Russia Under Lenin And Stalin:

Russia and the West Under Lenin and Stalin George F. Kennan, 2021-02-04 The material contained in this book is drawn from lectures some of which were delivered in 1957 1958 in the schools at Oxford University others in the spring of 1960 at Harvard University This is a study of the relationship between the Soviet Union and the major Western countries from the inception of the Soviet regime in 1917 to the end of World War II It is not intended as a chronological account of the happenings in this phase of diplomatic history but rather as a series of discussions of individual episodes or problems George F Kennan Russia and the West Under Lenin and Stalin Kennan describes the diplomatic dilemmas that grew out of ignorance and mutual distrust beginning with the Allied intervention in Russia in 1918 through World War I the Versailles conference Stalin s bloody purges of 1934 1938 the Soviet German Nonaggression Pact of 1939 the end of World War II and the meeting in Yalta between Churchill Stalin and Roosevelt It is not often that a book as instructive as this one manages at the same time to be so engrossing that it is bound to keep even general readers fascinated long past their bedtimes The book s message is a stern one the pleasure in reading it derives from the elegant and yet fresh prose style that is one of the many gifts of the author who is an artist as well as an experienced diplomat a moralist as well as a consummate historian With superb felicity and grace he here unfolds a historical narrative rich in prophetic judgments prophetic in the Biblical sense of the word Not everyone of course will agree with all of Mr Kennan s conclusions but there is so much that is useful in this volume that even those who have reservations about one or another of the judgments in it will welcome it warmly as a significant contribution in several ways Marshall D Shulman The New York Times Superbly concise meaty and lucid It surveys the whole fascinating involved drama of Communism s rise to world power Newsweek Every adult American ought to read it William L Shirer Surely one of the most important books since the end of the last war an over all view that transcends the provinciality of so much of our foreign policy and embraces the whole immense area from Washington to Peking The New Yorker An important a disturbing a deeply moving book New York Herald Tribune Book Review Not only Mr Kennan s finest book but also the best that has been written on Russia in this century Sir Robert Bruce Lockhart In this absorbing and eloquent book Mr Kennan reviews with much perception and sensitivity the ragged course of relations between the Soviet Union and the West from 1917 to 1945 While there is much in Western understanding and action to be criticized in the early years during the inter war period and during World War II Mr Kennan is keenly aware of the intense hostility of the Communist stance which exacerbated all problems Foreign Affairs Kennan a fine writer as well as historian and diplomat has made a magnificent attempt to put into order the chaotic relations between Russia and the West from the Communist Revolution to the end of World War II A most important book deserving the widest possible readership Kirkus A remarkable best seller This fact is a tribute to both the author and the subject with which he deals It is superfluous to comment on Mr Kennan s authority or on the brilliance of his lucid prose which are again in evidence in this work It is a volume not easily put aside as a mere purveyor

of information it solicits judgments and proffers them lavishly inviting agreement or dissent Slavic Review A valuable volume It is full of flashes of insight into both Soviet and Western attitudes and policies and it reveals the painful dilemmas Wilson Roosevelt and other Western leaders faced in dealing with this new state and system The Slavic and East European Journal

Russia and the West under Lenin and Stalin George F. Kennan,1961 *Lenin's Fight Against Stalinism* Vladimir Il'ich Lenin,Leon Trotsky,1975 **Russia Under the Bolshevik Regime** Richard Pipes,1995-04-04 From the acclaimed authority on Russia and the Russian Revolution the final volume in his magisterial history of the Russian Revolution covering the period from the outbreak of the Civil War in 1918 to Lenin s death in 1924 Offers a penetrating analysis of the making of the Soviet system It is a passionate book whose outstanding scholarship is rooted in universal values like truth honor responsibility and the sacredness of human life Philadelphia Inquirer Timely The work is enriched in intriguing ways by the author s access to the once secret archives of the Soviet Union Los Angeles Times **The Russian Revolution from Lenin to Stalin 1917-1929** E. Carr,R. W. Davies,2003-12-19 E H Carr is the acknowledged authority on Soviet Russia In The Russian Revolution from Lenin to Stalin 1917 1929 he provides the student and general reader alike with insights and knowledge of a lifetime s work This book now available in a brand new edition is without doubt the standard short history of the Russian Revolution and now contains a new introduction by R W Davies *History of the Russian Revolution: Volume 1* Leon Trotsky,2022-11-30 The Russian Revolution of 1917 can be regarded as the greatest event in human history For the first time millions of workers and peasants took political power into their own hands sweeping aside the despotic rule of the capitalists and landlords and setting out to create a socialist world order based upon the rule of the Soviet of Workers Soldiers and Peasants Deputies Capitalism had broken at its weakest link The Russian Revolution heralded the beginning of the world revolution inspiring the hopes and dreams of millions Notwithstanding the terrible backwardness of Russia the new Socialist Soviet Republic represented a decisive threat to the world capitalist order It struck terror in the ruling classes everywhere which rightly regarded it as a threat to their power and privileges Leon Trotsky History of these events is a masterpiece It was the first time that a scientific history of a great event has been written by a man who played a dominant part in it Together with Lenin he led the Bolshevik Revolution and lived throughout its stormy events However this book is not simply a dramatic narrative but a profound analysis of the inner forces of the Revolution It remains by far the best

