Psychospiritual Healing After Abortion:

Psycho-spiritual Healing After an Abortion Douglas R. Crawford, Michael T. Mannion, 1989 Psycho Spiritual Healing AFTER Abortion is a helpful book for those who as people of faith seek to counsel a woman who has had an abortion for the psychologist who recognizes the importance of faith in the struggle to be whole and for the clergy person who recognizes that it is inadequate to expect that God will do it all It is a help for anyone concerned about the welfare of the woman who seeks healing after abortion *Psycho-spiritual Healing After Abortion* ,1988 Moral Injury After Abortion Tara C. Carleton, Jill L. Snodgrass, 2022-08-12 Moral Injury After Abortion delves deeply into the psychospiritual responses that some women experience when an abortive act conflicts with their moral beliefs and values The book is grounded in a qualitative phenomenological study that examined the lived experiences of thirty Christian women after abortion The study participants voices are woven throughout the book in a way that offers the reader a narrative understanding of their experiences and a thick description of the psychospiritual impact of moral injury after abortion The book provides mental health scholars and professionals with strategies for assessing for moral injury experiences among women post abortion as well as a guide for addressing the spiritual and psychological impact of post abortive moral injury A Future and a Hope Cynthia Jordan, 2020-12-09 Nothing compares with seeing broken hurting women recover from choices that cause lasting pain and dysfunction I have personally experienced this recovery and have witnessed it in many lives These stories depict what can happen when women support each other in a safe environment and call on the One who can heal the hurts and redirect futures *Women's Health After Abortion* Elizabeth Ring-Cassidy, Ian Gentles, deVeber Institute for Bioethics and Social Research, 2002 A compelling account of the research on post abortion difficulties both short term and long term Although the authors often touch upon technical matters they write with a humanity and clarity that makes their conclusions readily accessible to the general reader **Military Chaplains' Review** ,1989 Abortion-- Murder Or Mercy? François B. Gérard, 2001 This book is meant to provide an overview of and gather the literature on abortion one of the most divisive issues of our times Honest women and men the world over must deal with this issue in their hearts and minds whether or not they ever face the issue personally It is hard to conceive of a single thinking person who doesn't have an opinion on abortion usually strongly held The arguments are cogent on both sides of the issue We hope that this collection will bring to the attention of readers the publications which shed light on the fundamental issues involved The Ethics of Abortion Christopher Kaczor, 2022-09-30 The overturning of Roe v Wade makes the ethical consideration of abortion more important than ever Appealing to reason rather than religious belief this book is the most comprehensive case against the choice of abortion yet published This third edition of The Ethics of Abortion critically evaluates all the major grounds for denying basic rights to fetal human beings including the views of those who defend not only abortion but also post birth abortion It also provides several non theological justifications for the conclusion that all human beings including those in utero should be

respected as persons This book also critiques the view that abortion is not wrong even if the human fetus is a person The Ethics of Abortion examines hard cases for those who are prolife such as abortion in cases of rape or in order to save the woman's life as well as hard cases for defenders of abortion such as sex selection abortion and the rationale for being personally opposed but publicly supportive of abortion It concludes with a discussion of whether artificial wombs might end the abortion debate Answering the arguments of defenders of abortion this book provides reasoned justification for the view that all intentional abortions are ethically wrong and that doctors and nurses who object to abortion should not be forced to act against their consciences Updates and Revisions to the Third Edition Include Discusses Ahas Burin's 2014 essay Beyond Pragmatism Defending the Bright Line of Birth in chapter 3 Incorporates into chapter 8 David Boonin's cogently argued 2019 book Beyond Roe Why Abortion Should be Legal Even if the Fetus is a Person Expands chapter 9 to examine tragic cases in which prenatal diagnosis determines with certainty that a fetus will die shortly after birth Includes an updated and expanded section in chapter 11 on recent debates about conscience protections Considers in chapter 12 recent arguments that parents have a right to kill if the product of conception is in an artificial womb Updates statistics on numbers of abortions in the United States including corrections to statistics that were once thought true but are now known as erroneous Updated bibliography

Military Chaplains' Review, 1989 **Her Choice to Heal** Sydna Masse, 2023-12-22 What do millions of American women have in common They've experienced abortion You might be one of these women Or maybe it's your friend sister coworker or the woman sitting next to you at church Regardless post abortive women are in pain and at some point most will experience Abortion Post Traumatic Stress Disorder Abortion PTSD But they may never talk about it Many are silent because they are filled with shame grief and guilt afraid of judgment and condemnation Few realize that peace is attainable through Christ's healing and the knowledge that because of His grace they will reunite with their lost loved ones in heaven Her Choice to Heal is designed to help women find a way to God's healing after this devastating choice Written by a post abortive woman it includes testimonies of strength healing and hope Sydna compassionately leads you on the difficult journey through denial anger and grief to forgiveness redemption and letting go Her Choice to Heal offers a roadmap to healing practical suggestions resources for help space to journal with the encouragement and hope found in Christ alone

Multicultural Counseling with Teenage Fathers Mark S. Kiselica, 1995-08-03 An unplanned pregnancy in adolescence can be a crisis not only for young unmarried mothers but also for unmarried fathers of the same age group This landmark volume is the first in depth practical guide to counselling teenage fathers Taking a multicultural perspective the volume addresses issues that may have a bearing on a young man's adjustment to fatherhood such as his relationships with his parents his child the mother of his child her parents and his peers **Narratives of Sorrow and Dignity** Bardwell L. Smith, 2013-05-22 Bardwell L. Smith offers a fresh perspective on c the Japanese ceremony performed to bring solace to those who have experienced miscarriage stillbirth or abortion Showing how old and new forms of myth symbol doctrine praxis and

organization combine and overlap in contemporary mizuko kuy Smith provides critical insight from many angles the sociology of the family the power of the medical profession the economics of temples the import of ancestral connections the need for healing in both private and communal ways and perhaps above all the place of women in modern Japanese religion At the heart of Smith s research is the issue of how human beings experience the death of a life that has been and remains precious to them While universal these losses are also personal and unique The role of society in helping people to heal from these experiences varies widely and has changed enormously in recent decades In examples of grieving for these kinds of losses one finds narratives not only of deep sorrow but of remarkable dignity *Life and Learning VII* University Faculty for Life. Conference,1998 Handbook of Posttraumatic Growth Lawrence G. Calhoun,Richard G. Tedeschi,2014-07-10 Posttraumatic growth is an area in which investigations are now being undertaken in many different parts of the world The view that individuals can be changed sometimes in radically good ways by their struggle with trauma is ancient and widespread However the systematic focus by scholars and clinicians on the possibilities for growth from the struggle with crisis is relatively recent There are now a growing number of studies and scholarly papers on the antecedents correlates and consequences of posttraumatic growth and there are also theoretical models that can help guide the research further It is clear however that this phenomenon is not yet well understood The Handbook of Posttraumatic Growth Research and Practice provides both clinicians and researchers with a comprehensive and up to date view of what has been done so far In addition it uses the foundations of what has been done to provide suggestions for the next useful steps to take in understanding posttraumatic growth The book offers contributions of important and influential scholars representing a wide array of perspectives of posttraumatic growth This volume serves as an impetus for additional work both in the academic aspects and in the possibilities for clinical applications of posttraumatic growth This Handbook will appeal to students practitioners and researchers working in a broad array of disciplines and human services **Life and Learning** University Faculty for Life.
