Papon Affair Memory And Justice On Trial:

The Papon Affair Richard Golsan, 2012-11-12 Richard Golsan has brought together the crucial French journalistic pieces on the trial along with several essays by leading American and British scholars to help contextualize the trial for an English speaking audience The book delves deeply into the fascinating debates about the nature of French complicity in the Final Solution and of memory

The Papon Affair Richard Joseph Golsan, 2000 First Published in 2000 Routledge is an imprint of Taylor Francis an informa company

Atrocities on Trial Patricia Heberer, Jürgen MatthÜus, 2008-04-01 These essays are organised into four sections dealing with the history of war crime trials from Weimar Germany to just after World War II the sometimes diverging Allied attempts to come to terms with the Nazi concentration camp system the ability of postwar societies to confront war crimes of the past and the legacy of war crime trials

The Haunting Past Henry Roussio, 2002-02-04 The Haunting Past is a brief but richly textured treatment of the role of the historian in dealing with information about contemporary political and legal matters Libraries and Culture

The Roman Noir in Post-war French Culture Claire Gorrara, 2003 The Roman Noir in Post War French Culture offers a lively introduction to the post war French roman noir from a cultural studies perspective A populist and widely disseminated genre the French roman noir has suffered from a reputation as a minor genre with its roots in American popular culture In this study Claire Gorrara challenges such preconceptions and examines how selected writers have appropriated the roman noir as a critical response to formative concerns and debates in post war French society Starting with the first truly French roman noir L o Malet s 120 rue de la gare 1943 and concluding with Maud Tabachnik s feminist thriller Un t pourri 1994 Gorrara analyses both texts and film in relation to their specific historical and cultural context From the heritage of the Second World War and France s wars of decolonisation to the rise of consumer culture and questions of gender and sexual equality the roman noir operates in dialogue with its times mediating social change and transformation with stories of crime transgression and marginality All the novelists studied were published initially in popular collections such as the S rie noire but they have been chosen for the innovation of their work and the exciting ways in which they resist tired conventions and offer new ways of representing social reality One of the first English language studies of this popular genre The Roman Noir in Post War French Culture offers much more than close readings of these fascinating texts it demonstrates the important contribution of the roman noir to the cultural histories of post war France

Rethinking Holocaust Justice Norman J. W. Goda, 2017-12-29 Since the end of World War II the ongoing efforts aimed at criminal prosecution restitution and other forms of justice in the wake of the Holocaust have constituted one of the most significant episodes in the history of human rights and international law As such they have attracted sustained attention from historians and legal scholars This edited collection substantially enlarges the topical and disciplinary scope of this burgeoning field exploring such varied subjects as literary analysis of Hannah Arendt s work the restitution case for Gustav Klimt s Beethoven Frieze and the ritualistic aspects of criminal trials

Law and the

Politics of Memory Stiina Loytomaki, 2014-06-05 Law and the Politics of Memory Confronting the Past examines law's role as a tool of memory politics in the efforts of contemporary societies to work through the traumas of their past Using the examples of French colonialism and Vichy as well as addressing the politics of memory surrounding the Holocaust communism and colonialism this book provides a critical exploration of law's role in belated transitional justice contexts The book examines how and why law has become so central in processes in which the past is constituted as a series of injustices that need to be rectified and can allegedly be repaired As such it explores different legal modalities in processes of working through the past addressing the implications of regulating history and memory through legal categories and legislative acts whilst exploring how trials restitution cases and memory laws manage to fulfil such varied expectations as clarifying truth rendering homage to memory and reconciling societies Legal scholars historians and political scientists especially those working with transitional justice history and memory politics in particular will find this book a stimulating exploration of the specificity of law as an instrument and forum of the politics of memory

Aversion and Erasure Carolyn J. Dean, 2017-01-15 In Aversion and Erasure Carolyn J. Dean offers a bold account of how the Holocaust's status as humanity's most terrible example of evil has shaped contemporary discourses about victims in the West Popular and scholarly attention to the Holocaust has led some observers to conclude that a surfeit of Jewish memory is obscuring the suffering of other peoples Dean explores the pervasive idea that suffering and trauma in the United States and Western Europe have become central to identity with victims competing for recognition by displaying their collective wounds She argues that this notion has never been examined systematically even though it now possesses the force of self-evidence It developed in nascent form after World War II when the near annihilation of European Jewry began to transform patriotic mourning into a slogan of Never Again as the Holocaust demonstrated all people might become victims because of their ethnicity race gender or sexuality because of who they are The recent concept that suffering is central to identity and that Jewish suffering under Nazism is iconic of modern evil has dominated public discourse since the 1980s Dean argues that we believe that the rational contestation of grievances in democratic societies is being replaced by the proclamation of injury and the desire to be a victim Such dramatic and yet culturally powerful assertions however cast suspicion on victims and define their credibility in new ways that require analysis Dean's latest book summons anyone concerned with human rights to recognize the impact of cultural ideals of deserving and undeserving victims on those who have suffered

