*Virginia Woolf's Portraits of Russian Writers* Darya Protopopova, 2019-02-05

Virginia Woolf always stayed ahead of her time. Championing gender equality when women could not vote, publishing authors from Pakistan, France, Austria, and other parts of the world while nationalism in Britain was on the rise, and befriending outcasts and social pariahs. As such, what could have possibly interested her in the works of nineteenth-century Russian writers, austere and at times misogynistic thinkers preoccupied with peasants, priests, and paroxysms of the soul? This study explains the chronological and cultural paradox of how classic Russian fiction became crucial to Woolf's vision of British modernism. We follow Woolf as she begins to learn Russian, invents a character for a story by Dostoevsky, ponders over Sophia Tolstoy's suicide note, and proclaims Chekhov a truly modern writer. The book also examines British modernists' fascination with Russian art, looking at parallels between Roger Fry's articles on Russian Post-Impressionists and Woolf's essays on Chekhov.

Dostoevsky Tolstoy and Turgenev      *Russian Writers on Translation* Brian James Baer, Natalia Olshanskaya, 2014-07-16

Since the early eighteenth century following Peter the Great's policy of forced westernization translation in Russia has been a very visible and much discussed practice Generally perceived as an important service to the state and the nation translation was also viewed as a high art leading many Russian poets and writers to engage in literary translation in a serious and sustained manner As a result translations were generally regarded as an integral part of an author's oeuvre and of Russian literature as a whole This volume brings together Russian writings on translation from the mid 18th century until today and presents them in chronological order providing valuable insights into the theory and practice of translation in Russia Authored by some of Russia's leading writers such as Aleksandr Pushkin Fedor Dostoevskii Lev Tolstoi Maksim Gorkii and Anna Akhmatova many of these texts are translated into English for the first time They are accompanied by extensive annotation and biographical sketches of the authors and reveal Russian translation discourse to be a sophisticated and often politicized exploration of Russian national identity as well as the nature of the modern subject *Russian Writers on Translation* fills a persistent gap in the literature on alternative translation traditions highlighting the vibrant and intense culture of translation on Europe's periphery Viewed in a broad cultural context the selected texts reflect a nuanced understanding of the Russian response to world literature and highlight the attempts of Russian writers to promote Russia as an all inclusive cultural model

Essays on Russian Novelists William Lyon Phelps, 2016-10-17 From the beginning of the first essay RUSSIAN NATIONAL CHARACTER AS SHOWN IN RUSSIAN FICTION The Japanese war pricked one of the biggest bubbles in history and left Russia in a profoundly humiliating situation Her navy was practically destroyed her armies soundly beaten her offensive power temporarily reduced to zero her treasury exhausted her pride laid in the dust If the greatness of a nation consisted in the number and size of its battleships in the capacity of its fighting men or in its financial prosperity Russia would be an object of pity But in America it is wholesome to remember that the real greatness of a nation consists in none of these things but rather in its intellectual splendour in the number and importance of the ideas it gives to the world in its contributions to literature and art and to all things that count in humanity's intellectual advance When we Americans swell with pride over our industrial prosperity we might profitably reflect for a moment on the comparative value of America's and Russia's contributions to literature and music At the start we notice a rather curious fact which sharply differentiates Russian literature from the literature of England France Spain Italy and even from that of Germany Russia is old her literature is new Russian history goes back to the ninth century Russian literature so far as it interests the world begins in the nineteenth Russian literature and American literature are twins But there is this strong contrast caused partly by the difference in the age of the two nations In the early years of the nineteenth century American literature sounds like a child learning to talk and then aping its elders Russian literature is the voice of a giant waking from a long sleep and becoming articulate It is as though the world had watched this giant's deep slumber for a long time wondering what he would say when he awakened

And what he has said has been well worth the thousand years of waiting To an educated native Slav or to a professor of the Russian language twenty or thirty Russian authors would no doubt seem important but the general foreign reading public is quite properly mainly interested in only five standard writers although contemporary novelists like Gorki Artsybashev Andreev and others are at this moment deservedly attracting wide attention The great five whose place in the world's literature seems absolutely secure are Pushkin Gogol Turgenev Dostoevsky and Tolstoy The man who killed Pushkin in a duel survived till 1895 and Tolstoy died in 1910 These figures show in how short a time Russian literature has had its origin development and full fruition

*7 best short stories - Russian Authors* Leo Tolstoy, Leonid Andreyev, Maxim Gorky, Fyodor Dostoevsky, Anton Chekhov, Alexander Pushkin, Nikolai Gogol, August Nemo, 2020-05-12

Conceive the joy of a lover of nature who leaving the art galleries wanders out among the trees and wild flowers and birds that the pictures of the galleries have sentimentalised It is some such joy that the man who truly loves the noblest in letters feels when tasting for the first time the simple delights of Russian literature French and English and German authors too occasionally offer works of lofty simple naturalness but the very keynote to the whole of Russian literature is simplicity naturalness veraciousness Critic August Nemo selected seven short stories from authors who bring all the richness and quality of Russian literature The Nose by Nikolai Gogol The Queen of Spades by Alexander Pushkin God Sees The Truth But Waits by Leo Tolstoy The Bet by Anton Chekhov The Christmas Tree And The Wedding by Fyodor Dostoyevsky One Autumn Night by Maxim Gorky Lazarus by Leonid Andreyev For more books with interesting themes be sure to check the other books in this collection
