Paper Fan The Hunt For Triad Gangster Steven Wong:

Paper Fan Terry Gould, 2010-08-06 For 14K Triad official Steven Wong faking his own death to escape trial was easy But evading investigative reporter Terry Gould impossible For 11 years terry Gould has tracked the man known as the paper fan through the organized crime circles of six countries This riveting horrifying yet often hilariously funny book is the story of that search a daredevil journey through the seductions and terrors of Steve s world Steven Wong is the paper fan a thirty nine year old Hong Kong born mobster Raised in New York s Chinatown he matured into crime in Vancouver where he founded and headed the murderous Gum Wah Gang in the late 1980s and early 90s In 1992 Wong died in a traffic accident in a remote area of the Philippines before he could be sent to jail for heroin trafficking conveniently just after he d taken out a million dollar life insurance policy His urn may still be interred in a Vancouver cemetery but today Interpol has a Red Alert arrest warrant out for Wong and his updated file reads like a Hollywood action film a post mortem panorama of organized criminal adventure that circles the Pacific Rim from Macau to Japan from Cambodia to the Philippines Gould s search takes him into a world in which politicians police businessmen and criminals sprint along in one big pack sometimes nipping each other s heels sometimes licking each other s faces and sometimes inviting one another back home for all night mah jong parties Forced to work according to right side up rules honest cops haven t had a chance of arresting Steve in his upside down world Four times Terry Gould has traced Steven Wong through Asia s circles of corruption and pinned him down but the law has let him slip away Fifth time lucky Gangsters are good team players who generally exhibit a locker room familiarity with other men Still it surprised me when Steve answered the door on Monday wearing only his polka dot boxers showing off his biceps and his chest tattooed with the winged dragons and sharp taloned eagle He was talking on the phone and barely interrupted himself as he turned back into the house whereupon I realized that the display was likely done on purpose Neck to waist his back was totally covered by a stylized tableau of a dragon crawling against a background of tigers and flowers a Triad montage no one outside his syndicate world was supposed to see from *Paper Fan*

Secret Societies and Clubs in American History David Luhrssen, 2015-09-09 Grounded in extensive historical research this eye opening survey reveals the long undervalued role secret societies have played in American history Americans are fascinated by secret societies and have devoured exaggerated claims for their influence At the same time scholarly assessments of covert groups that have shaped American social cultural and political history have often undervalued their role or even questioned their existence This survey challenges both the exaggerators and the deniers Freemasons They may not be the hidden rulers of the world but a significant number of America s founders were Masons The Know Nothings Two American presidents joined the movement The Bohemian Grove Republican politicians and corporate leaders really did engage in strange behavior under the redwood trees through the 20th century Revealing fascinating facts about some of the most talked about covert societies including the Mafia the Skull and Bones and the Ku Klux Klan *Secret Societies and Clubs in American History* exposes the

