Paradox Of Oscar Wilde:

The Paradox of Oscar Wilde George Woodcock,1949 Oscar Wilde Karl Beckson,2003-09-02 This set comprises 40 volumes covering 19th and 20th century European and American authors These volumes will be available as a complete set mini boxed sets by theme or as individual volumes This second set compliments the first 68 volume set of Critical Heritage published by Routledge in October 1995 *The Paradox of Identity* Elodie Degroisse,2014-10-22 *Oscar Wilde and the Simulacrum* Giles Whiteley,2017-07-05 Oscar Wilde is more than a name more than an author From precocious Oxford undergraduate to cause celebre of the West End of the 1890s to infamous criminal the proper name Wilde has become an event in the history of literature and culture Taking Wilde seriously as a philosopher in his own right Whiteley s groundbreaking book places his texts into their philosophical context in order to show how Wilde broke from his peers and in particular from idealism and challenges recent neo historicist readings of Wilde which seem content to limit his irruptive power Using the paradoxical concept of the simulacrum to resituate Wilde s work in relation to both his precursors and his contemporaries Whiteley s study reads Wilde through Deleuze and postmodern philosophical commentary on the simulacrum In a series of striking juxtapositions Whiteley challenges us to rethink both Oscar Wilde s aesthetics and his philosophy to take seriously both the man and the mask His philosophy of masks is revealed to figure a truth of a different kind the simulacra through which Wilde begins to develop and formulate a mature philosophy that constitutes an ethics of joy On Paradox Elizabeth S. Anker,2022-10-28 In *On Paradox* literary and legal scholar Elizabeth S Anker contends that faith in the logic of paradox has been the cornerstone of left intellectualism since the second half of the twentieth century She attributes the ubiquity of paradox in the humanities to its appeal as an incisive tool for exposing and dismantling hierarchies Tracing the ascent of paradox in theories of modernity in rights discourse in the history of literary criticism and the linguistic turn and in the transformation of the liberal arts in higher education Anker suggests that paradox not only generates the very exclusions it critiques but also creates a disempowering haze of indecision She shows that reasoning through paradox has become deeply problematic it engrains a startling homogeneity of thought while undercutting the commitment to social justice that remains a guiding imperative of theory Rather than calling for a wholesale abandonment of such reasoning Anker argues for an expanded diversified theory toolkit that can help theorists escape the seductions and traps of paradox **The Picture of Dorian Gray** Oscar Wilde,1992 This revised Norton Critical Edition like its predecessor is the only edition available that includes both the 1890 Lippincott s and the 1891 book version of *The Picture of Dorian Gray* Under the editorial guidance of Wilde scholar Michael Patrick Gillespie students have the opportunity to read comparatively both published versions of this controversial novel Backgrounds and Reviews and Reactions allow readers to gauge *The Picture of Dorian Gray* s sensational reception when the 1890 version appeared and to consider the heated public debate over art and morality that followed its publication Joris Karl Huysmans Walter Pater and Oscar Wilde offer a sense of the diverse opinions

on these topics Eight contemporary reviews and comments on the novel are reprinted among them four opinions from the St James s Gazette immediately after publication in 1890 each followed by Oscar Wilde s vehement reply Criticism includes seven new essays on the novel that reflect key changes in interpretive theory in recent years and reveal the broad range of perspectives associated with Wilde and The Picture of Dorian Gray Simon Joyce Donald L Lawler Sheldon W Liebman Maureen O Connor Ellie Ragland Sullivan John Paul Riquelme and Michael Patrick Gillespie provide their varied assessments A Chronology and a Selected Bibliography are also included BOOK JACKET

"Will the Real Oscar Wilde Please Stand Up?" Althea Charis Furby, Mississippi College. Department of English, 2010

The Power of Paradox: Impossible Conversations Markus Locker, 2019-05-07 This book argues that all truths systems include paradoxes Paradoxes such as found in the sciences philosophy and religion offer themselves as mutually shared partners in a dialogue of arguably incommensurable truths on the basis of their underlying truth Paradoxes leap beyond the epistemic border of individual truth claims A dialogue of truths grounded in paradox reaches before and at the same time past singular truths A paradox based dialogue of truths elevates the communication of disciplines such as the sciences and religion to a meta discourse level from which differences are not perceived as obstacles for dialogue but as complementary aspects of a deeper and fuller truth in which all truths are grounded

