Introspection and Engagement in Propertius Jonathan Wallis, 2018-04-12 Propertius reinvents Latin love elegy in his third collection Nearly a decade into the Augustan principate the early counter cultural impulse of Propertius first collections was losing its relevance Challenged by the publication of Horace's Odes and by the imminent arrival of Virgil's Aeneid in 23 BCE Propertius produced a radical collection of elegy which critically interrogates elegy's own origins as a genre and which directly faces off Horatian lyric and Virgilian epic as part of an ambitious claim to Augustan pre-eminence But this is no moment of cultural submission In Book 3 elegy's key themes of love fidelity and political independence are rebuilt from the beginning as part of a subtle critique of emerging Augustan mores This book presents a series of readings of fourteen individual elegies from Propertius Book 3 including nostalgic love poems an elegiac hymn to Bacchus and a lament for Marcellus the recently dead nephew of Augustus

Statius: Silvae Book II Statius, 2011-02-17 With the exception of a poem on the unscripted death of a lion in the Colosseum Book II of Statius' *Silvae* is largely domestic in theme It reflects the more private side of Roman culture its pleasures houses gardens friendships and personal losses it concludes with a provocative tribute to the poet Lucan Despite its variety the book is carefully constructed as a unit and this edition which is suitable for use with advanced students puts the book into its context in the history of Greek and Roman poetry The commentary takes into account the important work done on the text of the *Silvae* in the past two decades as well as the new perspectives brought to bear on Flavian culture by historians and archaeologists It explores Statius' use of the short poem as a playful engagement with

literary tradition that also reflects changing ideas of Roman cultural identity *P. Papini Stati Silvarum liber secundus* Publius Papinius Statius, 2011 With the exception of a poem on the unscripted death of a lion in the Colosseum Book II of Statius Silvae is largely domestic in theme It reflects the more private side of Roman culture its pleasures houses gardens friendships and personal losses it concludes with a provocative tribute to the poet Lucan Despite its variety the book is carefully constructed as a unit and this edition which is suitable for use with advanced students puts the book into its context in the history of Greek and Roman poetry The commentary takes into account the important work done on the text of the Silvae in the past two decades as well as the new perspectives brought to bear on Flavian culture by historians and archaeologists It explores Statius use of the short poem as a playful engagement with literary tradition that also reflects changing ideas of Roman cultural identity A Companion to Greek and Roman Political Thought Ryan K. Zainaldin, 2020-04-02 In the third century CE the North African polymath soldier and provincial official Q Gargilius Martialis died 260 wrote a treatise on the cultivation and medical use of fruits vegetables and herbs The agricultural part of this work survives in a fragmentary state in a single manuscript Despite this impediment the agricultural writings are noteworthy for the clear marks both of their meticulous research and of the application of independent judgement and experience Gargilius furthermore presents his advice in a stylized and literary form that strives for elegance through the use of prose rhythm rhetorical variatio and figurative language The fragments will be valuable for those interested in ancient agriculture in Greco Roman authorship on the technai or artes and in the history and sociolinguistics of Latin This volume offers a new edition and the first English translation of Gargilius agricultural fragments as well as an introduction and full scale commentary *The Facts on File Companion to Classical Drama* John E. Thorburn, 2005 Surveys important Greek and Roman authors plays characters genres historical figures and more Celestial Aspirations Philip Hardie, 2022-03-01 A unique look at how classical notions of ascent and flight preoccupied early modern British writers and artists Between the late sixteenth century and early nineteenth century the British imagination poetic political intellectual spiritual and religious displayed a pronounced fascination with images of ascent and flight to the heavens Celestial Aspirations explores how British literature and art

during that period exploited classical representations of these soaring themes through philosophical scientific and poetic flights of the mind the ascension of the disembodied soul and the celestial glorification of the ruler From textual reachings for the heavens in Spenser Marlowe Shakespeare Donne and Cowley to the ceiling paintings of Rubens Verrio and Thornhill Philip Hardie focuses on the ways that the history ideologies and aesthetics of the postclassical world received and transformed the ideas of antiquity In England narratives of ascent appear on the grandest scale in Milton's *Paradise Lost* an epic built around a Christian plot of falling and rising and one of the most intensely classicizing works of English poetry Examining the reception of flight up to the Romanticism of Wordsworth and Tennyson Hardie considers the Whig sublime as well as the works of Alexander Pope and Edward Young Throughout he looks at motivations both public and private for aspiring to the heavens as a reward for political and military achievement on the one hand and as a goal of individual intellectual and spiritual exertion on the other *Celestial Aspirations* offers an intriguing look at how creative minds reworked ancient visions of time and space in the early modern era

Language and Authority in emDe Lingua Latinaem Diana Spencer, 2019-05-21 Diana Spencer known for her scholarly focus on how ancient Romans conceptualized themselves as a people and how they responded to and helped shape the world they lived in brings her expertise to an examination of the Roman scholar Varro and his treatise *De Lingua Latina* This commentary on the origin and relationships of Latin words is an intriguing but often puzzling fragmentary work for classicists Since Varro was engaged in defining how Romans saw themselves and how they talked about their world Spencer reads along with Varro following his themes and arcs his poetic sparks his political and cultural seams Few scholars have accepted the challenge of tackling Varro and his work and in this pioneering volume Spencer provides a roadmap for considering these topics more thoroughly

Tacitus' Annals Ronald Mellor, 2011 Tacitus Annals is the central historical source for first century C E Rome It is prized by historians since it provides the best narrative material for the reigns of Tiberius Claudius and Nero as well as a probing analysis of the imperial system of government But the Annals should be seen as far more than an historical source a mere mine for the reconstruction of the facts of Roman history While the Annals is a superb work of history it has also become a central text in the western literary political and even philosophical traditions from the Renaissance to the French and American revolutions and beyond This volume attempts to enhance the reader's understanding of how this book of history could have such a profound effect Chapters will address the purpose form and method of Roman historical writing the ethnic biases of Tacitus and his use of sources Since Tacitus has been regarded as one of the first analysts of the psychopathology of political life the book will examine the emperors the women of the court and the ambitious entourage of freedmen and intellectuals who surround every Roman ruler The final chapter will examine the impact of Tacitus Annals since their rediscovery by Boccaccio in the 14th century

Constantine, Divine Emperor of the Christian Golden Age Jonathan Bardill, 2012 Constantine was the first Roman emperor to convert to Christianity The book explores the emperor's image as conveyed through literature art and

architecture and shows how Constantine reconciled the tradition of imperial divinity with his monotheistic faith. It demonstrates how the traditional themes and imagery of kingship were exploited to portray the emperor as the saviour of his people and to assimilate him to Christ. This is the first book to study simultaneously both archaeological and historical information to build a picture of the emperor's image and propaganda. It is extensively illustrated. Provided by publisher.

The Art of Forgetting Harriet I. Flower, 2011-02-01. Elite Romans periodically chose to limit or destroy the memory of a leading citizen who was deemed an unworthy member of the community. Sanctions against memory could lead to the removal or mutilation of portraits and public inscriptions. Harriet Flower provides the first chronological overview of the development of this Roman practice, from archaic times into the second century A.D. Flower explores Roman memory sanctions against the background of Greek and Hellenistic cultural influence and in the context of the wider Mediterranean world. Combining literary texts, inscriptions, coins, and material evidence, this richly illustrated study contributes to a deeper understanding of Roman political culture.
