Russia Under The Bolshevik Regime 1919 1924

Peter Julicher

Russia Under The Bolshevik Regime 1919 1924:

Russia Under the Bolshevik Regime Richard Pipes, 1993 This is the final volume in Richard Pipes magisterial history of the Russian Revolution covering the period from the outbreak of the Civil War in 1918 to Lenin's death in 1924

Russia Under the Bolshevik Regime, 1919-1924 Richard Pipes, 1995 **The "Russian" Civil Wars, 1916-1926** Jonathan Smele, 2016-01-15 This volume offers a comprehensive and original analysis and reconceptualisation of the compendium of struggles that wracked the collapsing Tsarist empire and the emergent USSR profoundly affecting the history of the twentieth century Indeed the reverberations of those decade long wars echo to the present day not despite but because of the collapse of the Soviet Union which re opened many old wounds from the Baltic to the Caucasus Contemporary memorialising and de memorialising of these wars therefore form part of the book's focus but at its heart lie the struggles between various Russian political and military forces which sought to inherit and preserve or even expand the territory of the tsars overlain with examinations of the attempts of many non Russian national and religious groups to divide the former empire The reasons why some of the latter were successful Poland and Finland for example while others Ukraine Georgia and the Muslim Basmachi were not are as much the author's concern as are explanations as to why the chief victors of the Russian Civil Wars were the Bolsheviks Tellingly the work begins and ends with battles in Central Asia a theatre of the Russian Civil Wars that was closer to Mumbai than it was to Moscow

The Bolsheviks and Britain during the Russian Revolution and Civil War, 1917-24 Evgeny Sergeev, 2022-06-16 This book analyses the principal aspects of the relations between Soviet Russia USSR and Britain in the crucial phase of their formation namely the period from 1917 to 1924 Using previously unavailable and largely unknown archival records and memoirs published by statesmen diplomats and military commanders directly involved in the events Evgeny Sergeev not only reconstructs the dynamics of the interaction between Moscow and London but also strips its key episodes of common myths and stereotypes The most debatable issues to which this study draws its primary attention include Britain's role in the Entente armed intervention against the Bolshevik regime as well as a series of reciprocal attempts to avoid political controversies and London's contribution to humanitarian aid and the economic recovery of post revolutionary Russia Special consideration is also given to the impact of British diplomacy on the recognition of the USSR by other great powers like France Italy and Japan in the mid 1920s

European Communism Ronald Kowalski, 2017-09-16 The course of modern European History has been influenced greatly by the challenge of Communism In theory it promised equality and freedom for all In practice it spawned inegalitarian authoritarian and in some instances monstrous regimes in the former Soviet Union and East Europe This study re examines the history of European Communism from its theoretical origins in the work of Marx and Engels in the mid nineteenth century until the dramatic collapse of the Soviet Union in 1991 Ronald Kowalski reappraises Marx's thinking and points out that his intellectual legacy was open to a variety of interpretations often at odds with his own views Kowalski also questions Lenin's professed Marxist

credentials and the extent to which his additions to Marxist theory were central to the key issue in the history of Communism why did the egalitarian and libertarian dreams raised by the Russian Revolution degenerate into Stalinist authoritarianism and terror Furthermore why did Communism fail in West Europe while it was able to come to power in East Europe Concluding with an analysis of the revolutions which swept away the Communist regimes in East Europe and two years later in the Soviet Union itself this is an essential introduction to the history of a political force that dominated parts of Europe until the end of the twentieth century **A New Europe, 1918-1923** Bartosz Dziewanowski-Stefańczyk, Jay

