

Vincenzo Di Grazia 1916-1

 **Date:** November 1915

 **Description:** Affidavit found in daughter's marriage records (Maria di Grazia/Francesco Falcone) prior to their marriage attesting to the disappearance of Vincenzo di Grazia in 1911.

Papers Regarding The Foreign Relat 1915

William N Still

Papers Regarding The Foreign Relat 1915:

Papers Relating to the Foreign Relations of the United States United States. Department of State, 1925 Prior to 1870 the series was published under various names From 1870 to 1947 the uniform title *Papers Relating to the Foreign Relations of the United States* was used From 1947 to 1969 the name was changed to *Foreign Relations of the United States Diplomatic Papers* After that date the current name was adopted *Papers Relating to the Foreign Relations of the United States*, 1925

Looking Backward, Moving Forward Richard G. Hovannisian, 2017-07-05 The decades separating our new century from the Armenian Genocide the prototype of modern day nation killings have fundamentally changed the political composition of the region Virtually no Armenians remain on their historic territories in what is today eastern Turkey The Armenian people have been scattered about the world And a small independent republic has come to replace the Armenian Soviet Socialist Republic which was all that was left of the homeland as the result of Turkish invasion and Bolshevik collusion in 1920 One element has remained constant Notwithstanding the eloquent compelling evidence housed in the United States National Archives and repositories around the world successive Turkish governments have denied that the predecessor Young Turk regime committed genocide and like the Nazis who followed their example sought aggressively to deflect blame by accusing the victims themselves This volume argues that the time has come for Turkey to reassess the propriety of its approach and to begin the process that will allow it move into a post genocide era The work includes *Genocide An Agenda for Action* Gijs M de Vries *Determinants of the Armenian Genocide* Donald Bloxham *Looking Backward and Forward* Joyce Apsel *The United States Response to the Armenian Genocide* Simon Payaslian *The League of Nations and the Reclamation of Armenian Genocide Survivors* Vahram L Shemmassian Raphael Lemkin and the *Armenian Genocide* Steven L Jacobs *Reconstructing Turkish Historiography of the Armenian Massacres and Deaths of 1915* Fatma Muge Gocek *Bitter Sweet Memories The Armenian Genocide and International Law* Joe Verhoeven *New Directions in Literary Response to the Armenian Genocide* Rubina Perroomian *Denial and Free Speech* Henry C Theriault *Healing and Reconciliation* Ervin Staub *State and Nation* Raffi K Hovannisian

Haiti Fights Back Yveline Alexis, 2021-06-18 Winner of the 2021 Haitian Studies Association Book Prize *Haiti Fights Back The Life and Legacy of Charlemagne Pralte* is the first US scholarly examination of the politician and caco leader guerrilla fighter who fought against the US military occupation of Haiti The occupation lasted close to two decades from 1915 1934 Alexis argues for the importance of documenting resistance while exploring the occupation s mechanics and its imperialism She takes us to Haiti exploring the sites of what she labels as resistance zones including Pralte s hometown of Hinche and the nation s large port areas Port au Prince and Cap Ha tien Alexis offers a new reading of U S military archival sources that record Haitian protests as banditry *Haiti Fights Back* illuminates how Pralte launched a political movement and meticulously captures how Haitian women and men resisted occupation through silence military battles and writings She locates and assembles rare multilingual primary sources from traditional repositories living

archives oral stories and artistic representations in Haiti and the United States The interdisciplinary work draws on legislation cacos letters newspapers and murals offering a unique examination of Peralte's life 1885-1919 and the significance of his legacy through the twenty-first century Haiti Fights Back offers a new approach to the study of the U.S. invasion of the Americas by chronicling how Caribbean people fought back

The United States and Venezuela during the First World War H. Micheal Tarver, 2021-08-19 This book details the diplomatic relations between the United States and Venezuela during a pivotal time in world history Through the utilization of archival materials and newspaper accounts the author highlights the words of the major participants to demonstrate how the two nations worked together sometimes hand in hand sometimes face to face to prevent the European War from spreading to the Western Hemisphere Despite several efforts to develop hemispheric unity during the War Venezuelan leaders perceived the policy of neutrality to be in the best interest of the country's national sovereignty This book explores the personalities of the chief executives and selected diplomats to illustrate how both personnel and personalities molded their nation's foreign relations In the end while perceived as two very different individuals who pursued different paths during the global conflict the leadership styles of President Woodrow Wilson and General Juan Vicente Gómez were more alike than they realized The overall cordial relations between the two nations during the period under review helped establish the foundation for the petroleum bonanza that United States companies would enjoy in the following years