The Perversion of Holocaust Memory Judith M. Hughes, 2022-02-24 In the early years of the 21st century it appeared that the memory of the Holocaust was secure in Western Europe that in order to gain entry into the European Union the countries of Eastern Europe would have to acknowledge their compatriots' complicity in genocide Fifteen years later the landscape looks starkly different Shedding fresh light on these developments The Perversion of Holocaust Memory explores the politicization and distortion of Holocaust remembrance since 1989 This innovative book opens with an analysis of events across Europe which buttressed confidence

in the stability of Holocaust memory and brought home the full extent of nations participation in the Final Solution And yet as Judith M Hughes reveals in later chapters mainstream accountability began to crumble as the 21st century progressed German and Jewish suffering was equated anti Semitic rhetoric re entered contemporary discourse populist leaders side stepped inconvenient facts and more recently with the revival of ethno nationalism Holocaust remembrance has been caught in the backlash of the European refugee crisis The four countries analyzed here France Germany Hungary and Poland could all claim to be victims of Nazi Germany the Allies or the Communist Soviet Union but they were also all perpetrators Ultimately it is this complex legacy which Hughes adroitly untangles in her sophisticated study of Holocaust memory in modern Europe

Atrocities, Massacres, and War Crimes Alexander Mikaberidze, 2013-06-25 Both concise and wide ranging this encyclopedia covers massacres atrocities war crimes and genocides including acts of inhumanity on all continents and serves as a reminder that lest we forget history will repeat itself The 400 plus entries in *Atrocities Massacres and War Crimes An Encyclopedia* provide accessible and concise information on the difficult subject of abject human violence committed on all continents The entries in this two volume work describe atrocities massacres and war crimes committed in the 20th century thereby documenting how human beings have repeatedly proven their capability to commit horrific acts of inhumanity even in relatively recent times and within the modern era The encyclopedia covers countries treaties and terms profiles individuals who had been formally indicted for war crimes as well as those who have committed mass atrocities and gone unpunished and addresses human rights violations crimes against humanity and crimes against peace

Archives, Documentation, and Institutions of Social Memory Francis Xavier Blouin, William G. Rosenberg, 2007-08-02 Essays exploring the importance of archives as artifacts of culture

War and Public Memory David A. Messenger, 2020-01-07 An introduction to key issues in the study of war and memory that examines significant conflicts in twentieth century Europe In order to understand the history of twentieth century Europe we must first appreciate and accept how different societies and cultures remember their national conflicts We must also be aware of the ways that those memories evolve over time In *War and Public Memory Case Studies in Twentieth Century Europe* Messenger outlines the relevant history of war and its impact on different European nations and assesses how and where the memory of these conflicts emerges in political and public discourse and in the public sphere and public spaces of Europe The case studies presented emphasize the major wars fought on European soil as well as the violence perpetrated against civilian populations Each chapter begins with a brief overview of the conflict and then proceeds with a study of how memory of that struggle has entered into public consciousness in different national societies The focus throughout is on collective social cultural and public memory and in particular how memory has emerged in public spaces throughout Europe such as parks museums and memorial sites Messenger discusses memories of the First World War for both the victors and the vanquished as well as their successor states Other events discussed include the Bolshevik Revolution and subsequent conflicts in the former Soviet Union the Armenian genocide the collapse of