Winter, 2022-03-03 This set of essays introduces readers to new historical research on the creation of the new order in East Central Europe in the period immediately following 1918 The book offers insights into the political diplomatic military economic and cultural conditions out of which the New Europe was born Experts from various countries take into account three perspectives They give equal attention to both the Western and Eastern fronts they recognise that on 11 November 1918 the War ended only on the Western front and violence continued in multiple forms over the next five years and they show how state building after 1918 in Central and Eastern Europe was marked by a mixture of innovation and instability Thus the volume focuses on three kinds of narratives those related to conflicts and violence those related to the recasting of civil life in new structures and institutions and those related to remembrance and representations of these years in the public sphere Taking a step towards writing a fully European history of the Great War and its aftermath the volume offers an original approach to this decisive period in 20th century European history *Mastering Twentieth-Century Russian History* Norman Lowe, 2020-08-29 Mastering Twentieth Century Russian History presents a vivid and informative account of the events which befell the Russian people during the course of the twentieth century Explores the major developments of the last century from the revolution of 1905 to the First and Second World Wars to the Cold War and the rise and fall of the USSR Examines key figures and their actions from Nicholas II Lenin Trotsky Stalin Khrushchev Brezhnev Gorbachev and Yeltsin to Putin Deals with events right up to 2000 enabling the Soviet experiment to be placed in context a decade after its collapse Incorporates the latest research from British American and Russian historians examining key controversies and debates Includes primary source material maps photographs posters and a full chronology of events This text is the ideal companion for anyone seeking a clear yet detailed introduction to the fascinating events of twentieth century Russian history

On Violence in History Philip Dwyer, Mark S. Micale, 2020-01-10 Is global violence on the decline Scholars argue that Harvard psychologist Steven Pinker's proposal that violence has declined dramatically over time is flawed This highly publicized argument that human violence across the world has been dramatically abating continues to influence discourse among academics and the general public alike In this provocative volume a cast of eminent historians interrogate Pinker's thesis by exposing the realities of violence throughout human history In doing so they reveal the history of human violence to be richer more thought provoking and considerably more complicated than Pinker claims From the introduction Not all of the

scholars included in this volume agree on everything but the overall verdict is that Pinker's thesis for all the stimulus it may have given to discussions around violence is seriously if not fatally flawed. The problems that come up time and again are the failure to genuinely engage with historical methodologies, the unquestioning use of dubious sources, the tendency to exaggerate the violence of the past in order to contrast it with the supposed peacefulness of the modern era, the creation of a number of straw men which Pinker then goes on to debunk, and its extraordinarily Western-centric, not to say Whiggish, view of the world. Complex historical questions as the essays in this volume clearly demonstrate cannot be answered with any degree of certainty and certainly not in a simplistic way. Our goal here is not to offer a final definitive verdict on Pinker's work; it is rather to initiate an ongoing process of assessment that in the future will incorporate as much of the history profession as possible.

The Secret History of Soviet Russia's Police State Martyn Whittock, 2020-07-23. Readable and thoughtful, it does an excellent job of exploring how the murderous political police in all its incarnations defined the Soviet Union and left a poisonous legacy still with us today. Professor Mark Galeotti, author of *The Vory* and *A Short History of Russia*, repression, control, manipulation, and elimination of enemies assisted in the establishment of the Soviet state and helped maintain it in power but could not in the end prevent its collapse. Citizens of the West have for the most part been told a very simplified story of the repressive totalitarian state that was the USSR. In fact, it was sustained by more than just policing and force. No amount of revisionist history can erase the reality of millions controlled, imprisoned, and killed, but there was much more to the USSR's one-party state than this. Whittock tells a more complex story of the combination of cruelty, co-operation, and compromise required to build and run a one-party state. Much of this is the story of the role played by the secret police in creating and sustaining such a form of government, but it is much more than simply a history of the secret police. This is because the police state which emerged in which dissent, both real and imaginary, was undoubtedly policed, threatened, and ruthlessly eliminated was more than just the product of the arrests, interrogations, executions, and imprisonments carried out by the secret police. The USSR was also made possible by a battle for hearts and minds which led millions of people to feel that they really had benefited from the system and had a stake in the new society.

Non-Democratic Regimes Paul Brooker, 2013-12-04. A comprehensive assessment of the nature and evolving character of authoritarian regimes, their changing character, and the main theoretical explanations of their incidence, character, and performance. The third edition covers the rise of new forms of disguised dictatorship and semi-competitive democracy in the 21st Century.

