Paracriticisms Seven Speculations Of The Times:

Paracriticisms Ihab Habib Hassan, 1984 Cruelty and Desire in the Modern Theater Laurens De Vos, 2011-04-18

Departing from a refreshing look at the ideas of Antonin Artaud this book provides a thorough analysis of how both Sarah Kane and Samuel Beckett are indebted to his legacy In juxtaposing these playwrights De Vos minutely points out how both in their own way struggle with coming to terms with Artaud A key concept in Lacanian psychoanalytic theories desire lies at the root of the Theatre of Cruelty Kane and Beckett prove that desire and cruelty are inextricably linked to one another but that they appear in radically different disguises Relying on Kane and Beckett this book not only sheds a light on the precise intentions behind Artaud s project it also maps out the structural parallels and dichotomies between the Theatre of Cruelty and the literary genre of tragedy Immediately after the premiere of Sarah Kane s *Blasted* in 1995 some reviewers made a link with Antonin Artaud s Theatre of Cruelty These parallels however were solely based on the abundance of physical violence on stage In response to these assertions this book traces minutely Artaud s legacy for later generations Making use of Jacques Lacan s psychoanalytical ideas as a theoretical framework De Vos defines Artaud s project not so much in terms of blood and goriness but rather as a theater of Passion revolving around notions as desire love and the subjectile a concept that was drawn attention to by Derrida In addition the idea of the scapegoat delineated by Ren Girard provides a leg up to clarify the intrinsic parallels as well as divergences between the Theatre of Cruelty and tragedy while also Lacan s analysis of Antigone is being looked at Phaedra s *Love Cleansed* and *4 48 Psychosis* are extensively dealt with in this study and point out the development Kane went through in her short but at the same time long trajectory The third part on Beckett focuses primarily on Krapp s *Last Tape* and *Not I* and equally so calls in Lacan to understand self alienation and self conceptua **Camp** Fabio Cleto, 1999 *The complete guide to c* an anthology of the best writing on its history and current theory in cultural studies and lesbian and gay studies Politics and Verbal Play Martha LaFollette Miller, 1995 In *Politics and Verbal Play* Martha LaFollette Miller traces the evolution of the poetry of Angel Gonzalez from his early existential and social period through later works that draw heavily on verbal and conceptual play for their effect **Violence, Utopia and the Kingdom of God** George Aichele, Tina Pippin, 2002-01-31 This controversial book explores the presence of the fantastic in Biblical and related texts and the influence of Biblical traditions on contemporary fantasy writing cinema music and art The contributors apply a variety of critical concepts and methods from the field of fantasy studies including the theories of Tolkien Todorov Rosemary Jackson and Jack Zipes to Biblical texts and challenge theological suppositions regarding the texts which take refuge in science or historiography *Violence Utopia and the Kingdom of God* presents a provocative and arresting new analysis of Biblical texts which draws on the most recent critical approaches to provide a unique study of the Biblical narrative **Contemporary Fiction and the Uses of Theory** M. Greaney, 2006-08-25 This topical study examines the novelizations of radical literary theory in the work of A S Byatt Angela Carter Umberto Eco John Fowles Richard Powers and

many other leading novelists It offers a comprehensive analysis of the post theoretical novel and traces an alternative history of the theory revolution in recent literary fiction *Exploring Postmodernism* Matei Calinescu, Douwe W.

Fokkema, 1988-01-01 The great diversity of contexts in which the term Postmodernism is currently encountered reflects the remarkable success of a coinage that has been in circulation for only about forty years It has been used by philosophers sociologists art critics and literary historians to become finally a household word in the language of advertising and politics Before letting it fade to a derelict cliché an attempt is made in this volume of essays to use its potential as a cultural concept for the analysis and understanding of contemporary literature and thought **Beckett Writing** Beckett H. Porter

Abbott, 2019-01-24 Suppose that before he is writing fiction before he is writing drama before he is writing any of the autonomous highly polished pieces that make up his life work Beckett is writing Beckett What follows from this In *Beckett Writing* Beckett H Porter Abbott argues that by the time he had written *Waiting for Godot* Beckett's art had crystallized as a life project keyed to the simultaneous action of writing and reading the self How does such an interpretive shift change the way we see the salient features of Beckett's art his extraordinary and persistent assaults on narrative his restless exploration of genres and media his attempts to exercise autocratic control over performance and publication his increasingly musical formal structures his tireless capacity to invent How moreover does this view relate to the contempt for autobiography so pervasive in Beckett's work In approaching these questions *Beckett Writing* seeks to redirect current discussion of such concepts as the author and originality Arguing on several widely contested fronts in Beckett criticism including such vexed issues as Beckett's postmodernism his politics and his relation to his audience Abbott develops an interpretive method grounded in the concept of autographical action The method allows Abbott to articulate the centrality of the inexhaustible strangeness of Beckett's work and to do so without robbing that strangeness of its power to surprise Tactical Readings

