

Russian Political Institutions

Russian Political Institutions

Neil Robinson

Russian Political Institutions:

Russian Political Institutions Maksim Kovalevski, 1966 *Russian Political Institutions* Derek J. R. Scott, 2024-02-29 First published in 1958 *Russian Political Institutions* is intended primarily to meet the need of university students for a good account of the political institutions of the Soviet Union in terms similar to those used in their study of other countries Though the unique comprehensiveness of the Soviet state's concerns to which the book draws attention precludes a formally comparative approach the ways in which its business is done can be explained as elsewhere by the country's circumstances and historical experience The first chapter indicates something of these circumstances and experience and of the motives of the Soviet state The second explains the way the distinctive institutional form of the Soviet state came into being and the process by which it assumed some of the conventional state machinery The third examines this conventional state and its unconventional functions in a Russian Communist setting The fourth concerns the structure and operation of the complex device called the Party The fifth in turn examines the means evolved for the fulfillment of the state's main task the management of the fully nationalized economy as a single concern and the other main systems of control including the judicial system The sixth chapter suggests briefly how priorities of tasks are decided upon obligations determined and their performance secured This is a must read for students and scholars of Russian history and Soviet politics **Russian**

Political Institutions Maxime Kovalevsky, 2015-08-09 Excerpt from *Russian Political Institutions* The Growth and Development of These Institutions From the Beginnings of Russian History to the Present Time Some time ago meeting occasionally with Professor Bryce author of *The American Commonwealth* I heard him say he was astonished not to see the appearance of a book on the history and present state of political institutions in Russia Of course Englishmen have the excellent work of Mackenzie Wallace rich in personal information collected by that author during a long stay in Russia and the French the profound and pleasantly written treatise of A Leroy Beaulieu *The Empire of the Czars* But neither of these authors has seen fit to call the attention of the public to the special question of the evolution of the Russian political regime I was obliged therefore to share in Professor Bryce's astonishment and even to take his remark as an indirect hint for me to supply the lack in sources of information for Europeans on this subject by a short sketch of Russia's institutional development There are of course in the Russian language several excellent treatises written to serve this purpose but even the best of them the works of Professor Gradovsky and of Professor Korkounov are quite too voluminous to be translated into a foreign tongue and if they were translated too technical to be well understood by the general reader Furthermore these books fail to cover the whole field of investigation into the origin of Russian institutions And though Russian legal historians have treated this last subject at length in many valuable and suggestive monographs these are too highly specialized for the foreign reader About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art

technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Russian Political Institutions* Maksim Maksimovich Kovalevskiĭ,1902 **Russian**

Presidential Power in Russia Eugene Huskey,2016-09-16 This is the first major assessment of the role of the presidency in Russia s difficult transition from communist rule Huskey analyzes the establishment and functioning of the Russian presidency as an institution and in relation to the other leading institutions of state the government parliament courts and regional authorities Although this is not a biography of the first president Boris Yeltsin his allies and his rivals loom large in the study of a critical phase in the creation of a new Russian political system Russian Politics Zoltan D. Barany,Robert G. Moser,2001-08-27 What went wrong in Russia s decade old post communist transition A group of leading young scholars answer this question by offering assessments of five crucial political arenas during the Yeltsin era elections executive legislative relations interactions between the central state and the regions economic reforms and civil military relations All of the contributors recognize that adverse historical legacies have complicated Russian democratization They challenge structural explanations that emphasize constraints of the pre existing system however and concentrate instead on the importance of elite decisions and institution building The authors agree that elites failure to develop robust political institutions has been a central problem of Russia s post communist transition The weakness of the state and its institutions has contributed to a number of serious problems threatening democratic consolidation These include the tensions between the executive and the legislature the frail infrastructure for successful market reform and the absence of proper civilian control over the armed forces **Building The Russian State** Valerie Sperling,2018-02-13 Has the Russian state managed to lay the institutional groundwork for long term stability and democratic governance In Building the Russian State Valerie

Sperling assembles a group of cutting edge scholars to critically assess the crises in Russia's transitional institutions Part I of the book shows that Russia's political elites are less focused on serving public interests than on enriching themselves and examines how these elites are ruling Russia Part II focuses on the growth of organized crime the decay of the military the precariousness of the Russian Federation the weakness of the labor movement the corruption of the courts the challenges facing international reformers and the authoritarianism of the super presidential political system By focusing on the challenges failures and occasional successes of the Russian political system this volume offers upper level undergraduates and other scholars valuable insight into post Soviet politics state building and transitions to democracy

Institutions, Ideas and Leadership in Russian Politics Julie Newton, William Tompson, 2010-06-23 A stimulating and thought provoking collection that challenges some of the emerging conventional wisdom about contemporary Russia It examines the role of leadership institutions and ideas and the interactions among them in shaping Russia's post Soviet transformation

Russian Political Institutions Maksim M. Kovalevski, 1981-06-01 **Absolutism and Ruling Class** John P. LeDonne, 1991 This is the first comprehensive examination of the Russian ruling elite and its political institutions during an important period of state building from the emergence of Russia on the stage of world politics around 1700 to the consolidation of its position after the victory over Napoleon Instead of focusing on the great rulers of the period Peter Catherine and Alexander the work examines the nobility which alone could make their power effective LeDonne not only gives a full chronological account of the development of bureaucratic military economic and political institutions in Russia during this period but also skillfully analyzes the ways in which local agencies and the ruling class exercised control and shared power with the absolute monarchs