Historical Dictionary of the Russian Civil Wars, 1916-1926 Jonathan D. Smele, 2015-11-19. This book is a detailed reference of the twentieth-century struggles that were waged across and beyond the decaying Russian Empire at the end of the First World War as tsarism and democratic alternatives to it collapsed and the world's first Communist state, the Union of Soviet Socialist Republics, was born. At the same time, it is a necessary corrective to studies that have viewed events of the time as a unitary Russian Civil War that sprang from the Russian Revolution of 1917. Instead, it contributes to

the ongoing process of integrating the civil wars into a continuum of crises that wracked the Russian Empire and its would be successor states across a prolonged period The Historical Dictionary of the Russian Civil Wars 1916 1926 covers the history of this period through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has almost 2 000 cross referenced entries on individuals political and governmental institutions and political parties and military formations and concepts as well as religion art film propaganda uniforms and weaponry This book is an excellent access point for students researchers and anyone wanting to know more about the Russian Civil War The Soviet Elite from Lenin to Gorbachev Evan Mawdsley, Stephen White, 2000-03-09 This ground breaking book examines the Soviet ruling elite over the entire period of Communist rule It serves as a collective biography of nearly two thousand people who served on the Communist Party's Central Committee from 1917 to 1991 The book is based on archival research only available after the collapse of communism and extensive interviews with former Central Committee members *Plato's Dreams Realized* Aleksandr Vladimirovich Avakov, 2006 In this study of the philosophical and political nature of law morality rights and security a Russian dissident shares his experience with the KGB and then with the US national security state and details the history of political surveillance in the US States of Obligation Yanni Kotsonis, 2014-01-01 Beginning in the 1860s the Russian Empire replaced a poll tax system that originated with Peter the Great with a modern system of income and excise taxes Russia began a transformation of state fiscal power that was also underway across Western Europe and North America States of Obligation is the first sustained study of the Russian taxation system the first to study its European and transatlantic context and the first to expose the essential continuities between the fiscal practices of the Russian Empire and the Soviet Union Using a wealth of materials from provincial and local archives across Russia Yanni Kotsonis examines how taxation was simultaneously a revenue raising and a state building tool a claim on the person and a way to produce a new kind of citizenship During successive political wartime and revolutionary crises between 1855 and 1928 state fiscal power was used to forge social and financial unity and fairness and a direct relationship with individual Russians State power eventually overwhelmed both the private sector economy and the fragile realm of personal privacy States of Obligation is at once a study in Russian economic history and a reflection on the modern state and the modern citizen *Nestor Makhno and Rural Anarchism in Ukraine, 1917-1921* Colin Darch, 2020-09-20 Histories of the Russian Revolution often present the Bolshevik seizure of power in 1917 as the central event neglecting the diverse struggles of urban and rural revolutionaries across the heartlands of the Russian Empire This book takes as its subject one such struggle the anarcho communist peasant revolt led by Nestor Makhno in left bank Ukraine locating it in the context of the final collapse of the Empire that began in 1914 Between 1917 and 1921 the Makhnovists fought German and Austrian invaders reactionary monarchist forces Ukrainian nationalists and sometimes the Bolsheviks themselves Drawing upon anarchist ideology the Makhnovists gathered widespread support amongst the Ukrainian peasantry taking up arms when under attack and playing a significant role in

temporary alliance with the Red Army in the defeats of the White Generals Denikin and Wrangel The Makhnovist movement is often dismissed as a kulak revolt or a manifestation of Ukrainian nationalism here Colin Darch analyses its successes and its failures emphasising its revolutionary character Over 100 years after the revolutions this book reveals a lesser known side of 1917 contributing both to histories of the period and broadening the narrative of 1917 whilst enriching the lineage of anarchist history

Lenin Beryl Williams,2014-06-17 Drawing on the flood of new material to emerge from Russian and Western sources in recent years Beryl Williams focuses on Lenin's years in power and provides first rate introduction to the life ideology and impact of one of the formative figures of the 20th century Within an overall chronological framework Williams examines topics such as cultural revolution foreign policy and expansion As well as being an examination of Lenin's life and work this is an up to date evaluation of recent historiographical debates and literature in the context of the period

