronic warfare feuding or other forms of intergroup violence and religious orthodoxy or asceticism Gilmore is in the end able to offer steps toward the discovery of antidotes to this irrational but global prejudice providing an opportunity for a lasting cure to misogyny and its manifestations **A Brief History of Tibetan**