The Yanks Are Coming Over There Dino E. Buenviaje, 2017-11-28 World War I was a global cataclysm that toppled centuries-old dynasties and launched the American century Yet at the outset few Americans saw any reason to get involved in yet another conflict among the crowned heads of Europe Despite its declared neutrality the U.S. government gradually became more sympathetic with the Allies until President Woodrow Wilson asked Congress to declare war on Germany to make the world safe for democracy Key to this shift in policy and public opinion was the belief that the English-speaking peoples were inherently superior and fit for world leadership Just before the war British and American elites set aside former disputes and recognized their potential for dominating the international stage By casting Germans as barbarians and spreading stories of atrocities the Wilson administration persuaded the public including millions of German Americans that siding with the Allies was a just cause

American Sea Power in the Old World William N. Still, 2018-02-15 This classic study examines the deployment of U.S. naval vessels in European and Near Eastern waters from the end of the Civil War until the United States declared war in April 1917 Initially these ships were employed to visit various ports from the Baltic Sea to the eastern Mediterranean and Constantinople today Istanbul for the primary purpose of showing the flag From the 1890s on most of the need for the presence of the American warships occurred in the eastern Mediterranean and the Black Sea Unrest in the Ottoman Empire and particularly the Muslim hostility and threats to Armenians led to calls for protection This would continue into the years of World War I In 1905 the Navy Department ended the permanent stationing of a squadron in European waters From then until the U.S. declaration of war in 1917 individual

ships detached units and special squadrons were at times deployed in European waters In 1908 the converted yacht Scorpion was sent as station ship stationnaire to Constantinople where she would remain operating in the eastern Mediterranean and Black Sea until 1928 Upon the outbreak of World War I President Woodrow Wilson ordered cruisers to northern European waters and the Mediterranean to protect American interests These warships however did more than protect American interests They would evacuate thousands of refugees American tourists Armenians Jews and Italians after Italy entered the conflict on the side of the Allies

Russo-Japanese Relations, 1905-17 Peter Berton, 2013-06-17 One surprising outcome of the Russo Japanese War of 1904 1905 was that although Russia was humiliatingly defeated by 1916 Russia and Japan had become allies This book provides a detailed analysis of how this remarkable turnaround came about It traces the evolution of relations between the two powers through the conclusion of three public and secret agreements in 1907 1910 and 1912 and the controversial secret alliance of 1916 The book argues that careful examination of complete records of negotiations from both sides definitively proves the case for Germany not the United States as the target of the secret treaty Based on meticulous examination of documents in both Russian and Japanese foreign policy archives it charts diplomatic developments explores how Japanese and Russian thinking evolved and assesses the wider international impact of the new alliance

Catalogue of the Public Documents of the ... Congress and of All Departments of the Government of the United States for the Period from ... to ... , **Catalogue of the Public Documents of the ... Congress and of All Departments of the Government of the United States** United States. Superintendent of Documents, 1922 **Catalogue of the Public Documents of the [the Fifty-third] Congress [to the 76th Congress] and of All Departments of the Government of the United States** United States. Superintendent of Documents, 1896 *Uses of Force and Wilsonian Foreign Policy* Frederick S. Calhoun, 1993 Frederick S Calhoun examines the policies Woodrow Wilson pursued during the seven military interventions he undertook between 1914 and 1919 to develop a specialised vocabulary describing how force is employed as a function of international policy

Freedom of the Seas and US Foreign Policy Connor Donahue, 2024-04-05 This book critically analyzes US political military strategy by arguing that freedom of the seas discourse is fundamentally unfit for an era of maritime great power competition The work conducts a genealogical intellectual history of freedom of the seas discourse in US foreign policy to show how the concept has evolved over time to facilitate American control over the global ocean space It concludes that the contemporary discourse works to establish the high seas as an arena free from claims of sovereignty so that the United States as the presumed unrivaled naval power can intervene globally on behalf of its national interests However since sea control strategies depend on a preponderance of material force as the United States wanes in relative material capability it becomes less able to support political military strategies predicated on the assumption of global naval dominance The book provides a timely commentary on the current geopolitical competition between the United States and China and critiques the US approach toward China in the maritime domain in order to

highlight potential avenues of foreign policy action that may enable the two countries to mitigate the risk of conflict This book will be of much interest to students of naval history maritime security US foreign policy and international relations