Revolutionary Europe Gavin Murray-Miller,2020-02-06 CHOICE Outstanding Academic Title 2021 Revolutionary Europe is an original examination of radical political movements during Europe's long 19th century It employs both national and transnational contexts incorporating new debates in Atlantic history empire studies and cultural history to give a comprehensive narrative of the period from 1775 to 1922 Rather than assessing revolution as a purely theoretical socially driven force or a structural phenomenon the book presents revolution as a process of community building and cultural identification born from instances of acute social and political crisis Taking into account various moments of political upheaval during the 19th century including the French Russian and 1848 revolutions it explores the ways in which political actors attempted to construct new definitions of sovereignty and social unity in a period characterized by vast social economic and governmental change In a wide ranging text that covers Britain and much of continental Europe in detail as well as reaching out to the Americas and Atlantic and Mediterranean Worlds Gavin Murray Miller provides an authoritative transnational study of revolution in the 19th century age of high nationalism

Europeans Åke Daun,Sören Jansson,2012-01-02 Social scientists a rehabilitation researcher a folklorist a political commentator and other contributors survey some of the differences in European culture and discuss the complex topic of national identity in Europe This volume forms a fascinating mosaic of European diversity revealing idiosyncrasies such as that it is rude to interrupt in Sweden that acting normal is quite silly enough in the Netherlands how Poles banter about heroes how Icelandic national identity fits into a Nordic and international context why reunified Germany is one country and two cultures and whether there is such a thing as a Belgian national identity

"Enemies of the People" Under the Soviets Peter Julicher,2015-03-27 The Soviet era was a time of social and economic upheaval in Russia's history as the Bolsheviks strove to build a socialist utopia based on the theories of Karl Marx Central to this endeavor was the 25 year dictatorship of Josef Stalin whose determination to make the Soviet Union a dominant industrial and military power created misery on a grand scale and caused the deaths of millions of people Stalin arbitrarily invoked the specter of enemies of the people to destroy anyone who opposed the new socialist order

Millions of Soviet citizens were executed in continuous purges and millions more perished in the slave labor camps of the Gulag. This book describes the fate of those citizens who were declared enemies of the people not because of what they had done but because of who they were. Stalin's repression not only destroyed the best and brightest, it prevented the development of a civil society in the Soviet Union which would have promoted economic justice, the rule of law, and basic human rights for all.

Borderland Anna Reid, 2023-02-07. A beautifully written evocation of Ukraine's brutal past and its shaky efforts to construct a better future. *Financial Times*. *Borderland* tells the story of Ukraine. A thousand years ago it was the center of the first great Slav civilization, Kievan Rus. In 1240 the Mongols invaded from the east, and for the next seven centuries Ukraine was split between warring neighbors: Lithuanians, Poles, Russians, Austrians, and Tatars. Again and again, *borderland* turned into battlefield during the Cossack risings of the seventeenth century, Russia's wars with Sweden in the eighteenth, the Civil War of 1918-1920, and under Nazi occupation. Ukraine finally won independence in 1991 with the collapse of the Soviet Union. Bigger than France and as populous as Britain, it has the potential to become one of the most powerful states in Europe. In this finely written and penetrating book, Anna Reid combines research and her own experiences to chart Ukraine's tragic past. Talking to peasants and politicians, rabbis and racketeers, dissidents and paramilitaries, survivors of Stalin's famine and of Nazi labor camps, she reveals the layers of myth and propaganda that wrap this divided land. From the Polish churches of Lviv to the coal mines of the Russian-speaking Donbass, from the Galician *shtetlekh* to the Tatar shantytowns of Crimea, the book explores Ukraine's struggle to build itself a national identity and identity that faces up to a bloody past and embraces all the peoples within its borders.

Recognizing the mannerism ways to acquire this ebook **Russia Under The Bolshevik Regime 1919 1924** is additionally useful. You have remained in right site to begin getting this info. acquire the Russia Under The Bolshevik Regime 1919 1924 member that we offer here and check out the link.

Russia Under The Bolshevik Regime 1919 1924 Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Russia Under The Bolshevik Regime 1919 1924 PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge

promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Russia Under The Bolshevik Regime 1919 1924 PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Russia Under The Bolshevik Regime 1919 1924 free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Russia Under The Bolshevik Regime 1919 1924 Books

1. Where can I buy Russia Under The Bolshevik Regime 1919 1924 books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
