Jerry L. Walls, Kenneth J. Collins

Papal Sin Structures Of Deceit:

Papal Sin Garry Wills, 2001-09 An exploration of the papacy challenges the culture of deceit that surrounds the Vatican in modern times which prevents the church from facing its own history *Practicing Catholic* James Carroll, 2009 A landmark biography of American belief and an exhilarating blueprint for the millions who value their faith over the misused authority of religious leaders Book jacket **The Roman Catholic Church - A Critical Appraisal** Hendrick Park, 2008-03 The Roman Catholic Church is the largest denomination with 1.1 billion adherents Recently the pope Benedict XVI reasserted that the Catholic Church is the only true church founded by Christ Today there is a pervasive indifference as to the question what is the true Christianity This is a serious situation because there are numerous false or only partly true versions of Christianity The author of this book attempts a critical appraisal of the Roman Catholic Church by the criteria of the Bible and history The conclusion he reached is that the Catholic Church is a perversion of the Christianity of the New Testament The author believes that he has substantiated the proposition that there are many unbiblical pagan elements in the Church To give one example the monarchical papacy and the authoritarian church structure developed after the model of the authoritarian government of the ancient Roman Empire No wonder that its official name is the Roman Catholic Church A theologian and a minister Received a doctorate in systematic theology from the University of Toronto He did the ministerial work for 17 years in the United Church of Canada Took early retirement in 1990 to study and write books which is he feels the talent and his main vocation he has received from God He respects the Bible as containing the revealed word of God According to the prophets of God justice and mercy and the pure preservation of the true religion of God are God's two major concerns He believes that God's major concerns should be all Christians' major concerns as well The Roman Catholic Church A Critical Appraisal was written from that perspective in order to attest to the true religion of God and to keep Christians from heading onto the wrong path Village Green Robert Allan Hill, 2011-06-08 The three cycles of sermons included here provide a spiritual geography an announcement of the gospel set in New York State The sermons were given life in the vibrant life of Asbury First United Methodist Church Rochester New York over several years beginning in 2000 The collection is meant to exemplify a thematic form of preaching that addresses and creates a collective consciousness in the life of a community One series is set on A Village Green Another invites those along the Finger Lakes to travel Once More to the Lake The third traverses the major cities of the state and their capacity to become An Empire of the Spirit The sermons here try to unfold an interpretation of Scripture by engaging local settings to produce a geography of the Spirit *The Clergy Sexual Abuse Crisis* Paul R. Dokecki, 2004-02-27 The story of sexual abuse of children by Catholic priests has sent shock waves around the nation and will not fade from consciousness or the news We ask How could this happen And then we ask How could the Catholic Church let this continue for so long in seeming silence and duplicity Paul R Dokecki a community psychologist at Vanderbilt University an active Catholic and a former board member of the National Catholic Education Association

investigates the crisis not only with the eye of an investigative reporter but with the analytical skills and training of a psychologist as well. Moreover, he lays the foundation for reasonable and practical reform measures. Through the scandal in the Archdiocese of Boston as well as the earlier, if less well known but momentous case in the Diocese of Nashville, Docecki reports on and analyzes what is ultimately an abuse of power not only by the clergy but by church officials. As distasteful as these instances may be, they are compelling reading, enlightened by the author's abilities to contextualize these events through the lenses of professional ethics, the human sciences, and ecclesiology. According to Docecki, these and other instances of clergy sexual abuse reveal a systemic deficiency in the structure and the nature of the church itself, one that has prevented the church from adequately dealing with its own worst sins. Docecki may shine a spotlight into the church's dark corners, but he does so in the service of enlightenment, calling the church back toward the vision of Vatican II and the spirit of Pope John XXIII toward a greater transparency, a more open and participatory governance in the church, and for a greatly expanded role for the people of God who make up the church. It is in this way, Docecki believes, the church will be better able to keep the innocent children of the church safe from harm. *Roman but Not Catholic* Jerry L. Walls, Kenneth J. Collins, 2017-10-17

This book offers a clearly written, informative, and fair critique of Roman Catholicism in defense of the Catholic faith. Two leading evangelical thinkers in church history and philosophy summarize the major points of contention between Protestants and Catholics, honestly acknowledging real differences while conveying mutual respect and charity. The authors address key historical, theological, and philosophical issues as they consider what remains at stake five hundred years after the Reformation. They also present a hopeful way forward for future ecumenical relations, showing how Protestants and Catholics can participate in a common witness to the world. **Sacred Silence** Donald B. Cozzens, 2004. *Sacred Silence* is a book about failed leadership in the Catholic Church. Donald Cozzens looks at various challenges and the scandal gripping the Church and offers an historical overview of our church leadership. He explains how the misplaced loyalties of those in leadership positions created the current crisis. Cozzens clarifies why bishops and church authorities think the way they do and why the ecclesiastical system might be the real villain in the abuse scandal. With compassion and understanding, Cozzens answers the why of the present and past leadership failures and proposes a new direction. Chapters in Part One: Masks of Denial are Sacred Silence and Forms of Denial. Chapters in Part Two: Faces of Denial are Sacred Oaths, Sacred Promises, Voices of Women, Religious Life, and the Priesthood, Abuse of Our Children, Clerical Culture, Gay Men in the Priesthood, and Ministry and Leadership. The chapter in Part Three: Beyond Denial is Sacred Silence, Sacred Speech. Donald Cozzens, PhD, a priest and writer, is author of two award-winning titles, *Sacred Silence* and *The Changing Face of the Priesthood*, and editor of *The Spirituality of the Diocesan Priest*, all published by Liturgical Press. He is writer in residence at John Carroll University, where he teaches in the religious studies department. **The Myth of Hitler's Pope** David G. Dalin, 2012-03-28. Was Pope Pius XII secretly in league with Adolf Hitler? No, says Rabbi David G. Dalin, but there was a cleric in league with Hitler, the