truth about the subcultures that made their mark on some of the most important events in the nation's history and contributed to the shaping of the country itself **Murder Without Borders** Terry Gould, 2010-03-08 I am not interested in why man commits evil I want to know why he does good Vaclav Havel What makes a poor small town journalist stay on a story even though threatened with certain death and offered handsome rewards for looking the other way Over four years Terry Gould has travelled to Colombia the Philippines Bangladesh Russia and Iraq the countries in which journalists are most likely to be murdered on the job to attempt to answer this question In each place through conversations with their colleagues their families and in some cases their murderers he uncovers the lives of local reporters and broadcasters who stayed on a story to the point of death He searches for the moment in which each of his protagonists understood that they were willing to die and finds complex reasons for their bravery In his wonderfully vivid portraits of seven courageous souls he brings their lives and the stories they worked on to light telling truth to those who would murder truth tellers *Marked for Death* Terry Gould, 2010-08-10 Worldwide nearly three quarters of journalists who die on assignment are targeted and assassinated for their dogged pursuit of important stories of injustice In *Marked for Death* Terry Gould brings this statistic to life by documenting the lives of seven journalists in Colombia the Philippines Bangladesh Russia and Iraq who had the guts to keep telling the truth in the face of threats from terrorists corrupt politicians gangsters and paramilitary leaders Gould brings us the lovers colleagues rivals critics and even the accused murderers of these courageous men and women searching for the moment in which these journalists understood that they were willing to die in order to get a story out Their compelling stories highlight how selflessly humans can love justice and their fellow citizens how dogged and resourceful people can be in attempts to thwart injustice how vital it is to show the defeated and the indifferent as well as the powerful and that there really are some things worth dying for Chinese Criminal Entrepreneurs in Canada, Volume II Alex Chung, 2019-03-09 This book explores how the new Asian criminal entrepreneurs in Canada known as The Big Circle Boys BCB competitively dominated the Canadian heroin market in the 1990s without a formal organisation or explicit hierarchical structure Drawing on the market resilience framework it examines how the BCB smuggled drugs by using social capital shared resources and trust effectively through their ethnicity How did they counter external security challenges and promote internal competitive cooperation Were they able to resolve disputes peacefully by managing internal relations These questions are answered through an analysis of their networking processes and illustrated in the structural properties and dynamics of their mono ethnic criminal network For the first time the BCB players that contributed to the 2001 Canadian and Australian heroin droughts are revealed through intercepted telephone calls and court testimonies It shows how the BCB collectively switched from heroin to ecstasy since the year 2000 The operation logistics of drug importation and local trafficking are scrutinised This book speaks to those interested in how a collective of ethnic Chinese career criminals succeeded and failed in the international drugs trade particularly for scholars and students of social sciences disciplines **The Golden Triangle**

Ko-lin Chin, 2011-02-23 The Golden Triangle region that joins Burma Thailand and Laos is one of the global centers of opiate and methamphetamine production Opportunistic Chinese businessmen and leaders of various armed groups are largely responsible for the manufacture of these drugs The region is defined by the apparently conflicting parallel strands of criminality and efforts at state building a tension embodied by a group of individuals who are simultaneously local political leaders drug entrepreneurs and members of heavily armed militias Ko lin Chin a Chinese American criminologist who was born and raised in Burma conducted five hundred face to face interviews with poppy growers drug dealers drug users armed group leaders law enforcement authorities and other key informants in Burma Thailand and China The Golden Triangle provides a lively portrait of a region in constant transition a place where political development is intimately linked to the vagaries of the global market in illicit drugs Chin explains the nature of opium growing heroin and methamphetamine production drug sales and drug use He also shows how government officials who live in these areas view themselves not as drug kingpins but as people who are carrying the responsibility for local economic development on their shoulders *Cold Case Vancouver* Eve Lazarus, 2016-05-16

Cold Case Vancouver delves into fifty years of some of Vancouver's most baffling unsolved murders In 1953 two little boys were found murdered in the city's storied Stanley Park and who remain unidentified to this day In 1975 a country singer was murdered just as she was on the verge of an amazing career And in 1994 Nick Masee a retired banker with connections to the renegade Vancouver Stock Exchange disappeared along with his wife Lisa their bodies never found *Cold Case Vancouver* is an intriguing whodunit for true crime aficionados and armchair detectives Eve Lazarus's previous books include *Sensational Vancouver* *Chinese Criminal Entrepreneurs in Canada, Volume I* Alex Chung, 2019-03-09

This book explores the historical origins activities and structure of the archetypal new Asian criminal entrepreneurs in Canada known as The Big Circle Boys BCB It traces their illegal immigration abroad from Guangzhou the extent to which they are organised and violent and what the future holds for them in Canada The BCB's organisational features are examined against theories and legislation of organised crime to understand how they compare to other criminal entities For the first time a unique glimpse is provided into the workings of an elusive cellular network comprised of BCB dai lo bosses Through interviews and official documents their criminal undertakings and structural dimensions are pieced together to show how their interdependent and collaborative cells enabled them to form a dynamic criminal community This book speaks to those interested in how a collective of ethnic Chinese career criminals have replaced traditional criminal organisations in transnational criminal markets particularly for scholars and students of social sciences disciplines