Yugoslavia the legacy of the civil war in Spain Germany's reckoning with its Nazi past and the memory of occupation and the Holocaust in France and Poland France During World War II Thomas Rodney Christofferson, Michael Scott Christofferson, 2006 This title provides an introduction to almost every aspect of the French experience during World War II by integrating political diplomatic military social cultural and economic history It chronicles the battles and campaigns that stained French soil with blood **Understanding the Age of Transitional Justice** Nanci Adler, 2018-06-22 No detailed description available for Understanding the Age of Transitional Justice *Marianne in Chains* Robert Gildea, 2024-03-26 A startling and original view of the occupation of the French heartland based on a new investigation of everyday life under Nazi rule In France the German occupation is called simply the dark years There were only the good French who resisted and the bad French who collaborated Marianne in Chains a broad and provocative history uncovers a rather different story one in which the truth is more complex and humane Drawing on previously unseen archives firsthand interviews diaries and eyewitness accounts Robert Gildea reveals everyday life in the heart of occupied France He describes the pressing imperatives of work food transportation and family obligations that led to unavoidable compromise and negotiation with the army of occupation In the process he sheds light on such subjects as forced labor the role of the Catholic Church the horizontal collaboration between French women and German soldiers and most surprisingly the ambivalent attitude of ordinary people toward the Resistance A great work of reconstruction Marianne in Chains provides a clear view unobscured by romance or polemics of the painful ambiguities of living under tyranny *French Crime Fiction, 1945-2005* Margaret-Anne Hutton, 2016-04-22 In the first major study of representations of World War II in French crime fiction Margaret Anne Hutton draws on a corpus of over a hundred and fifty texts spanning more than sixty years Included are well known writers male and female such as Aubert Simenon Boileau Narcejak Vargas Daeninckx and Jonquet as well as a broad range of lesser known authors Hutton's introduction situates her study within the larger framework of literary representations of World War II setting the stage for her discussions of genre the problem of defining crimes and criminals in the context of the war the epistemological issues that arise in the relationship between World War II historiography and the crime novel and the temporal textures linking past crimes to the present Filling a gap in the fields of crime fiction and fictional representations of the War Hutton's book calls into question the way both crime fiction and the French theatre of World War II have been conceptualized and codified The Holocaust Paul R. Bartrop, Michael Dickerman, 2017-09-15 This four volume set provides reference entries primary documents and personal accounts from individuals who lived through the Holocaust that allow readers to better understand the cultural political and economic motivations that spurred the Final Solution The Holocaust that occurred during World War II remains one of the deadliest genocides in human history with an estimated two thirds of the 9 million Jews in Europe at the time being killed as a result of the policies of Adolf Hitler and Nazi Germany The Holocaust An Encyclopedia and Document Collection provides students with an all encompassing resource for

learning about this tragic event a four book collection that provides detailed information as well as multidisciplinary perspectives that will serve as a gateway to meaningful discussion and further research The first two volumes present reference entries on significant individuals of the Holocaust both victims and perpetrators anti Semitic ideology and annihilationist policies advocated by the Nazi regime giving readers insight into the social political cultural military and economic aspects of the Holocaust while enabling them to better understand the Final Solution in Europe during World War II and its lasting legacy The third volume of the set presents memoirs and personal narratives that describe in their own words the experiences of survivors and resisters who lived through the chaos and horror of the Final Solution The last volume consists of primary documents including government decrees and military orders propaganda in the form of newspapers and pamphlets war crime trial transcripts and other items that provide a direct look at the causes and consequences of the Holocaust under the Nazi regime By examining these primary sources users can have a deeper understanding of the ideas and policies used by perpetrators to justify their actions in the annihilation of the Jews of Europe The set not only provides an invaluable and comprehensive research tool on the Holocaust but also offers historical perspective and examination of the origins of the discontent and cultural resentment that resulted in the Holocaust subject matter that remains highly relevant to key problems facing human society in the 21st century and beyond

The French at War, 1934-1944 Nicholas Atkin, 2014-07-22 The years 1934 to 1944 remain the most contentious and dramatic decade in modern French history Covering the Occupation the Vichy regime the Resistance and collaboration Nick Atkin provides an important introduction to this key period Accessible and concise the book offers a wide ranging synthesis of key themes and events Looking ahead to the present day the book also examines how the French establishment and public have coped with the legacy of Vichy and explains why the occupation is still ever present in French politics and everyday life

International Criminal Law in Context Philipp Kastner, 2017-10-20 International Criminal Law in Context provides a critical and contextual introduction to the fundamentals of international criminal law It goes beyond a doctrinal analysis focused on the practice of international tribunals to draw on a variety of perspectives capturing the complex processes of internationalisation that criminal law has experienced over the past few decades The book considers international criminal law in context and seeks to account for the political and cultural factors that have influenced and that continue to influence this still emerging body of law Considering the substance procedures objectives justifications and impacts of international criminal law it addresses such topics as the history of international criminal law the subjects of international criminal law transitional justice and international criminal justice genocide crimes against humanity war crimes and the crime of aggression sexual and gender based crimes international and hybrid criminal tribunals sentencing under international criminal law and the role of victims in international criminal procedure The book will appeal to those who want to study international criminal law in a critical and contextualised way Presenting original research it will also be of interest to

scholars and practitioners already familiar with the main legal and policy issues relating to this body of law **Theatres of
Violence** Philip G. Dwyer, Lyndall Ryan, 2012 Papers from an international interdisciplinary symposium held at Newcastle
Australia September 2008
