**The Papers of Andrew Johnson** Andrew Johnson, 1972      **Andrew Johnson** Garry Boulard, 2021-04-05 Few presidents have been as eviscerated in history as Andrew Johnson who suddenly on a rainy morning in April of 1865 became the nation's new chief executive upon the assassination of Abraham Lincoln. A man who rose from dire poverty through a sheer primal force of will, Johnson was elected to every level of government always taking his case to the people in a remarkable if often chaotic career that included service as a state legislator, member of Congress, Governor of Tennessee, U.S. Senator, vice president, and finally the presidency itself. During the Civil War, Johnson bravely stood up to Confederates; his life repeatedly threatened. Serving at Lincoln's pleasure as the Military Governor of Tennessee and pushing for an end to slavery, yet he is the same man who upon succeeding Lincoln could not see his way clear to securing the full Constitutional rights for ex-slaves. Because of his endless fights and many confrontations, Johnson's presidency has since been roundly condemned as one of the most disastrous in U.S. history. Johnson notes Page Smith in his seminal *People's History* series put on full display a reckless and demonic spirit that drove him to excess, to violence, harsh words and actions. He was thrust into a role that required tact, flexibility, and sensitivity to the nuance of public opinion, qualities that Lincoln possessed in abundance but that Johnson lacked, asserts historian Eric Foner. He was an angry man, notes David Stewart, a chronicler of Johnson's impeachment trial, and he was rigid, and these were qualities that served him terribly as president. Yet for all of the scholarly indictments of the 17th President, indictments supported by a recent Siena College Research Institute historians survey placing him at the bottom in overall performance, Andrew Johnson challenges us as a singularly American story of triumph, defeat, and renewal, a man who overcame the challenges of poverty, class, and alienation to reach the highest peaks of power in the country. That drive was ironically most tellingly on display after Johnson left the White House, denied even the opportunity of a party nomination for another term in office. From the ashes of that loss, Johnson methodically rose again, winning election to the U.S. Senate and improbably returning to national prominence. Andrew Johnson's renaissance, coming 6 years after an unprecedented effort to impeach and remove him from the presidency, represents one of the greatest comebacks in American political history and serves as a testament to a man who could never be totally defeated.

Bar Association's 2025 Silver Gavel Award American presidents have often pushed the boundaries established for them by the Constitution this is the inspirational history of the people who pushed back Imagine an American president who imprisoned critics spread a culture of white supremacy and tried to upend the law so that he could commit crimes with impunity In this propulsive and eminently readable history constitutional law and political science professor Corey Brettschneider provides a thoroughly researched account of assaults on democracy by not one such president but five John Adams waged war on the national press of the early republic overseeing numerous prosecutions of his critics In the lead up to the Civil War James Buchanan colluded with the Supreme Court to deny constitutional personhood to African Americans A decade later Andrew Johnson urged violence against his political opponents as he sought to guarantee a white supremacist republic after the Civil War In the 1910s Woodrow Wilson modernized popularized and nationalized Jim Crow laws In the 1970s Richard Nixon committed criminal acts that flowed from his corrupt ideas about presidential power Through their actions these presidents illuminated the trip wires that can damage or even destroy our democracy Corey Brettschneider shows that these presidents didn't have the last word citizen movements brought the United States back from the precipice by appealing to a democratic understanding of the Constitution and pressuring subsequent reform minded presidents to realize the promise of We the People This is a book about citizens Frederick Douglass Ida B Wells Daniel Ellsberg and more who fought back against presidential abuses of power Their examples give us hope about the possibilities of restoring a fragile democracy

**Abraham Lincoln Ascendent** Garry Boulard, 2011-08-29 ABRAHAM LINCOLN ASCENDANT THE STORY OF THE ELECTION OF 1860 Rightly regarded by scholars as perhaps the most important political contest in American history the election of 1860 is remembered today for making Abraham Lincoln president and by so doing sparking the drive for secession that led to the Civil War In this compelling and fast paced account author Garry Boulard explores the events of a transformative year in America the vibrancy of the young Republicans the improbable rise of Lincoln the multi layered complexities of the Democratic party the ongoing Southern diaspora and the alarming specter of a nation on the verge of dissolution Interwoven into this narrative are the stories of the leaders of 1860 the aging James Buchanan the man who would someday be regarded as the worst president in U S history William Seward the savvy New Yorker bested by Lincoln for the Republican nomination Franklin Pierce the thoughtful former president still an influence in the Democratic party Jefferson Davis soon to be called from his Mississippi plantation to lead the new Confederate nation and the pugnacious Stephen Douglas Lincoln's long time and loyal foe in his finest hour forsaking politics for country Drawing on the papers of Lincoln Buchanan Pierce and Seward as well as former Presidents John Tyler and Martin Van Buren Tennessee Democrat Andrew Johnson and the Republican powerhouses Thaddeus Stevens Schuyler Colfax and Zachariah Chandler Boulard provides a riveting day to day narrative of the dramatic campaign that made Abraham Lincoln president Undo

**Andrew Johnson and the Negro** David Warren Bowen, 2005 Bowen has probed the working of Andrew Johnson's mind His analysis

illuminates the character of East Tennessee's tailor president and the contradictions as well as the consistency of his policies toward slavery and toward blacks LaWanda Cox author of *Lincoln and Black Freedom A Study in Presidential Leadership* Andrew Johnson who was thrust into the office of presidency by Lincoln's assassination described himself as a friend of the colored man Twentieth century historians have assessed Johnson's racial attitudes differently In his revisionist study David Bowen explores Johnson's racist bias more deeply than other historians to date and maintains that racism was in fact a prime motivator of his policies as a public official A slave owner who defended the institution until the Civil War Jonson accepted emancipation Once Johnson became president however his racial prejudice reasserted itself as a significant influence on his Reconstruction policies Bowen's study deftly analyzes the difficult personality of the seventeenth president and the political influences that molded him This portrait of a man who despite his many egalitarian notions practiced racism will intrigue historians and readers interested in Civil War and Reconstruction history alike