account of the Russian Revolution today This volume spans from the February Revolution to the prelude of the July Days as well as the economic and political background of Russia before the Revolution Also featured in this edition is Alan Woods introduction to the series **Russia Under Tsarism and Communism 1881-1953** Terry Fiehn,Chris Corin,2011-01-28 A comprehensive advanced level core text on Russian history from 1881 1953 from Tsar Nicholas to the death of Stalin The Real Situation in Russia (Routledge Revivals) Leon Trotsky,2014-06-17 The Real Situation in Russia first published in 1928 contains three of Trotsky s harshest rebuttals of Stalin s takeover of the Russian Revolution following the death of Lenin The first part contains a defence of the Opposition Platform against the Stalinist denunciation the second details Trotsky s view of the precise nature of the Stalinist program as well as its disastrous consequences for Russia and the third demonstrates the unashamed falsification of the history by Stalin with regard to the beginning of the Revolution Including a sympathetic but nonetheless astute introduction to Trotsky s argument by the translator The Real Situation in Russia will prove to be of value to all students of twentieth century Marxism and in particular to those interested in the Russian Revolution not only its origins and early development but also perhaps the reasons for its ultimate failure A Show Trial Under Lenin M. Jansen,2012-12-06 Soviet Russia will conquer all the millions of problems that stand in its way on one condition as long as the cause of the political education of the broad masses of the people continually advances We have nothing to be afraid of if our people fully learns to distinguish who are its friends and who are its enemies The trial of the Socialist Revolutionaries must and shall be a great step forward in the cause of the political instruction of the very broadest masses in town and country Grigorii Zinov ev Pravda and Krasnaia gazeta 20 June 1922 For my part I considered this trial to be unnecessary the Socialist Revolutionaries had been beaten and represented no visible danger at all Charles Rappoport Ma vie Paris 1926 1927 Vol 2 p 80 The Bolsheviks seized power in Russia in October 1917 by staging a coup d etat and then established a dictatorship The new rulers suppressed all armed resistance in a bloody civil war after which they made every effort to uproot andexterminate even peaceful political opposition of all kinds Even now it is impossible in the Soviet Union to subject these developments to critical historical study The political opponents of the Soviet regime of the time are still regarded by official Soviet his toriography as counter revolutionaries and the measures taken against them are seen as completely justified

Lenin, Stalin and Communist Russia Robert Johnson,2009 History The Revolution Betrayed Leon Trotsky,1991 The bourgeois world at first tried to pretend not to notice the economic successes of the soviet regime the experimental proof that is of the practicability of socialist methods The learned economists of capital still often try to maintain a deeply cogitative silence about the unprecedented tempo of Russia s industrial development or confine themselves to remarks about an extreme exploitation of the peasantry They are missing a wonderful opportunity to explain why the brutal exploitation of the peasants in China for instance or Japan or India never produced an industrial tempo remotely approaching that of the Soviet Union Facts win out however in the end The bookstalls of all civilized countries are now loaded with books about the

Soviet Union It is no wonder such prodigies are rare The literature dictated by blind reactionary hatred is fast dwindling A noticeable proportion of the newest works on the Soviet Union adopt a favorable if not even a rapturous tone As a sign of the improving international reputation of the parvenu state this abundance of pro soviet literature can only be welcomed Moreover it is incomparably better to idealize the Soviet Union than fascist Italy The reader however would seek in vain on the pages of this literature for a scientific appraisal of what is actually taking place in the land of the October revolution Description from <http://www.marxists.org/archive/trotsky/1936/revbet/intro.htm> April 12 2012 *The History of the Russian Revolution* Leon Trotsky, 1980 The classic account of the social economic and political dynamics of the first socialist revolution as told by one of its central leaders Trotsky describes how under Lenin's leadership the Bolshevik Party led the working class peasantry and oppressed nationalities to overturn the monarchist regime of the landlords and capitalists and bring to power a government of the workers and peasants one that set an example for toilers the world over Nowhere are those world shattering events explained with more clarity and insight than in this powerful account Unabridged edition 3 vols in one Trotsky's History is a monumental work Studies in East European Thought Chronology glossary lists of principal persons parties and political groups index **Russia Under Stalin** Michael Gibson, 1972 Stalin on Lenin Joseph Stalin, 1939 *The Unknown Lenin* Vladimir Il'ich Lenin, 1996-01-01 Lenin the man the revolutionary and the world leader has remained an enigma part myth arising from the tumult of the Russian Revolution and part image carefully controlled for nearly seventy years by the leaders of the Soviet Union and their sympathizers abroad The Unknown Lenin containing long concealed documents from the Soviet archives helps correct the myth and revise the image Lenin emerges here as a ruthless manipulative leader who used terror subversion and persecution to achieve his goals **Foucault, Marxism and Critique** Barry Smart, 2013-01-11 In this work originally released in 1983 Barry Smart examines the relevance of Foucault's work for developing an understanding of those issues which lie beyond the limits of Marxist theory and analysis issues such as individualising forms of power power knowledge relations the rise of the social and the associated socialisation of politics He argues that there exist clear and substantial differences between Foucault's genealogical analysis and that of Marxist theory Smart thus presents Foucault's work as a new form of critical theory whose object is a critical analysis of rationalities and of how relations of power are rationalised **Russia Under the Hammer and Sickle** William Henry Danforth, 1927