Shakespeare and the Culture of Paradox Peter G. Platt, 2016-04-01 Exploring Shakespeare s intellectual interest in placing both characters and audiences in a state of uncertainty mystery and doubt this book interrogates the use of paradox in Shakespeare s plays and in performance By adopting this discourse one in which opposites can co exist and perspectives can be altered and one that asks accepted opinions beliefs and truths to be reconsidered Shakespeare used paradox to question love gender knowledge and truth from multiple perspectives Committed to situating literature within the larger culture Peter Platt begins by examining the Renaissance culture of paradox in both the classical and Christian traditions He then looks at selected plays in terms of paradox including the geographical site of Venice in Othello and The Merchant of Venice and equity law in The Comedy of Errors Merchant and Measure for Measure Platt also considers the paradoxes of theater and live performance that were central to Shakespearean drama such as the duality of the player the boy actor and gender and the play audience relationship in the Henriad Hamlet As You Like It Twelfth Night Antony and Cleopatra The Winter s Tale and The Tempest In showing that Shakespeare s plays create and are created by a culture of paradox Platt offers an exciting and innovative investigation of Shakespeare s cognitive and affective power over his audience

Oscar Wilde Ernest Newman, 1895

Paradoxes , **Paradox and the Possibility of Knowledge** Jeremy Barris, 2003 Paradox and the Possibility of Knowledge argues that psychoanalytic theory has certain mostly unnoticed features that bring out with unusual clarity a logic that is true of conceptual thought generally This logic is paradoxical in that it is deliberately and productively self canceling The general relevance of this logic to conceptual thought and to theory offers a solution to some fundamental epistemological problems First it allows a solution to the problem of the

ultimate circularity or infinite regress of knowledge by showing how the circle or regress eliminates itself in a variety of successful knowledge grounding ways Second it offers some resulting insights into issues involving politically troublesome dimensions of knowledge specifically into the procedure of ethical political dialogue The book is written in the contexts of both Anglo American philosophy and Continental or European philosophy The argument is largely Wittgensteinian and at the same time proceeds through detailed reference to Freud s and Lacan s work On the way it addresses theory construction in general including the claims of phenomenology and deconstruction **Oscar Wilde's Society Plays** Michael Y.

Bennett,2016-01-12 As the first collection of essays about Oscar Wilde s comedies the contributors re evaluate Oscar Wilde s society plays as comedies of manners to see whether this is actually an apt way to read Wilde s most emblematic plays Focusing on both the context and the texts the collection locates Wilde both in his social and literary contexts *Oscar Wilde, Paradox and Principle* Patricia D. Meyers,1991 *The Mastery of English* Robert Francis Allen,Emma Bates

Harvey,1925 Paradox for Life Review James J. Magee,2013-10-21 Paradox for Life Review explains how older adults levels of self esteem become the lens through which they review their reminiscences It shows how three bases for self esteem the epigenetic self the family scripted self and the metaphysical self affect the accuracy of this lens It then describes how life review groups have used paradoxes drawn from poetry drama word play intergenerational family dynamics Eastern and Western mystical traditions and personal life experiences to enable members to discover new lenses for accepting their history with compassion and wisdom The book uses the reminiscences of forty two older adults to illustrate the positive influence of these paradoxes in integrating their personal history with a sense of purpose for their future *The Morality of Oscar Wilde* David West Boorstin,1971 Paradoxes of Measures and Dimensions Originating in Felix Hausdorff's Ideas

Janusz Czy?,1994 In this book many ideas by Felix Hausdorff are described and contemporary mathematical theories stemming from them are sketched **Secrets of the Oracle** W. David Shaw,2009-12-01 What is wisdom Where does it come from Where can we find it And what does it mean in our lives In Secrets of the Oracle David Shaw explores these questions by turning to the works of wisdom writers whose words retain their meaning and transformative power even centuries after they were written Wisdom literature exists in two shaping forms the aphorism geared towards the past and the oracle a revolutionary impulse looking to the future Secrets of the Oracle discusses both types of wisdom finding them in the works of poets and philosophers from Tennyson and Zeno to Yeats and George Berkeley from Browning and Schleiermacher to T S Eliot and F H Bradley The book also discusses the contribution to wisdom of Jesus and the author of Ecclesiastes of Abraham Lincoln and Norman Maclean Part celebration of wisdom found and part lament for wisdom lost Secrets of the Oracle is convincing in its assertion that wisdom articulates what is and offers creative visions of the future
