Constituting Communities John Clifford Holt, Jacob N. Kinnard, Jonathan S. Walters, 2012-02-01 *Constituting Communities* explores how community functions within Theravada Buddhist culture. Although the dominant focus of Buddhist studies for the past century has been on doctrinal and philosophical issues, this volume concentrates on discourses that produced them and why and how these discourses and practices shaped Theravada communities in South and Southeast Asia. From a variety of perspectives including historical, literary, doctrinal, and philosophical, and social and anthropological, the contributors explore the issues that have proven important and definitive for identifying what it has meant individually and socially to be Buddhist in this particular region. The book focuses on textual discourse, how communities are formed and maintained within pluralistic contexts, and the formation of community both within and between the monastic and lay settings. **Proceedings and Transactions of the ... All-India Oriental Conference ...**, 1987 **The Maha-Bodhi**, 1923 **Mindfulness of Breathing (ānāpānasati)**, 1964 *Catalogue of the Kyushu Imperial University Library. Supplement. 1-3* Kyūshū Daigaku. Toshokan, 1933 **An Introduction to Buddhism** Peter Harvey, 2012-11-22 In this second edition of the best-selling *Introduction to Buddhism*, Peter Harvey provides a comprehensive introduction to the development of the Buddhist tradition in both Asia and the West. Extensively revised and fully updated, this edition draws on recent scholarship in the field, exploring the tensions and continuities between the different forms of Buddhism. Harvey critiques and corrects some common misconceptions and mistranslations and discusses key concepts that have often been oversimplified and overgeneralised. The volume includes detailed references to scriptures and secondary literature, an updated bibliography, and a section on web resources. Key terms are given in Pali and Sanskrit, and Tibetan words are transliterated in the most easily pronounceable form, making this a truly accessible account. This is an ideal coursebook for students of religion, Asian philosophy, and Asian studies, and is also a useful reference for readers wanting an overview of Buddhism and its beliefs. *History of Sri Lanka* W. I. Siriweera, 2002 **Encyclopedia of Monasticism** William M. Johnston, 2013-12-04 The two-volume *Encyclopedia of Monasticism* describes the monastic traditions of both Christianity and Buddhism, with more than 600 entries on important monastic figures of all periods and places, surveys of countries and localities, and topical essays covering a wide range of issues, e.g., art, behavior, economics, liturgy, politics, theology, and scholarship. Coverage encompasses not only geography and history worldwide but also the contemporary dilemmas of monastic life. Recent upheavals in certain countries are highlighted: Korea, Russia, Sri Lanka, etc. Topical essays subtitled *Christian Perspectives* and *Buddhist Perspectives* explore in imaginative fashion comparisons and contrasts between Christian and Buddhist monasticism. *Encyclopedia of Monasticism* also includes more than 500 color and black and white illustrations covering all aspects of monastic life, art, and architecture. **Journal of the Maha-Bodhi Society**, 1923 **Hope for a Global Ethic** Brian D. Lepard, 2005 In a groundbreaking book that calls on the world's religions to look at what they have in common, author and scholar Brian Lepard offers hope to a world

community that has become dangerously fractionalized by economic social religious and political differences In Hope for a Global Ethic Lepard cogently argues that different societies have much more in common than they might otherwise think beginning with a profound historic and lasting belief in religion and that our fearful and often suspicious view of other people may be overcome by exploring what is shared in these religions Hope for a Global Ethic moves significantly beyond ideology to discuss the values that all people have shared through the faiths of the world It is these values that offer hope in our fearful disordered and terrorized world **Kri.