grand mufti of Jerusalem Hajj Amin al Husseini As Pope Pius XII worked to save Jews from the Nazis the grand mufti became Hitler s staunch ally and a promoter of the Holocaust with a legacy that feeds radical Islam today In this shocking and thoroughly documented book Rabbi Dalin explodes the myth of Hitler s pope and condemns the mythmakers for not only rewriting history but for denying the testimony of Holocaust survivors hijacking the Holocaust for unseemly political ends and ignoring the real threat to the Jewish people

Earthly Mission Robert Calderisi,2013-10-08 A lively investigation of the Catholic Church and its controversial social mission in the developing world

Words of God Or Words of Men? A. I. Mind,2013-06-26 While highly controversial the book is intended to stimulate discussion about the divine origin of religious texts and attempts to raise the collective consciousness regarding religion s subjugation of women with the hope that women break free from this repression Is scripture truly the Word of God Why does scripture treat women as second class citizens What is the meaning of 666 Did Jesus live to be over fifty years of age The author suggests a qualitative analysis be performed on scripture for accuracy consistency and reasonableness to determine divine origin and exposes religion s subjugation and oppression of women Read the Open Letter to God which contains references to scriptural passages and ask yourself Are these the words of God The author suggests we are entering into a new phase of the Age of Enlightenment where individuals replace acceptance of repressive religious ideology with An Inquiring Mind The last chapter contains Thoughts on life on some 50 subjects

Saving Christianity Hilary Wakeman,2012-10-04 I believe because it is impossible Tertullian 2nd century Some of the statements of belief that Christians are required to assent to such as the Virgin Birth and the bodily Resurrection of Jesus are driving many of them out of the Catholic and Protestant churches and preventing new people from coming in Yet those statements were formulated nearly two thousand years ago in a time when people understood the world very differently For over 150 years theologians of all denominations have been warning the Church that if it is not to become extinct it needs to look for the truths that lie behind those ancient formulations and find new ways of presenting them But their words have been ignored by the church authorities and by priests and ministers preferring not to disturb the present faith of their congregations And so the gap between the theologians and the people in the pews continues to widen Now many Christians are taking their beliefs into their own hands Increasingly they are meeting in small groups and communities without formal leadership and without formal doctrine ignoring denominational differences yet bringing the best of their various traditions with them Is this the Christianity of the future In this book Hilary Wakeman a recently retired priest in the Church of Ireland talks about the difference between right brain and left brain approaches to faith and religion and considers some of the ways that the core doctrines of Christianity can be re stated so that they can be expressed with honesty and integrity

and Politics Justus George Lawler,2004-10-12 In the last three decades scores of books have been published on the role of the Vatican in the modern world Popes and Politics shows that many recent authors whether devoted or antagonistic to the papacy have been guilty of factual distortions and biased interpretations that lead to a flawed picture of the church and its relation to contemporary society *A Corrupt Tree: An Encyclopaedia of Crimes committed by the Church of Rome against Humanity and the Human Spirit* A.S.,2014-01-13 A Corrupt Tree is a unique extensively researched four volume expos of the dark side of the Church of Rome It reveals that for nearly two thousand years the Church s fundamental characteristic has been its self serving abuse of religio corporate power A large proportion of this first volume provides a detailed catalogue of the multitude of unholy popes Included are those who were immature capricious corrupt lascivious fanatical senile truly mad megalomaniac tyrannical murderous and wholesale killers It confirms that for many many centuries the popes were corrupt cruel inhumane and despotic In an age of savagery they were the leaders in barbarity in the subsequent age of enlightenment they have persistently resisted the march of progress Additionally the popes were wholesale killers who made the principle of assassination a law of the Christian Church Accordingly the Church has shed more innocent blood than any other institution that has ever existed among mankind Here also are presented the cupidity corruption and sexual misconducts of lesser ecclesiastics including cardinals bishops priests monks and nuns Pope Honorius III for example described his priests as worse than beasts wallowing in their dung The Church s ruthless stranglehold on knowledge and learning is catalogued in detail Mathematics philosophy and science were repressed Selected applied theology ruled the world Everything was explained but nothing was understood The chapters on censorship reveal that even works of considerable literary or philosophical merit did not escape A large number of writings which eventually became classics of European culture were condemned and prohibited The Church also exhibited a vitriolic hatred of those who translated the Bible into the vernacular Many of these men were annihilated Holy books were burned in large numbers particularly the Jewish Talmud It is clearly demonstrated that the Church held back civilisation for over fifteen hundred years Century after century passed away and left the peasantry but little better than the cattle in the fields Finally the unholy behaviours of the numerous popes cardinals and lesser ecclesiastics are shown to establish unequivocally that the Church of Rome is neither holy nor apostolic The
