Paper Sons and Daughters Ufrieda Ho, 2012-07-04 Ufrieda Ho's compelling memoir describes with intimate detail what it was like to come of age in the marginalized Chinese community of Johannesburg during the apartheid era of the 1970s and 1980s. The Chinese were mostly ignored as Ho describes it, relegated to certain neighborhoods and certain jobs, living in a kind of gray zone between the blacks and the whites. As long as they adhered to these rules, they were left alone. Ho describes the separate journeys her parents took before they knew one another, each leaving China and Hong Kong around the early 1960s, arriving in South Africa as illegal immigrants. Her father eventually became a so-called fahfee man, running a small time numbers game in the black townships, one of the few opportunities available to him at that time. In loving detail, Ho describes her father's work habits, the often mysterious selection of numbers at the kitchen table, the carefully kept account ledgers, and especially the daily drives into the townships where he conducted business on street corners from the seat of his car. Sometimes Ufrieda accompanied him on these township visits, offering her an illuminating perspective into a stratified society. Poignantly, it was on such a visit that her father, who is very much a central figure in Ho's memoir, met with a tragic end. In many ways, life for the Chinese in South Africa was self-contained. Working hard, minding the rules, and avoiding confrontations, they were able to follow traditional Chinese ways. But for Ufrieda, who was born in South Africa, influences from the surrounding culture crept into her life, as did a political awakening. *Paper Sons and Daughters* is a wonderfully told family history that will resonate with anyone having an interest in the experiences of Chinese immigrants or perhaps any immigrants the world over.

Between Mothers and Daughters Susan Koppelman, 1987 In this poignant multicultural collection of short stories by American women writers, mothers and daughters describe their conflicts and consolations, their trusts and mistrusts, their loves and hates. Including stories written between the 1840s and the 1990s, *Between Mothers and Daughters* explores the maternal and filial bonds between women and investigates the practice of family, exposing the complicated, bittersweet truths of women's intergenerational relationships. Newly revised and updated, this edition of the classic anthology includes several new stories and an expanded introduction that revisits this ancient relationship with fresh vision and insight. Daughter of the Hills Myra Page, 1986 This novel offers a powerful account of family life and labor conflicts told through the eyes of a tough, resilient Appalachian woman who is, according to Richard Wright, one of the most impressive proletarian characters in our literature. *Daughter of the Hills* exposes the economic conditions of the working class and the scarcity of opportunities for working-class women, but also tells the story of a loving marriage that endures despite severe hardships.