Nicola Pitchford, 2002 Both writers novels borrow heavily from other authors and in doing so they offer strategies for a politically committed rereading of literary history and its interaction with the popular imagination **Constructing Postmodernism** Brian McHale, 2012-11-12 Brian McHale provides a series of readings of a wide range of postmodernist fiction from Eco's *Foucault's Pendulum* to the works of cyberpunk science fiction relating the works to aspects of postmodern popular culture *The Oxford History of the Novel in English* Cyrus R. K. Patell, Deborah Lindsay Williams, 2024 An

overview of US fiction since 1940 that explores the history of literary forms the history of narrative forms the history of the book the history of media and the history of higher education in the United States The Modernist as Pragmatist Brian May, 1997 The past few years have witnessed a resurgence in the study of British literary modernism With recent publications on modernist American poetry and increasingly appreciative attitudes toward modern British novelists like Joseph Conrad and E M Forster many scholars are experiencing a renewed interest in modernism In *The Modernist as Pragmatist* Brian May investigates modernist works that have been until recently regarded largely as mere exercises in stale

Victorian liberal ideology Breaking from one current interpretation of Forster as an innovative and perhaps objectionable representative of modernist fictional audacity May keenly argues that Forster is neither a traditional liberal nor an imperial modernist stylist He is rather a pragmatic liberal critic of both unreconstructed Victorian liberalism and unreckoning modernist aestheticism May also looks at the debate between two contemporary progressive pragmatists Richard Rorty and Cornel West who have turned to the liberalism of the past as an avenue toward the future First clarifying the terms of the debate May then tries to resolve it using the writings of E M Forster to discuss some of the major political and philosophical statements of Rorty and West In turn the works of these two philosophers are used as tools to gain insight into Forster s literary texts and cultural contexts By bringing British literary history to American neopragmatist philosophy May allows the reader to understand both more concretely historically and imaginatively Persuasive new readings of A Passage to India Howards End and The Longest Journey are used to illustrate how Rorty and West offer a choice between pragmatisms May s well argued study offers an exploration of how literature and philosophy can lead to a fruitful dialogue that can complement formalism as well as traditional types of contextualism It also persuasively connects Forster to the contemporary debates between liberalism and pragmatism making this an important contribution to all scholars of modernism

Cultural Identity and Postmodern Writing Theo d'. Haen, Pieter Vermeulen, 2006 This volume seeks to ascertain the relationship obtaining between the specific form postmodernism assumes in a given culture and the national narrative in which that culture traditionally recognizes itself Theo D haen provides a general introduction to the issue of cultural identity and postmodern writing Jos Joosten and Thomas Vaessens take a look at Dutch literature and particular Dutch poetry in relation to postmodernism Robert Haak and Andrea Kunne do the same with regard to respectively German and Austrian literature while Roel Daamen turns to Scottish literature Patricia Krus discusses postmodernism in relation to Caribbean literature and Kristian van Haesendonck and Nanne Timmer turn their attention to Puerto Rican and Cuban literature while Adriana Churampi deals with Peruvian literature Finally Markha Valenta investigates the roots of the postmodernism debate in the United States

Rewriting Christian Moraru, 2001-09-27 Examines the tendency of post World War II writers to rewrite earlier narratives by Poe Melville Hawthorne and others

Satirizing Modernism Emmett Stinson, 2017-06-01 Satirizing Modernism examines 20th century novels that satirize avant garde artists and authors while also using experimental techniques associated with literary modernism These novels such as Wyndham Lewis's *The Apes of God* William Gaddis's *The Recognitions* and Gilbert Sorrentino's *Imaginative Qualities of Actual Things* were under recognized and received poor reviews at the time of publication but have increasingly been acknowledged as both groundbreaking and deeply influential Satirizing Modernism analyzes these novels in order to present an alternative account of literary modernism which should be viewed neither as a radical break with the past nor an outmoded set of aesthetics overtaken by a later postmodernism In self reflexively critiquing their own aesthetics these works express an unconventional modernism that both revises literary history and continues to be felt today
