Paradise Purchased, Paradise Promised Brett White, 1993-09-01 **'Uthman ibn 'Affan** Heather N. Keaney, 2021-02-18
Uthman ibn Affan d 656 was an early convert to Islam and the third successor to the Prophet Muhammad As caliph he established the first Islamic navy consolidated the text of the Qur'an and expanded the Arab empire His opponents however accused him of being corrupt and questioned his legitimacy After twelve years Uthman's troubled caliphate ended in revolt His death at the hands of rebels led to civil war and contributed to the eventual split between Sunni and Shi'i Islam In this volume Heather Keaney examines the life and legacy of the controversial caliph **The Spiritual Exercises of St. Ignatius** I. de Loyola, 1954 Spiritual Exercises. With Meditations and Prayers; by Father Liborio Siniscalchi, of the Society of Jesus. Translated from the Italian, by a Catholic Clergyman Saint de Loyola] Ignatius [Lopez de Recalde, 1864
Everyday Consumption in Twenty-First-Century Brazilian Fiction Lígia Bezerra, 2022-08-15
Everyday Consumption in Twenty First Century Brazilian Fiction is the first in depth study to map out the representation of consumption in contemporary Brazilian prose highlighting how our interactions with commodities connect seemingly disconnected areas of everyday life such as eating habits the growth of prosperity theology and ideas of success and failure It is also the first text to provide a pluralistic perspective on the representation of consumption in this fiction that moves beyond the concern with aesthetic judgment of culture based on binaries such as good bad or elevated degraded that have largely informed criticism on this body of literary work Current Brazilian fiction provides a variety of perspectives from which to think about our daily interactions with commodities and about how consumption affects us all in subtle ways Collectively the narratives analyzed in the book present a wide spectrum of more or less hopeful portrayals of existence in consumer culture from totalizing dystopia to transformative hope **A comprehensive commentary on the Qurán, comprising Sale's tr. and prelim. discourse, with additional notes and emendations by E.M. Wherry** Elwood Morris Wherry, 1882 **The spiritual exercises of st. Ignatius, with meditations and prayers by L. Siniscalchi, tr. by a Catholic clergyman** Ignatius de Loyola (st.), Liborio Siniscalchi, 1864 **A Comprehensive Commentary on the Quran: Comprising Sale's Translation & Preliminary Discourse, with Additional Notes & Emendations...by the Rev. E.M. Wherry...**, 1896 Medieval Islamic Historiography Heather N. Keaney, 2013-07-18 This book is a comparative analysis of the medieval Sunni historiography of the caliphate of Uthman b Affan and the revolt against him By comparing treatments of Uthman in pietistic literature and universal chronicles the work traces the gradual silencing of more critical accounts in favor of those that portray Uthman as a saintly companion of the Prophet Muhammad Through a comparative analysis of authors between genres and time periods this book shows how authors were able to convey their personal perspectives on important religious political tensions that emerged through the revolt against Uthman namely the tension between Sunnis and Shiis religious and political authority and appeals to maintain stability and unity vs appeals for greater justice This last debate which in many

ways began with the revolt against Uthman has been repeated most recently in the Arab Spring This work therefore provides readers with helpful historical context for important contemporary debates "Agency, Visuality and Society at the Chartreuse de Champmol " SherryC.M. Lindquist,2017-07-05 Grounded in archival sources this interdisciplinary study explores the profound historical significance of the mausoleum of the Valois Dukes of Burgundy the Chartreuse de Champmol Although the monument is well known as the site of pivotal works of art by Claus Sluter Melchior Broederlam Jean de Beaumetz and others until now art historians have not considered how these works functioned at the center of a complex social matrix Sherry Lindquist here considers the sacred subjects of the various sculptures and paintings not merely as devotional tools or theological statements but as profoundly influential social instruments that negotiated complex interactions of power Lindquist s sophisticated discussion coordinates analysis of primary sources with the most up to date scholarship in the field of art history not only with respect to late medieval Burgundian art but also to more theoretical questions pertaining to reception *A Comprehensive Commentary on the Quran* E.M. Urban Expansion and Food Security in New Zealand Benjamin Felix Richardson, 2023-08-21 This book examines suburban development in New Zealand and its conflict with and impact on local horticulture and food security. Drawing on an ethnographic study of Auckland's rapidly expanding urban periphery combined with comparative case studies from California in the USA and Victoria in Australia the book examines how the profit making strategies of property developers and landowners drastically reshapes work and life at the edge of cities. With a significant portion of the world's croplands lying adjacent to cities the accelerating pace of urban sprawl across the planet places unprecedented pressure on the productivity and even existence of these vital food bowl regions. The book examines how the demand for more land for development at the urban periphery collides with concerns over local food security and the protection of ecosystem services. It analyses land use policy historical records and physical patterns of development alongside participant observation of local events. It combines this with interviews with government officials property developers landowners local residents and horticulturists. By combining these narratives of the hectic and lucrative business of suburban property development with the collapse of local horticulture this book shows how the realignment of the New Zealand's interests of financial profitability over other concerns led to the transformation of urban peripheries from a productive food bowl to an investment vehicle. This book will be of great interest to students and scholars of urban food and agriculture urban planning and development and rural urban studies.