Russian Politics Today Susanne A. Wengle, 2022-10-27 Russian Politics Today Stability and Fragility provides an accessible and nuanced introduction to contemporary Russian politics at a time of increasing uncertainty Using the theme of stability versus fragility as its overarching framework this innovative textbook explores the forces that shape Russia's politics economy and society The volume provides up to date coverage of core themes Russia's strong presidency its weak party system the role of civil society and its dependence on oil and gas revenues alongside path breaking chapters on the politics of race class gender sexuality and the environment An international and diverse team of experts presents the most comprehensive available account of the evolution of Russian politics in the post Soviet era providing the tools for interpreting the past and the present while also offering a template for understanding future developments

New Trends in Russian Political Mentality Elena Shestopal, 2015-12-17 This book examines recent political and psychological changes in Russian society during Vladimir Putin's third term Instability in 2011 2012 and new domestic and international contexts make this a unique period in the post Soviet political history of Russia This volume focuses on popular perceptions of Russian politics during a new electoral cycle in particular views of political power institutions and leaders The contributors to this collection describe and interpret recent political trends in Russian society by utilizing unique methodologies used for over twenty years

allowing results to be compared over time **Russian Government and Politics** Eric Shiraev, 2025-02-20 This new edition covers everything students need to know about the key institutions people parties and policies in Russian government and politics as well as covering political behaviour participation and communication Revised to offer coverage and analysis of recent events this new edition offers Discussion of new developments related to the war in Ukraine and its consequences geopolitical political economic social psychological etc for Russia Europe Eurasia and the world Expanded critical discussion of the Russian political system and its pivot toward authoritarianism Detailed discussion of social and cultural issues and their interaction with politics to further underline the role of individual personalities and the political impact of informal political and business arrangements in Russia New research and statistical updates including opinion polls expert opinions and other sources relevant to Russian government and politics This is the ideal text for upper level undergraduate and postgraduate students studying Russian politics or comparative government and politics more broadly *The Soldier in Russian Politics 1988-1996* Robert V. Barylski, **Russian Politics Under Putin** Cameron Ross, 2004-08-21 In March 2000 Vladimir Putin was elected President of the Russian Federation the largest country in the world In the space of just a few years Putin s radical reforms in the areas of domestic and foreign policy have made a major impact on Russian politics and society and we have witnessed a new orientation in Russia s external relations with the West But is Putin an authoritarian or a democrat Does his presidency signal a break with Russia s past or is he just another autocratic czar in modern clothing This is a lively comprehensive and highly accessible account of contemporary Russian politics There are fifteen chapters covering such key areas as leadership and regime change political parties and democratization economy and society regional politics the war in Chechnya and Russian foreign policy **The Soldier in Russian Politics, 1985-96** Robert Barylski, 2018-04-17 If Russia is to become a viable democracy it will need a viable state to make and enforce decisions that nurture societal cohesion and sustain complex economic activity Armed forces are essential attributes of viable modern states but what happens when states undergo major structural changes What was the military s contribution to the end of the Soviet Union and the rise of post Soviet Russia *The Soldier in Russian Politics* is the first study to go beyond familiar accounts of the main events that brought down the Soviet state and began its reconstruction It captures the interplay between soldier and civilian politicians in a major political history based on solid political sociological analysis Barylski uses the study of civil military relations to explore new political and intellectual conditions and explain the historic relationship between changes in Western models of Russian reality and political change in the former Soviet Union Examining the military s participation in every major twentieth century political change from 1917 to 1991 Barylski demonstrates that every deep political transformation in Russia has military dimensions Barylski discusses how the Russian presidency s power to command and control the military without legislative checks and balances led to armed conflict with Parliament in October 1993 and to the Chechen war of 1994 1996 and is unhealthy for long term democratic development Barylski analyzes ministers of defense

Yazov Shaposhnikov Grachev and Rodionov as political actors traces the careers of ambitious political soldiers such as Aleksandr Lebed and Aleksandr Rutskoi and describes the military's growing political alienation from the Yeltsin administration His final chapters cover the presidential elections the short lived Yeltsin Lebed political alliance the tensions associated with Yeltsin's ailments and Yeltsin's efforts to rebuild his personal power political effectiveness The Soldier in Russian Politics presents political history in an incisive and objective manner It applauds the progressive officers soldiers and politicians where decisions minimized bloodshed and prevented civil war But it also warns that civilian and military leaders can make mistakes which cause political institutional failure violence and dictatorship This book will interest political scientists political sociologists students of Russian and soviet politics and all military historians and professionals

Contemporary Russian Politics Neil Robinson, 2019-04-16 Vladimir Putin's return to the Kremlin for a fourth presidential term in 2018 has seen Russian democracy weaken further and Russia's relations with the West deteriorate seriously Yet within Russia Putin's position remains unchallenged and his foreign policy battles have received widespread public support But is Putin as safe as his approval ratings lead us to believe And how secure is the regime that he heads In this new book Neil Robinson places contemporary Russian politics in historical perspective to argue that Putin's regime has not overcome the problems that underpinned the momentous changes in twentieth century Russian history when the country veered from tsarism to Soviet rule to post communist chaos The first part of the book outlining why crises have been perennial problems for Russia is followed by an exploration of contemporary Russian political institutions and policy to show how Putin has stabilised Russian politics But while Putin's achievements as a politician have been considerable in strengthening his personal position they have not dealt successfully with the enduring problem of the Russian state's functionality Like other Russian rulers Putin has been much better at establishing a political system that supports his rule than he has at building up a state that can deliver material wealth and protection to the Russian people As a result Robinson argues Russia has been and remains vulnerable to political crisis and regime change

Democratization in Russia: The Development of Legislative Institutions Jeffrey W. Hahn, 2016-09-16 The development of Russian democracy has been a gradual process of maturation punctuated by dramatic events This text examines events such as the first free elections the Russian parliament's resistance to the 1991 coup and the bloody confrontation with the military in 1993
