Alexandra Verini,Abir Bazaz,2023-09-29 This book opens up a dialogue between pre modern women identified as mystics in diverse locations from South Asia to Europe It considers how women from the disparate religious traditions of Hinduism Islam and Christianity expressed devotion in parallel ways The argument is that women s mysticism demands to be compared not because of any essential female experience of the divine but because the parallel positions of marginalization that pre modern women experienced led them to deploy intimate encounters with the divine to speak publicly and claim authority The topics covered range from the Sufi devotional tradition of Sidi Indians of African ancestry to the Bhakti poet Mirabai and the nuns of Barking Abbey Collectively the chapters show how mysticism allowed premodern women to speak and act by unsettling traditional gender roles and expectations for religious behavior At the same time as uncovering connections the juxtaposition of women from different traditions serves to highlight distinctive features The book draws on a range of disciplinary expertise and will be of particular interest to scholars of medieval religion and theology as well as history and literary studies Vedānta Philosophy Swami Vivekananda,1899 **A Restatement of Religion** Jyotirmaya

Sharma,2013-08-28 In this third installment of his comprehensive history of India s religion and reappraisal of Hindu identity Professor Jyotirmaya Sharma offers an engaging portrait of Swami Vivekananda and his relationship with his guru the

legendary Ramakrishna Sharma's work focuses on Vivekananda's reinterpretation and formulation of diverse Indian spiritual and mystical traditions and practices as Hinduism and how it served to create distort and justify a national self image. The author examines questions of caste and the primacy of the West in Vivekananda's vision as well as the systematic marginalization of alternate religions and heterodox beliefs. In doing so, Professor Sharma provides readers with an incisive entryway into nineteenth and twentieth century Indian history and the rise of Hindutva, the Hindu nationalist movement. Sharma's illuminating narrative is an excellent reexamination of one of India's most controversial religious figures and a fascinating study of the symbiosis of Indian history, religion, politics and national identity. It is an essential story for anyone interested in the evolution of one of the world's great religions and its role in shaping contemporary India.

Dreiser T., *Stoic* is a novel by Theodore Dreiser whose main character is Frank Cowperwood, a businessman based on the real tycoon Charles Yerkes. Cowperwood is still married to his estranged wife Aileen; he lives with Berenice. He decides to move to London, England, where he intends to take over and develop the system of underground railways. He is still making progress, but death has another plan. *The American journal of theology*, 1898 The revelation of St. John Irma Korte,2020-01-03

Could the Revelation of St. John inspire us even today in our own spiritual quest? Yes, answers Dr. Korte, an author of several books and articles interpreting myths and the Bible as she reads man's spiritual transformation in St. John's visions. Irma Korte questions the common view of Revelation as a prophesy of horrors and God's revenge and instead invites the reader into man's inner world. Here, St. John contemplates in pictorial mythical language the most essential problems in religion, such as the nature of man, reality, and evil. As the visions proceed, St. John himself experiences a profound inner change. He gives up alienating religious beliefs and moves toward ever deeper spirituality, culminating in the final illumination. Interpreting the visions much like myths are analyzed in Jungian thought, Dr. Korte compares the images in St. John's visions to those from other religious texts, psychological and philosophical theories, mythology, and yoga literature, as well as from dreams and experiences of present-day men and women. The many quotations from the works of Occidental and Oriental mystics testify that they have used images similar to those of St. John in recounting their own experiences. These mystics include, among others, St. Teresa of Avila, St. John of the Cross, and Paramahansa Yogananda. **Complete Works of Swami Vivekananda** Swami Vivekananda,2019-11-27
