Paradise Remade Elizabeth Buck, 1994-01-25 This is a book about the politics of competing cultures and myths in a colonized nation Elizabeth Buck considers the transformation of Hawaiian culture focusing on the indigenous population rather than on the colonizers She describes how Hawaii's established religious social political and economic relationships have changed in the past 200 years as a result of Western imperialism Her account is particularly timely in light of the current Hawaiian demands for sovereignty 100 years after the overthrow of the monarchy in 1893 Buck examines the social transformation Hawaii from a complex hierarchical oral society to an American state dominated by corporate tourism and its myths of paradise She pays particular attention to the ways contemporary Hawaiians are challenging the use of their traditions as the basis for exoticized entertainment Buck demonstrates that sacred chants and hula were an integral part of Hawaiian social life as the repository of the people's historical memory chants and hula practices played a vital role in maintaining the links between religious political and economic relationships Tracing the ways in which Hawaiian culture has been variously suppressed and constructed by Western explorers New England missionaries the tourist industry ethnomusicologists and contemporary Hawaiians Buck offers a fascinating rereading of Hawaiian history

Legendary Hawai'i and the Politics of Place Cristina Bacchilega, 2011-06-03 Hawaiian legends figure greatly in the image of tropical paradise that has come to represent Hawai'i in popular imagination But what are we buying into when we read these stories as texts in English language translations Cristina Bacchilega poses this question in her examination of the way these stories have been adapted to produce a legendary Hawai'i primarily for non Hawaiian readers or other audiences With an understanding of tradition that foregrounds history and change Bacchilega examines how following the 1898 annexation of Hawai'i by the United States the

publication of Hawaiian legends in English delegitimized indigenous narratives and traditions and at the same time constructed them as representative of Hawaiian culture Hawaiian mo'olelo were translated in popular and scholarly English language publications to market a new cultural product a space constructed primarily for Euro Americans as something simultaneously exotic and primitive and beautiful and welcoming To analyze this representation of Hawaiian traditions place and genre Bacchilega focuses on translation across languages cultures and media on photography as the technology that contributed to the visual formation of a westernized image of Hawai'i and on tourism as determining postannexation economic and ideological machinery In a book with interdisciplinary appeal Bacchilega demonstrates both how the myth of legendary Hawai'i emerged and how this vision can be unmade and reimaged

The Right Sort of Woman Precious McKenzie Stearns, 2012-01-17 The rhetoric surrounding Empire freedom and adventure are nowhere more striking than in nineteenth century British women's travel writing *The Right Sort of Woman* charts the progression of British feminism in relationship to exploration of the Empire Precious McKenzie introduces us to the lesser known writings of Florence Douglas Dixie Mrs Aubrey Le Blond and Isabel Savory and also revisits the more widely read travel texts of Isabella Bird Bishop and Mary Kingsley Their travel writings explore the hotly debated Victorian ideologies of femininity equality and fitness McKenzie contends that British women travel writers found opportunities for freedom when traveling abroad Women travelers could participate in what were traditionally men's sports hunting riding canoeing shooting mountaineering when far away from strict Victorian social codes of behavior Because of their athletic pursuits while abroad British women travelers found their health improved as did their self reliance
